

To appropriate the Underground Waters of the State of Oregon

I, Pine Products Corp. (Name of applicant)
of Prineville, Oregon (Postoffice), county of Crook,
state of Oregon, do hereby make application for a permit to appropriate
the following described underground waters of the state of Oregon, subject to existing rights:

If the applicant is a corporation, give date and place of incorporation Aug. 17, 1937
Prineville, Oregon

1. Give name of nearest stream to which the well, tunnel or other source of water development
is situated McKay Creek (Name of stream)
tributary of Crooked River

2. The amount of water which the applicant intends to apply to beneficial use is ---
cubic feet per second, for the irrigation of --- acres. 6" well casing artesian
flow of about 2 1/2" pipe

3. The place where the water is to be pumped or developed is located ---
About 800 ft. N & 500 ft. West of S.E. corner of Sec. 23, T. 14 S., R. 15 E.
(Give distance and bearing from section corner)

being within the SE 1/4 of SE 1/4 of Sec. 23, Twp. 14 S., R. 15 E.,
W. M., in the county of Crook

4. The --- (Canal or pipe line) to be --- miles
in length, terminating in the --- of Sec. ---, Twp. ---,
(Smallest legal subdivision)
R. ---, W. M., the proposed location being shown throughout on the accompanying map.

5. The name of the well or other works is ---

DESCRIPTION OF WORKS

6. If the flow to be utilized is artesian, the works to be used for the control and conservation of
the supply when not in use must be described.
Water is used for sawmill boilers and drinking water. Has automatic control so
that only the necessary water is used.

7. The development will consist of Two wells (Give number of wells, tunnels, etc.)
having a
diameter of 6 inches and an estimated depth of 240 feet.

8. A description of the pipe lines, canals or other distributing works is as follows: Diameter of pipe ---, length ---, kind --- (Wood, cast iron, wrought, concrete) Difference in elevation between ground surface at well and discharge end of pipe, --- feet. If canal used in addition to pipe, give description. Width on top (at water line) --- feet; width on bottom --- feet; depth of water --- feet; grade --- feet fall per 1,000 feet.

9. If pumps are to be used, give size and type ---

Give capacity and type of motor or engine to be used ---

10. If the location of the well, tunnel, or other development work is less than one-fourth mile from a natural stream or stream channel, give the distance to the nearest point on each of such channels and the difference in elevation between the stream bed and the ground surface at the source of development ---

11. The land to be irrigated has a total area of --- acres, located in each smallest legal subdivision, as follows: Place of use in SE¹ SE¹, Sec. 23, T. 14 S., R. 15 E.

12. Estimated cost of proposed works, \$ 800

13. Development work will begin on or before one well completed

14. Development work will be completed on or before ---

15. The water will be completely applied to the proposed use on or before --- has been applied

Duplicate maps of the proposed system, prepared in accordance with the rules of the State Engineer, accompany this application.

Remarks: ---

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction or completion, as follows:

quantity of water, location of wells, location of place of use, map and Items 12, 13, 14 and 15

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before August 5, 1941.

WITNESS my hand this 5th day of July, 1941.

CHAS. E. STRICKLIN
RE STATE ENGINEER.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: This appropriation shall be limited to one-eighth of one cubic foot per second, or its equivalent, for each acre irrigated, and shall be subject to such reasonable rotation system as may be ordered by the proper State officer. The right herein granted is limited to the appropriation of 1.0 second-foot of water from two wells located in the SE¹/₄ SE¹/₄, Section 23, T. 14 S., R. 15 E., W. M., for sawmill boilers and domestic use.

The amount of water appropriated shall be limited to the amount which can be applied to beneficial use and not to exceed 1.0 cubic feet per second, or its equivalent in case of rotation. The priority date of this permit is September 19, 1941.

Actual construction work shall begin on or before January 30, 1943 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1943.

Complete application of the water to the proposed use shall be made on or before October 1, 1944.

Witness my hand this 30th day of January, 1942.

CHAS. E. STRICKLIN
STATE ENGINEER.

Permits for power development are subject to the limitation of franchise as provided in Section 5728, Oregon Laws, and the payment of annual fees as provided in Section 5803, Oregon Laws.
