Remarks: *We have just purchased this property and we are now building our home here. We are also now constructing a barn for 40 or more head of dairy cows. We will need some of this water for domestic and stock use.*

Close by (15') is an un-named spring branch that we received a permit from your office on May 29th, 1954 Application No. 29052 & Permit No. 22853.

However, there are times this supply goes dry and, therefore, to protect our investment we were forced to drill this deep well.

We will send in the same map as before and everything will be the same except some of the main pipe line (600') will be 6" size, & the well location will be just 15' due south from other point of

STATE OF OREGON,

PERMIT

County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same. SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.338 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from a well

The use to which this water is to be applied is supplemental irrigation

If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 3 acre feet per acre for each acre irrigated during the irrigation season of each year; provided further that the amount of water allowed herein, together with the amount secured under any other right existing for the same lands shall not exceed the limitation allowed herein,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be so cased as to prevent the loss of underground water.

The priority date of this permit is September 27, 1954

Actual construction work shall begin on or before July 20, 1956 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1957

Complete application of the water to the proposed use shall be made on or before October 1, 1958
