

MAP of the extension to MILTON CITY'S Power and Water System

I, Geo. T. Talbert, of Milton Oregon, do hereby certify that this map was made partially from notes taken by me and partially from section ties made by the County Surveyor. Point of diversion established by County Surveyor. No complete survey was made because a well defined right of way was followed. Location of line correct. Location of river assumed but near to right.

Geo. T. Talbert surveyor.
