In your own words tell us what change(s) you want made and the reason for the amendment(s): **We installed a center Pivot in the SW 1/4 Section 14 and the N1/2 of the NW 1/4 of Section 23 thinking we had a water right on those grounds through Permit G-7998. We were in the process of completing a Final Proof for Permit G-12446 when we were informed that we did not have a water right on a portion of the lands being irrigated by the pivot. This prompted us to apply for a Time Extension on Permit G-12446 to apply for a Permit Amendment to change the place of use for a portion of the permitted lands so that the grounds being irrigated by the pivot will have a water right associated with them. We want to comply with the OWRD rules and regulations.**

Check one of the following:

- ☒ The applicant is responsible for completion of change(s). Notices and correspondence should continue to be sent to the applicant.
