To Appropriate the Underground Waters of the State of Oregon

I, City of Elgin, a municipal corporation,
(Name of applicant)
of Elgin
(Postoffice), county of Union
state of Oregon, do hereby make application for a permit to appropriate the following described underground waters of the state of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation 1891

1. Give name of nearest stream to which the well, tunnel or other source of water development is situated Grande Ronde River
(Name of stream)

Snake River
tributary of

2. The amount of water which the applicant intends to apply to beneficial use is Five cubic feet per second.

3. The use to which the water is to be applied is Municipal Water Supply

4. The place where the water is to be pumped or developed is located: Well # 1:-- 3237.5 feet N 46 deg. 54' E from SW Corner of SE 1/4, Sec. 15, T. 1 N. R. 39 E. W. M.
Well #2: -- 1171.8 feet S. 87 deg. 25' E from SW Corner of SE 1/4, Sec. 15, T. 1 N. R. 39 E. W. M.
(Give distance and bearing from section corner)
Well #1 being within the NE 1/4 of SE 1/4 of said Section, and Well #2

being within the NW 1/4 of the NE 1/4 of Sec. 22, Twp. 1N, R. 39E, W. M., in the county of Union

5. The pipe lines now supply water to inhabitants to be in Secs. 14, 15 and 22 miles ~~in length, terminating in the~~ in xxx of Sec xxx, Twp. 1N, R. 39 E, W. M., the proposed location being shown throughout on the accompanying map.
(Canal or pipe line)
(Smallest legal subdivision)

6. The name of the well or other works is Elgin Waterworks

DESCRIPTION OF WORKS

7. If the flow to be utilized is artesian, the works to be used for the control and conservation of the supply when not in use must be described.

Wells are artesian and are capped with pumps attached to force water into a reservoir to serve the city with pressure of about 150 feet.

8. The development will consist of Three Wells having a diameter of 18 inches and an estimated depth of 1,000 feet.
(Give number of wells, tunnels, etc.)

Two wells are now constructed and a third one will be constructed when the necessity arises. Location of the third well has not been decided.

CANAL SYSTEM OR PIPE LINE—

9. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(b) At miles from headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(c) Length of pipe, covers city ft.; size at intake, 12 in.; in size at ft. from intake in.; size at place of use 1 to 6 in.; difference in elevation between intake and place of use, level ft. Is grade uniform? Yes Estimated capacity, 5 sec. ft.

10. If pumps are to be used, give size and type

Give capacity and type of motor or engine to be used
About 600 feet to Grande Ronde River from Well " 1. Bed of river is about 10 feet below surface of earth.

11. If the location of the well, tunnel, or other development work is less than one-fourth mile from a natural stream or stream channel, give the distance to be the nearest point on each of such channels and the difference in elevation between the stream bed and the ground surface at the source of development

12. Location of area to be irrigated, or place of use

Township	Range	Section	Forty-acre Tract	Number Acres to Be Irrigated
1 N	39 E	14, 15 and 22		Municipal use

(If more space required, attach separate sheet)

(a) Character of soil

(b) Kind of crops raised

MUNICIPAL SUPPLY—

13. (a) To supply the city of Elgin

Union county, having a present population of 1200

(Name of) and an estimated population of 2000 in 1960.

- 14. Estimated cost of proposed works, \$.....25,000.00.....
- 15. Construction work will begin on or beforecompleted for two wells; Third well to be constructed when necessary.
- 16. Construction work will be completed on or before
- 17. The water will be completely applied to the proposed use on or beforealready in use

PERMIT

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 5.0 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from two wells

The use to which this water is to be applied is municipal

If for irrigation, this appropriation shall be limited to - - - of one cubic foot per second

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer. Wells shall be so cased as to prevent loss of underground water.

The priority date of this permit is August 8, 1949

Actual construction work shall begin on or before March 15, 1951 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1952

Complete application of the water to the proposed use shall be made on or before October 1, 1953

WITNESS my hand this 15th day of March, 1950.

CHAS. E. STRICKLIN
STATE ENGINEER
