STATE OF OREGON, } ss.
County of Marion,

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for _____

In order to retain its priority, this application must _____ turned to the State Engineer, with corrections on or before _____, 19__

WITNESS my hand this _____ day of _____, 19__

STATE ENGINEER

...has examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions:

...is limited to the amount of water which can be applied to beneficial use and ... cubic feet per second measured at the point of diversion from the well or ... or its equivalent in case of rotation with other water users, from Three Wells

The use to which this water is to be applied is Irrigation (Supplemental)

If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 3 acre feet per acre for each acre irrigated during the irrigation season of each year; provided further that the amount of water allowed herein, together with the amount secured under any other right existing for the same lands shall not exceed the limitation allowed herein,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be so cased as to prevent the loss of underground water.

The priority date of this permit is May 29, 1950

Actual construction work shall begin on or before June 30, 1953 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1954

Complete application of the water to the proposed use shall be made on or before October 1, 1955

WITNESS my hand this 30th day of June, 19 52

Chas. E. Stricklin
STATE ENGINEER
