THE RIGHTS and the following limitations and conditions:

I have examined the foregoing explication and do hereby grant the same,

herein granted is limited to the amount of water which can be applied to beneficial use and

cubic feet per second measured at the point of diversion from the well or

stion, or its equivalent in case of rotation with other water users, from ......A. WALL

The use to which this water is to be applied is \_\_\_\_irrigation\_\_\_\_\_ If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 3 acre feet per sore for each acre irrigated during the irrigation sesson of each year. and shall be subject to such reasonable rotation system as may be ordered by the proper state officer. The well shall be so cased as to prevent the loss of underground water. Actual construction work shall begin on or before \_\_\_\_\_luna 30, 1953 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 195h Complete application of the water to the proposed use shall be made on or before October 1, 1955 WITNESS my hand this ... 30th ..... day of ...... June ..... TO APPROPRIATE THE UGROUND WATERS OF STATE OF OREGON Permit No. U. 44 This instrument was first rec office of the State Engineer at Sa on the 3 day of March 19.52, at .. 8.: 0.0. o'clock ... A.
