of _____, county of **UMATILLA**

(Mailing address)

state of **OREGON**, do hereby make application for a permit to appropriate the following described underground waters of the state of Oregon, **SUBJECT TO EXISTING RIGHTS:**

If the applicant is a corporation, give date and place of incorporation

1. Give name of nearest stream to which the well, tunnel or other source of water development is situated **UMATILLA RIVER**

(Name of stream)

tributary of **COLUMBIA RIVER**

2. The amount of water which the applicant intends to apply to beneficial use is **0.5** cubic feet per second.

3. The use to which the water is to be applied is **sale to private parties for domestic lawn and garden use (approximately 0.5 cu. ft. per sec) Residential or Quasi-Municipal**

4. The well or other source is located **150** ft. **north** and **75** ft. **west** from the **E 1/4** corner of **section 34 township 5 N Range 28 E**

(N. or S.)

(E or W)

(Section or subdivision)

located in the southwest part of lot 25 in Block 1 Trott's Acres a portion of

(If preferable, give distance and bearing to section corner)

Section 34 T5N R28E

(If there is more than one well, each must be described. Use separate sheet if necessary)

being within the **SE 1/4 NE 1/4** of Sec. **34**, Twp. **5 N**, R. **28 E**

W. M., in the county of **Umatilla Oregon**

5. The _____ to be _____ miles in length, terminating in the _____ of Sec. _____, Twp. _____

(Canal or pipe line)

(Smallest legal subdivision)

R. _____ W. M., the proposed location being shown throughout on the accompanying map.

6. The name of the well or other works is _____

DESCRIPTION OF WORKS

7. If the flow to be utilized is artesian, the works to be used for the control and conservation of the supply when not in use must be described.

The flow is presently unknown as the well has not as yet been drilled but a companion well about 150 feet distant (used by the applicant for domestic purposes on his own land) is not artesian

8. The development will consist of **one** having a diameter of **10** inches and an estimated depth of **250** feet.

(Give number of wells, tunnels, etc.)

~~and thereafter a diameter of _____ inches for a distance of _____ feet~~

CANAL SYSTEM OR PIPE LINE

9. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) ... feet; width on bottom ... feet; depth of water ... feet; grade ... feet fall per one thousand feet.

(b) At ... miles from headgate: width on top (at water line) ... feet; width on bottom ... feet; depth of water ... feet; grade ... feet fall per one thousand feet.

(c) Length of pipe, ... ft.; size at intake, ... in.; in size at ... ft. from intake ... in.; size at place of use ... in.; difference in elevation between intake and place of use, ... ft. Is grade uniform? ... Estimated capacity, ... sec. ft.

10. If pumps are to be used, give size and type

Give horsepower and type of motor or engine to be used ten horsepower three phase submersible

11. If the location of the well, tunnel, or other development work is less than one-fourth mile from a natural stream or stream channel, give the distance to the nearest point on each of such channels and the difference in elevation between the stream bed and the ground surface at the source of development not within one-fourth mile of a natural stream or stream channel

12. Location of area to be irrigated, or place of use ... Treat's Acres and adjacent property as

Table with 5 columns: Township N or S, Range E. or W. of Willamette Meridian, Section, Forty-acre Tract, Number Acres To Be Irrigated. Row 1: 5 N, 28 E, 34, SE 1/4 NE 1/4, NE 1/4 SE 1/4, Residential.

(If more space required, attach separate sheet)

(a) Character of soil ... sandy

(b) Kind of crops raised ... none

MUNICIPAL SUPPLY—

12. (a) To supply the city of the city of West's Acres an unincorporated group of
houses located in county, having a present population of about fifty families
and an estimated population of in 19

14. Estimated cost of proposed works, \$1000.00

15. Construction work will begin on or before July 15, 1953

16. Construction work will be completed on or before September 15, 1953

17. The water will be completely applied to the proposed use on or before January 1, 1954

Harold G. Booth
(Signature of applicant)

Remarks: The use of this water will be under the terms of a written contract
between the parties (a copy of which is hereto attached and made a part hereof)
as will be noted from the contract the distribution system will be owned and
maintained by the individual property owners. The said lines have already been
placed in the ground and most of the laterals connected.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying
maps and data, and return the same for

In order to retain its priority, this application must be returned to the State Engineer, with correc-
tions on or before , 19 .

WITNESS my hand this day of , 19 .

County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.5 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from a well

The use to which this water is to be applied is residential or quasi-municipal (all of the purposes for which water could be used in a city under a right initiated for municipal use)

If for irrigation, this appropriation shall be limited to of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed acre feet per acre for each acre irrigated during the irrigation season of each year;

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be so cased as to prevent the loss of underground water.

The priority date of this permit is July 1, 1953

Actual construction work shall begin on or before November 20, 1954 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1955

Complete application of the water to the proposed use shall be made on or before October 1, 1956

WITNESS my hand this 20th day of November, 1953

Chas. E. Stricklin STATE ENGINEER
