10. Notice of the application for transfer was published on March 17, 2009, pursuant to OAR 690-380-4000. No comments were filed in response to the notice.
11. On May 5, 2011, the Department mailed a copy of the draft Preliminary Determination proposing to approve Transfer Application T-10810 to the applicant. The draft Preliminary Determination cover letter set forth a deadline of June 6, 2011, for the applicants to respond. The applicants requested the Department proceed with issuance of a Preliminary Determination and the Department verified the applicant is authorized to pursue the transfer.

***Transfer Review Criteria [OAR 690-380-4010(2)]***

12. Water has been used within the five-year period prior to submittal of the transfer application according to the terms and conditions of the right. There is no information in the record that would demonstrate that the rights are subject to forfeiture under ORS 540.610.
13. A diversion structure and ditch sufficient to use the full amount of water allowed under the existing rights were present within the five-year period prior to submittal of Transfer Application T-10810.
14. The proposed change would not result in enlargement of the right.
15. The proposed change would not result in injury to other water rights.

**Determination and Proposed Action**

The change in place of use proposed in application T-10810 appears to be consistent with the requirements of ORS 540.505 to 540.580 and OAR 690-380-5000. If protests are not filed pursuant to OAR 690-380-4030, the application will be approved.

*If application T-10810 is approved, the final order will include the following:*

1. *The change in place of use proposed in application T-10810 is approved.*

2. *The right to the use of the water is restricted to beneficial use at the place of use described, and is subject to all other conditions and limitations contained in Special Order Volume 83, Pages 932 to 933 for T-4209, Certificate 85839, Permit 43956 and any related decree.*
3. *The water rights described by T-4209, Certificate 85839 and Permit 43956 are modified. The Department will issue superseding certificates describing the rights when it determines that is necessary for record keeping.*
4. *The former place of use of the transferred rights shall no longer receive water under the rights.*
5. *The approved changes shall be completed and full beneficial use of the water shall be made on or before **October 1, 2013**.*
6. *A Claim of Beneficial Use prepared by a Certified Water Rights Examiner shall be submitted by the applicant to the Department within one year after the deadline for completion of the changes and full beneficial use of the water.*

Dated at Salem, Oregon this 15 day of June, 2011.
