Re: Termination of IL-1386 / MP-186

On April 25, 2014, the Department issued an order approving IL-1386 and Mitigation Project MP-186. The mitigation project was awarded 28.8 mitigation credits for use in the Middle Deschutes and General Zones of Impact.

On January 15, 2015, the Department received a request from Michael and Theodora Schrier, COID and the DRC Mitigation Bank to terminate the instream lease and mitigation credit project. The lease has been terminated by the Department and the mitigation credits awarded to this project are no longer valid as of December 31, 2014.

Enclosed is a copy of the final order. If you have any questions, please call me at (503) 986-0898.

Sincerely,

Derrick Wheeler
Natural Resource Specialist
