## 6. SIGNATURES

The district certifies the following:

- (1) The water right(s) proposed for transfer is a water right(s) subject to transfer and has not been forfeited for nonuse under ORS 540.610;
- (2) Each user affected by the proposed transfer has provided written authorization for the transfer and such authorization is on file with the district; and
- (3) The district has notified each affected user that the Department may condition or reject the transfer at any time to the extent necessary to avoid injury to an existing water right, and that the use of water on lands from which the water right is transferred (authorized place of use) and at the proposed place of use during the same irrigation season or calendar year may subject both the user and district to civil penalties.

On behalf of the district, I affirm that the information contained in this application is true and accurate.

Does the water right being transferred involve a ground water source(s)?

- Yes       No (Surface water source only.)

If "Yes", for each authorized point of appropriation (well) involved, you must either:

- A. Supply a copy of the well log(s) for each point of appropriation that is clearly labeled and associated with the corresponding well in the table above and on the accompanying application map. (NOTE: You may search for well logs on the Department's web page at: <http://www.wrd.state.or.us>)

or

- B. If a well log is not available, you must describe the construction of the authorized point of appropriation by completing the table below. Attach additional copies as necessary.

**Construction of Existing Authorized Points(s) of Appropriation – (Only needed if no well log is available.)**  
*Wells in this listing must be clearly tied to corresponding well location(s) described in the table above and shown on the accompanying application map.*

Remarks: We propose Ditchens' Wells #1 & #2 to be the Points of Appropriation for the acres located in Section 20, T3N, R30E, WM. Ditchens' Wells are recognized as being in the same sub areas (H) as Hale's Well #3, in the Stage Gulch Critical Ground Water Order. Acres in Circle #90 are described in Certificate 76369. Certificate 76369 was allocated no water in the Stage Gulch Critical Groundwater Order during the 2011 Irrigation Season, thus we are making the 3.1\* Acres supplemental to this Certificate with this temporary transfer
