# Application for District Instream Lease

## Part 1 of 4 – Minimum Requirements Checklist

This Application to be used for water rights in the name of or conveyed by  
an Irrigation District (or similar organization)  
Complete Parts 1 through 4 and any required attachments

|            |          |
|------------|----------|
| OWRD #     | IL-1361  |
| District # | IL-14-01 |

Check all items included with this application. (N/A = Not Applicable)

Yes  N/A Pooled Lease-a lease with more than one Lessor (Landowner/water right interest holder)

Fee in the amount of:  \$450.00 for a lease involving four or more landowners or four or more water rights Or  \$300.00 for all other leases  
 Check enclosed or  
 Fee Charged to customer account Deschutes River Cons. (*Account name*)

- Part 1 – Completed Minimum Requirements Checklist
- Part 2 – Completed District and Other Party Signature Page
- Part 3 – Completed Place of Use and Lessor Signature Page  
(Include a separate Part 3 for each Lessor.)
- Part 4 – Completed Water Right and Instream Use Information  
(Include a separate Part 4 for each Water Right.)

How many Water Rights are included in the lease application? 1 (# of rights)  
List each water right to be leased instream here: 83571

Yes  N/A Other water rights, if any, appurtenant to the lands involved in the lease application and not proposed to be leased instream.  
List those other water rights here: 76714

Yes  No Conservation Reserve Enhancement Program CREP – Are some or all of the lands to be leased part of CREP or another Federal program (list here: \_\_\_\_\_)?

### Required Attachments:

Yes  N/A Instream lease application map(s). More than one QQ and property may be included on each map. A map is not required if an entire right is being leased or if the right is for use of municipal or quasi-municipal water use. The map should include the following:

- A north arrow and map scale (no smaller than 1" = 1320').
- Label township, range, section and quarter-quarter (QQ).
- If an irrigation right, the numbers of acres to be leased in each quarter-quarter identify and hachure/shade to differentiate between the acreage being leased and any remaining. If the place of use has more than one priority date, source stream, and/or point of diversion you must identify each with separate hachuring or shading and label.
- Tax lot lines and numbers must be included on the map and should clearly identify the property(s) involved.

Yes  N/A If the Lessor(s) is not the deeded land owner, include one of the following:

- A notarized statement from the land owner consenting to the lease and a copy of the recorded deed; or
- A water right conveyance agreement and a copy of the recorded deed for the landowner at the time the water right was conveyed; or
- Other documentation.

Yes  N/A If the right has not been used in the last five years; provide supporting documentation indicating why a right (or portion thereof) is not subject to forfeiture.

## Part 2 of 4 – District and other party Signature

**Term of the Lease:**

The lease is requested to begin in: month April year 2014 and end: month October year 2014.

**Public use:** Check the public use(s) this lease will serve (as defined by ORS 537.332):  
 Conservation, maintenance and enhancement of aquatic, fish and wildlife, fish and wildlife habitat and any other ecological values.  
 Recreation  
 Pollution abatement  
 Navigation

**Termination provision (for multiyear leases):**  
**The parties to the lease request (choose one):**  
 a. The option of terminating the lease prior to expiration of the full term with written notice to the Department by the Lessor(s) and/or Lessee.  
 b. The option of terminating the lease prior to expiration of the full term, with consent by all parties to the lease.  
 c. The parties would not like to include a Termination Provision.  
 (See instructions for limitations to this provision)

**Additive/Replacing Relationship to other instream water rights:** Instream leases are generally additive to other existing instream water rights created as a result of instream leases and transfers and/or allocations of conserved water. Since instream leases are also generally senior to other instream rights created through a state agency process or conversion of minimum flows, they generally replace a portion of these junior instream rights.

If you would like this lease to relate to other instream water rights differently than described above, please check this box.  And attach an explanation of your intent.

**Precedent:** If a right which has been leased is later proposed to be leased again or later transferred or become part of an allocation of conserved water project, a new injury review shall be required. An instream lease shall not set a precedent on a future transaction.

**Validity of the rights to be leased:**

- The water right(s) to be leased have been used under the terms and conditions of the right(s) during the last five years or have been leased instream; or  
 The water right(s) have not been used for the last five years according to the terms and conditions of the rights. However, the water right(s) is not subject to forfeiture under ORS 540.610(2). Documentation describing why the water right is not subject to forfeiture has been provided.

### SIGNATURES

The undersigned declare that the information contained in this application is true and accurate.

Any additional information about the right:

**Farm Deferral Tax Status:** Counties make the determination of whether a property qualifies for the farm use assessment without consideration of whether the lands have an associated water right which is leased instream. If you have questions regarding the farm use assessment you should contact your local county assessor. You should contact your County for any weed ordinance and management requirements.

The undersigned declare:

- I/We agree during the term of this lease to suspend use of water allowed under the water right(s) involved in the lease as well as and any other appurtenant primary or supplemental water right(s); and
- I/We certify are the lessor(s) (water right interest holder) of the water right(s) in Table 1. If not the deeded land owner, I/we have obtained consent from the deeded land owner and/or have provided documentation of authorization to pursue the instream lease; and
- I/We affirm that the information in this application is true and accurate.

District Instream Lease Application (revised 2/12/2014)

MAR 5 2014

SALEM, OR

## **EXHIBIT C**

### **Deschutes River Conservancy 2014 Instream Leasing Program**

#### **Policy Concerning Weeds & Instream Leases Information on Farm Deferral & Lease Payment**

The Deschutes River Conservancy is dedicated to restoring stream flow and improving water quality in the Deschutes Basin; land stewardship is a component of these goals.

##### **Weed Policy**

The DRC expects participants in the Leasing Program will continue to exercise agricultural best management practices on lands enrolled in the Program, particularly with respect to the control of noxious and/or nuisance weeds. Failure to control weeds on leased acres may result in exclusion from Program compensation.

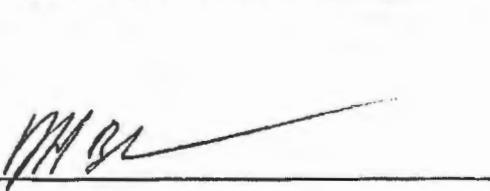

*Information and Resources Attached*

##### **Farm Deferral Notice**

Instream leasing is a beneficial use that protects your water right from forfeiture and allows for compensation for this instream use, but please note that it does not automatically protect against loss of farm use special assessment. Exclusive Farm Use (EFU) zoned lands may still require at least minimal use with the intent to make a profit. It is the landowner's responsibility to know their tax assessment status and qualifying uses.

*Information and Resources Attached*

**Donated Leases:** One year and multi-year leases of less than 10 acres, leases with public entities, leases submitted after the due date, and leases with verified weed complaints are not paid a per acre or per acre-foot rate by the DRC.

I, MARIE B. GROES understand the DRC weed policy and have  
*Print Name*   
been informed about farm deferral and donations.

**Any additional information about the right:**

**Farm Deferral Tax Status:** Counties make the determination of whether a property qualifies for the farm use assessment without consideration of whether the lands have an associated water right which is leased instream. If you have questions regarding the farm use assessment you should contact your local county assessor. You should contact your County for any weed ordinance and management requirements.

The undersigned declare:

- I/We agree during the term of this lease to suspend use of water allowed under the water right(s) involved in the lease as well as any other appurtenant primary or supplemental water right(s); and
- I/We certify are the lessor(s) (water right interest holder) of the water right(s) in Table 1. If not the deeded land owner, I/we have obtained consent from the deeded land owner and/or have provided documentation of authorization to pursue the instream lease; and
- I/We affirm that the information in this application is true and accurate.

## EXHIBIT C

### Deschutes River Conservancy 2014 Instream Leasing Program

#### Policy Concerning Weeds & Instream Leases Information on Farm Deferral & Lease Payment

The Deschutes River Conservancy is dedicated to restoring stream flow and improving water quality in the Deschutes Basin; land stewardship is a component of these goals.

##### Weed Policy

The DRC expects participants in the Leasing Program will continue to exercise agricultural best management practices on lands enrolled in the Program, particularly with respect to the control of noxious and/or nuisance weeds. Failure to control weeds on leased acres may result in exclusion from Program compensation.

*Information and Resources Attached*

##### Farm Deferral Notice

Instream leasing is a beneficial use that protects your water right from forfeiture and allows for compensation for this instream use, but please note that it does not automatically protect against loss of farm use special assessment. Exclusive Farm Use (EFU) zoned lands may still require at least minimal use with the intent to make a profit. It is the landowner's responsibility to know their tax assessment status and qualifying uses.

*Information and Resources Attached*

**Donated Leases:** One year and multi-year leases of less than 10 acres, leases with public entities, leases submitted after the due date, and leases with verified weed complaints are not paid a per acre or per acre-foot rate by the DRC.

I, NEVELYN Averett T Royer understand the DRC weed policy and have  
*Print Name*  
been informed about farm deferral and donations.

Signature: Nevelyn Averett Royer Date: 3-4-14

This form must be signed and returned with state lease form.

## Part 4 of 4 – Water Right and Instream Use Information

**Use a separate Part 4 for each water right to be leased instream**

**Table 2**

**Use Table 2 to illustrate the totals for the water right proposed to be leased instream (based on Part 3 of 4)      Water Right # 83571**

Total rate and volume by priority date, POD, use and acreage as appropriate considering the right to be leased. If not enough room below, you may add rows (see instructions) or create a spreadsheet (matching Table 2 and clearly labeled) and attach.  
(cfs = cubic feet per second and af = acre-feet)

| Priority Date                         | POD # | Use   | Acres | Other Information (such as conditions/limitations on the right) | Rate (cfs) | Volume (af) |
|---------------------------------------|-------|---|-------|---|------------|-------------|
| 10/31/1900                            |       | Irrig   |       | See Attached Exhibit A - Table 2                                |            |             |
| 10/31/1900                            |       | Irrig   |       |   |            |             |
| 10/31/1900                            |       | Irrig   |       |   |            |             |
| 12/02/1907                            |       | Irrig   |       |   |            |             |
| Total af from storage, if applicable: |       | AF or <input checked="" type="checkbox"/> N/A |       |   |            |             |

If the POD is not described on the certificate or, if there is more than one POD listed on the certificate, then the specific POD must be described: POD # 1 & 11

**Table 3**

| Instream Use created by the lease   | River Basin:   | Deshutes | River/Stream Name: Deschutes River, tributary to Columbian River |
|---|--|----------|--|
| <b>Proposed Instream Reach:</b>   | <b>Or Proposed Instream Point:</b>                         |          |  |
| <input checked="" type="checkbox"/> A reach typically begins at the POD and ends at the mouth of the source stream: From the POD 1 & 11 to Mouth of Deschutes River (RM. 0) | <input type="checkbox"/> Instream use protected at the POD |          |  |

**OR**  Please check this box if you are not sure of the proposed reach and want water to be protected within a reach below the POD, if possible. If no reach is identified or the above box is not checked, and there is only one POD listed on the water right, the lease may be processed to be protected at the POD.)

**Instream Portion: May not exceed the maximum rate/volume for the right (identified in Table 2)**  
Use the table 3 to illustrate the instream rate, volume and instream period by priority date, POD, Use and acreage, as appropriate. If not enough room below, you may add rows (see instructions) or create a spreadsheet (clearly labeled and matching the below portion of Table 3) and attach.

| Priority date | POD # | Use   | Acres | Proposed Instream Period         | Instream Rate (cfs) | Total instream volume (af) |
|---------------|-------|-------|-------|----------------------------------|---------------------|----------------------------|
| 10/31/1900    |       | Irrig |       | See Attached Exhibit B - Table 3 |                     |                            |
| 10/31/1900    |       | Irrig |       |                                  |                     |                            |
| 10/31/1900    |       | Irrig |       |                                  |                     |                            |

**OR**  Please check this box if you are not sure of the proposed rate, volume and instream period. As part of its review process, the Department will identify the appropriate instream rate, volume and period considering the water right(s) being leased and instream benefits.  
 Yes  N/A **Conditions to avoid enlargement or injury to other water rights, if any, or other limitations: list here** The instream flow will be allocated on a daily average basis up to the described rate from April 1 through October 26.  
Note: The Department may identify additional conditions to prevent injury and/or enlargement.

**Any additional information about the proposed instream use:**
