APPLICATION FOR A PERMIT

To Appropriate the Underground Waters of the State of Oregon

	K, We, William	Pollman and William Wendt (Name of applicant)
of	Baker	, county of Baker ,,
state	of Oregon	, do hereby make application for a permit to appropriate
		derground waters of the state of Oregon, subject to existing rights:
		a corporation, give date and place of incorporation
		a corporation, give water and place of theorperation
		nearest stream to which the well, tunnel or other source of water development
is situ	ated Baldock Sl	Oughs (Name of stream)
		tributary of Powder River
		f water which the applicant intends to apply to beneficial use is Iwo.
cubic	feet per second, for	the irrigation of44 acres. This amount to be used only
part	of the time. 3. The place whe	re the water is to be pumped or developed is located
N.		2001 ft. from the East one quarter corner of Sec. 16, T. 9 S., F
		(Give distance and bearing from section corner)
<u>40</u>	<u> Б W . М </u>	
being	within the	SW_NE_2 of Sec. 16 , Twp. 9S , R. 40E ,
W. M.	, in the county of	Baker
	4. Theca	nal to be one-half miles (Canal or pipe line)
in len		the SE1 of the NE1 of Sec. 16 , Twp. 9.S , (Smallest legal subdivision)
		proposed location being shown throughout on the accompanying map.
		ne well or other works is Pollman-Wendt Well
		DESCRIPTION OF WORKS
the su	6. If the flow to b	e utilized is artesian, the works to be used for the control and conservation of must be described.
	The artesian p	ortion of the flow to be controlled by a cut-off valve at
the	top of the casin	g which will be sealed into the impervious stratum lying
	n the enterior w	ater-bearing stratum.
ove	r the artestan w	
ove		nt will consist of l well having a
	7. The developme	nt will consist ofl well having a

Deep well turbine Give capacity and type of motor or engine to be used Electric motor 10. If the location of the well, tunnel, or other development work is less than one-fourth mile rom a natural stream or stream channel, give the distance to the nearest point on each of such channels and the difference in elevation between the stream bed and the ground surface at the source of evelopment. The old channel of Baldock Slough, which is practically abandoned at the present time, is fifty feet distant from the well and five feet lower than the ground surface at the well. 11. The land to be irrigated has a total area of 44 acres, located in each smallest legal abdivision, as follows: Swi of the NEW 11 acres and SEI of the NEW 35 acres, all in Sec. 16, Twp. 9 S., R. 40 E.fW.M. 12. Estimated cost of proposed works, \$.5,000.90 13. Development work will begin on or before August 1st, 1929 14. Development work will be completed on or before January 1st, 1930 15. The water will be completely applied to the proposed use on or before Aug. 1, 1932 Duplicate maps of the proposed system, prepared in accordance with the rules of the State ingineer, accompany this application. When Wendt (Name of applicant) The Pollman Signed in the presence of us as witnesses: 1) Jess Edwards Enker, Oregon (Address of vincen)	· · · · · · · · · · · · · · · · · · ·	er distributing works is as follows: Diameter of
net. If canal used in addition to pipe, give description. Width on top (at water line)four set; width on bottom three	pipe No pipe , length	, kind (Wood, cast iron, wrought, concrete)
set; width on bottom three. feet; depth of water One. feet; grade Varying feet all per 1,000 feet. 9. If pumps are to be used, give size and type Deep well turbine Give capacity and type of motor or engine to be used Electric motor 10. If the location of the well, tunnel, or other development work is less than one-fourth mile rom a natural stream or stream channel, give the distance to the nearest point on each of such channels and the difference in elevation between the stream bed and the ground surface at the source of evelopment The old channel of Ealdock Slough, which is practically abandoned at the property of the surface at the well. 11. The land to be irriguted has a total area of .44 acres, located in each smallest legal ubdivision, as follows: Std. of the NE 11 scres and SE of the NE 55 acres, all in Sec. 16, 17p. 9 S., R. 40 S., W.M. 12. Estimated cost of proposed works, \$.2,000,00 13. Development work will be completed on or before August 1st, 1929 14. Development work will be completed on or before January 1st, 1930 15. The water will be completely applied to the proposed use on or before Aug. 1, 1952 Duplicate maps of the proposed system, prepared in accordance with the rules of the State ingineer, accompany this application. Kim. Wendt Channel of State witness Signed in the presence of us as witnesses: 1) Jees Edwards Baker, Oreson (Admins of supplication) Remarks: This application is made in accordance with the second sentence in Section 4, Chapter 410, Oregon Lawe of 1927. This application has been tentatively completed on Dec. 1, 1923 but dei Information as to the capacity of the well and therefore of the area which may be ir-		
Deep well turbine Give capacity and type of motor or engine to be used Electric motor 10. If the location of the well, tunnel, or other development work is less than one-fourth mile rom a natural stream or stream channel, give the distance to the nearest point on each of such sharnels in the difference in elevation between the stream bed and the ground surface at the source of evelopment.
