Remarks: We just got the pump connected with the power line. We have leased this place to Earl Hickey for three years. He has most of the place cleared of brush, plowed and leveled but hasn't made the the ditches so far. He doesn't intend doing any seeding until later this spring. It seems like there is a large supply of underground water in Cow Valley when Rankin Crow was running six wells full blast the water raised several feet in the wells about the first of June. We have three sections of land joining this place we are starting that is level, fertile and free of rock we would like to farm later if the well is still holding up.

County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 2.071 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from Locey Well

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 3 acre feet per acre for each acre irrigated during the irrigation season of each year; this permit is issued subject to the terms and conditions of a stipulation and agreement recorded on Pages 830-832, Volume 3, Miscellaneous Records of the State Engineer and by reference made a part hereof;

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be so cased as to prevent the loss of underground water.

The priority date of this permit is March 30, 1954

Actual construction work shall begin on or before July 20, 1955 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1956

Complete application of the water to the proposed use shall be made on or before October 1, 1957
