Map Customer: This product is for informational purposes only and may not have been prepared for, or be suitable for, legal, engineering, or surveying purposes. Users of this information should ensure or consult the primary data and information sources to ascertain the usability of the information. This map is not intended to display property lines.

Disclaimer: This listing is the result of a manual search of the records of the Watermaster's Plat Cards and the WARD database. The listing has not been field checked. That is right is no guarantee that it has not been abandoned under the conditions of ORS 540.610. The plat card records of land by the 40.0 acre quarter-quarter within a section. If the water right label within a quarter-quarter is on more than one lot, the office has not reviewed that water rights for each lot - only a survey could accurately depict how much of the water rights are on each lot.
