PLAN OF THE
 RAINIER CITY
 WATER SUPPLY PIPE LINE
 AND
 PROPOSED INTAKE
 ON FOX CREEK.
 SCALE 1"=400' APRIL, 1911.

I, Orrin Backus, of Rainier Ore, do hereby certify that this map was made from notes taken during the actual survey made by me on April 6 1911, and that it correctly represents the works described in application No. 1300, (being an application for the appropriation of water in Fox Creek, Sec. 28-T.7N.R.2W. Willamette Meridian) together with the location of the stream and pipe-line as now constructed and of the Intake as it is of present situated and as proposed, and further represents the platted portions of the City of Rainier to be supplied with water through the distributing system already constructed.

Orrin Backus
 Civil Engineer.
