Attachment 4 (Standard Leasing Form).
Attachment 5-D (Pooled Leasing Form).

JUN 03 2014

SALEM, OR

The standard instream water right form or for pooled leases, the appropriate pooled lease forms, pursuant to ORS 537.348(2) and OAR 690-077 must also be filled out before a Split Season Use Instream Lease Application can be processed.

Note: Split season use lease applications must be submitted to the Department two weeks prior to water being used either for the existing purpose or for the proposed instream purpose. (OAR 690-077-0079)

1. Existing and Instream Use Periods

For the water right being leased instream, as described in Section 1.5, include monthly or partial season rate or duty limitations, if appropriate.

This section replaces the "Total volume, Rate in cfs, and Allowed period of use" portions of Section 2.2 on the standard or pooled instream leasing forms.

The water right will be used for its existing purpose from April 26, 2014
 to July 14, 2014.

The water right will be used for instream use period is from July 15, 2014
 to September 30, 2014.

	Rate (cfs)		Conversion Factor 1 cfs = 1.983471 ac-ft/day		Number of days		Duty (ac-ft)
Existing Use	0.09	*	1.983471	*	80.00	=	14.28
use if needed		*	1.983471	*		=	0.00
use if needed		*	1.983471	*		=	0.00
Instream Use	0.11	*	1.983471	*	76	=	16.58
use if needed		*	1.983471	*		=	0.00
use if needed		*	1.983471	*		=	0.00
Total	n/a		n/a		n/a		31.72

2. Measurement and Reporting

The water right lessor or lessee shall contact the watermaster to determine the necessary measurement and reporting requirements associated with leasing a water right.

The holders of the water rights shall measure and report the use of the existing water right and instream water right to the satisfaction of the Director, or provide for third party measurement and reporting to the satisfaction of the Director. Pursuant to ORS 537.332(3), the Department holds instream water rights in trust for the benefit of the people of the State of Oregon.

(a) Location(s) and type(s) of measuring device(s): Totalizing meter at POD

(b) Frequency of measurement: Lessee will report beginning and ending meter readings for the irrigation period as well as report readings at least one per month during the irrigation season

(c) Parties responsible for the respective measurements: Leasee is responsible for collecting and reporting meter readings in collaboration with The Freshwater Trust. The Watermaster will also read Leasee's meter monthly to verify.
