# Part 2 of 4 - Temporary Transfer Application Map Checklist

Your temporary transfer application will be returned if any of the map requirements listed below are not met.

Please be sure that the temporary transfer application map you submit includes all the required

items and matches the existing water right map. Check all boxes that apply. N/A If more than three water rights are involved, separate maps are needed for each water right. X Permanent quality printed with dark ink on good quality paper.  $\boxtimes$ The size of the map can be  $8\frac{1}{2} \times 11$  inches,  $8\frac{1}{2} \times 14$  inches,  $11 \times 17$  inches, or up to  $30 \times 30$ inches. For 30 x 30 inch maps, one extra copy is required.  $\boxtimes$ A north arrow, a legend, and scale. X The scale of the map must be: 1 inch = 400 feet, 1 inch = 1,320 feet, the scale of the Final Proof/Claim of Beneficial Use Map (the map used when the permit was certificated), the scale of the county assessor map if the scale is not smaller than 1 inch = 1,320 feet, or a scale that has been pre-approved by the Department.  $\boxtimes$ Township, Range, Section, ¼ ¼, DLC, Government Lot, and other recognized public land survey lines.  $\boxtimes$ Tax lot boundaries (property lines) are required. Tax lot numbers are recommended. X Major physical features including rivers and creeks showing direction of flow, lakes and reservoirs, roads, and railroads. X Major water delivery system features from the point(s) of diversion/appropriation such as main pipelines, canals, and ditches. X Existing place of use that includes separate hachuring for each water right, priority date, and use including number of acres in each quarter-quarter section, government lot, or in each quarter-quarter section as projected within government lots, donation land claims, or other recognized public land survey subdivisions. If less than the entirety of the water right is being changed, a separate hachuring is needed for lands left unchanged. X N/A Proposed temporary place of use that includes separate hachuring for each water right, priority date, and use including number of acres in each quarter-quarter section, government lot, or in each quarter-quarter section as projected within government lots, donation land claims, or other recognized public land survey subdivisions.  $\boxtimes$ Existing point(s) of diversion or well(s) with distance and bearing or coordinates from a recognized survey corner. This information can be found in your water right certificate or permit.  $\boxtimes$ N/A If you are proposing a change in point(s) of diversion or well(s) to convey water to the new temporary place of use, show the proposed location and label it clearly with distance and bearing or coordinates. If GPS coordinates are used, latitude-longitude coordinates may be expressed as either degrees-minutes-seconds with at least one digit after the decimal (example – 42°32'15.5") or degrees-decimal with five or more digits after the decimal  $(example - 42.53764^{\circ}).$ 

# Part 3 of 4 - Applicant Information and Signature

Applicant Information APPLICANT/BUSINESS NAME PHONE NO. ADDITIONAL CONTACT NO. (503) 932-7307 Olsen Agriculture, LLC - Roger Olsen ADDRESS FAX NO. 8930 Suver Road E-MAIL\*\* CITY STATE ZIP OR 97361 roger.olsen@olsenag.com Monmouth Agent Information – The agent is authorized to represent the applicant in all matters relating to this application. AGENT/BUSINESS NAME PHONE NO. ADDITIONAL CONTACT NO. (541) 753-0745 Kim Grigsby - GSI Water Solutions, Inc. FAX NO. ADDRESS 1600 SW Western Blvd., Suite 240 CITY STATE ZIP E-MAIL\*\* Corvallis OR 97333 kgrigsby@gsiws.com \*\* By providing an e-mail address, consent is given to receive all correspondence from the DEPARTMENT ELECTRONICALLY. COPIES OF THE FINAL ORDER DOCUMENTS WILL ALSO BE MAILED. Check this box if this project is fully or partially funded by the American Recovery and Reinvestment Act. (Federal stimulus dollars) Is the applicant the sole owner of the land on which the water right, or portion thereof, proposed for transfer is located? \(\pri\) Yes \(\pri\) No If NO, include signatures of all landowners (and mailing and/or e-mail addresses if different than the applicant's) or attach affidavits of consent (and mailing and/or e-mail addresses) from all landowners or individuals/entities to which the water right(s) has been conveyed. I (we) affirm that the information contained in this application is true and accurate. 6/22/12 Date Roger Olsen Applicant signature Print Name (and Title if applicable) Print Name (and Title if applicable) Date Applicant signature In your own words tell us what change(s) you want made and the reason for the change(s): Olsen Agriculture is proposing to temporarily change the points of diversion and places of use for Certificates 32343 and 47650, and a portion of Certificates 26578 and 43650. The proposed changes will allow Olsen Agriculture to irrigate the "to lands" during the period from July 1

RECEIVED

Additional remarks: The points of diversion on the "from" lands are described as they appear on the certificates. No metes and bounds were identified on the certificate. Please note that POD M1 is the same POD M1 on Certificate 26578, despite that the location is described in two different ways. The POD straddles the quarter-quarter line between the NW SE and SW SE. One water right describes the POD just north of the line, and the other describes it just south of the line.

The "TO" lands have existing surface water permits (54125, 54128, and 54129.) These permits' irrigation season ends on June 30<sup>th</sup>. Applicant requests the temporary transfer irrigation season to be from July 1 to October 31. The transferring certificates identify a full irrigation season of March 1 to October 31. Applicant proposes to irrigate from one POD with a 152 hp centrifugal pump to 7,500 feet of 10 inch and 12 inch buried PVC (mainline).

JUN 25 2012
JUN 25 2012
WATEH RESOURCES DEP

Are there other water right certificates, water use permits or ground water registrations associated with the "from" or the "to" lands? $\boxtimes$ Yes $\square$ No
If YES, list the certificate, water use permit, or ground water registration numbers: 26578.
Pursuant to ORS 540.525, any "layered" water use such as an irrigation right that is supplemental

Pursuant to ORS 540.525, any "layered" water use such as an irrigation right that is supplemental to a primary right proposed for temporary transfer can be included in the transfer or remain unused on the authorized place of use. If the primary water right does not revert soon enough to allow use of the supplemental right within five years, the supplemental right shall become subject to cancellation for nonuse under ORS 540-610.

	change in point(s) of appropriation (well(s)) or additional point(s) of appropriation if ary to convey the water to the new temporary place of use:
	Well log(s) are attached for each authorized and proposed well(s) that are clearly labeled and associated with the corresponding well(s) in Table 1 above and on the accompanying application map. ( <b>Tip</b> : You may search for well logs on the Department's web page at: <a href="http://apps.wrd.state.or.us/apps/gw/well_log/Default.aspx">http://apps.wrd.state.or.us/apps/gw/well_log/Default.aspx</a> )
OR	
	Describe the construction of the authorized and proposed well(s) in Table 3 for any wells that do not have a well log.

### Table 3. Construction of Point(s) of Appropriation

Any well(s) in this listing must be clearly tied to corresponding well(s) described in Table 1 and shown on the accompanying application map. Failure to provide adequate information is likely to delay the processing of your transfer application. For proposed wells, we recommend that you consult a licensed well driller, geologist, or certified water right examiner for the proper information needed to complete the table.

	TOTAL ACRES 104.9										_				ТОТА	L ACI	RES	104.9								

Additional remarks: Certificate 47649 is associated with the remaining lands and will not be transferred. It has been mapped for reference. The "TO" lands have existing surface water permits (54125, 54128, and 54129). These permits' irrigation season ends on June 30<sup>th</sup>. Applicant requests the temporary transfer irrigation season to be from July 1 to October 31. Transferring certificates identify a full irrigation season of March 1 to October 31. Applicant proposes to irrigate from one POD with a 152 hp centrifugal pump to 7,500 feet of 10 inch and 12 inch buried PVC (mainline).

1011	ace of ese changes
	there other water right certificates, water use permits or ground water registrations associated the "from" or the "to" lands?   Yes  No
If Y	ES, list the certificate, water use permit, or ground water registration numbers: 47650 & 47649.
a pri auth supp nonu	tuant to ORS 540.525, any "layered" water use such as an irrigation right that is supplemental to imary right proposed for temporary transfer can be included in the transfer or remain unused on the orized place of use. If the primary water right does not revert soon enough to allow use of the elemental right within five years, the supplemental right shall become subject to cancellation for use under ORS 540-610.  change in point(s) of appropriation (well(s)) or additional point(s) of appropriation if sary to convey the water to the new temporary place of use:
	Well log(s) are attached for each authorized and proposed well(s) that are clearly labeled and associated with the corresponding well(s) in Table 1 above and on the accompanying application map. ( <b>Tip</b> : You may search for well logs on the Department's web page at: <a href="http://apps.wrd.state.or.us/apps/gw/well_log/Default.aspx">http://apps.wrd.state.or.us/apps/gw/well_log/Default.aspx</a> )
OR	
	Describe the construction of the authorized and proposed well(s) in Table 3 for any wells that

#### Table 3. Construction of Point(s) of Appropriation

do not have a well log.

Any well(s) in this listing must be clearly tied to corresponding well(s) described in Table 1 and shown on the accompanying application map. Failure to provide adequate information is likely to delay the processing of your transfer application. For proposed wells, we recommend that you consult a licensed well driller, geologist, or certified water right examiner for the proper information needed to complete the table.
