Part 2 of 4 - Instream Lease Application Map Checklist

WATER RESOURCES DEPT SALEM, OREGON

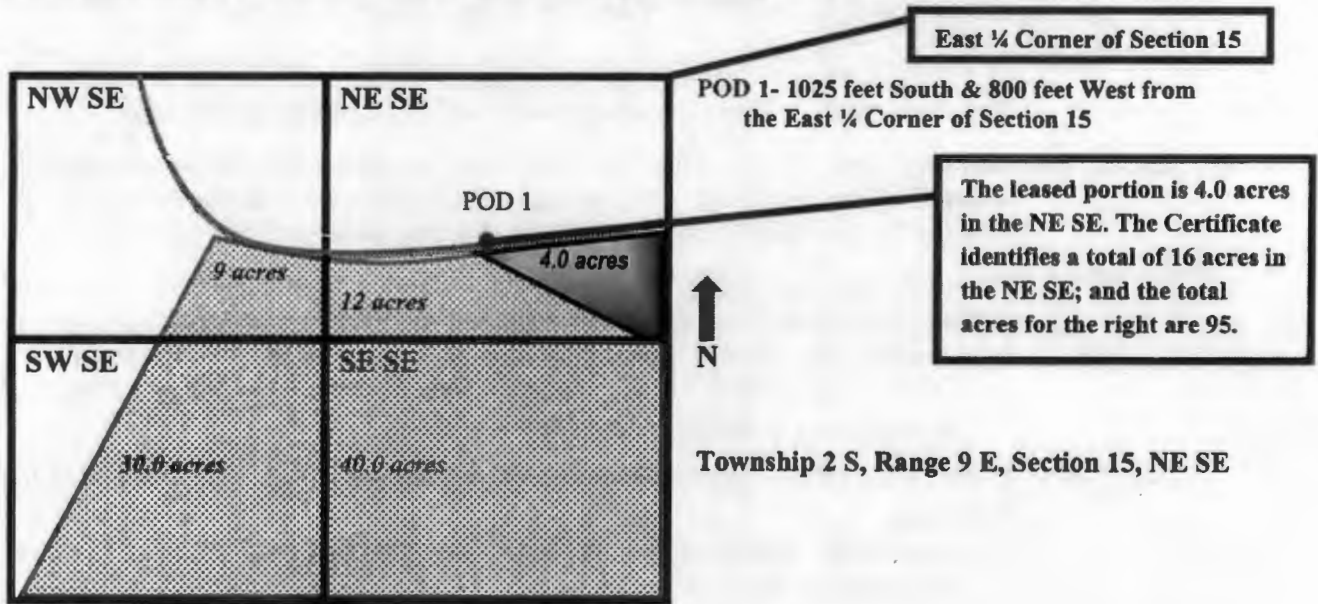

Map is generally required for each water right not leased in its entirety

The application map (if required) should include all the items listed below and match the existing water right(s) of record. Check all boxes that apply.

This should be a simple map. (See example below). A copy of a final proof survey map with the portion to be leased shaded or hachured in will also suffice.

- Map requirements checklist with 6 items, each with a checked box and a description of the requirement.

EXAMPLE MAP (the darker shaded portion representing the portion leased instream)

Part 4 of 4 – Lease Provisions and Party Signatures
WATER RESOURCES DEPT
SALEM, OREGON

Term of the Lease (may be from 1 year up to 5 years):
 The lease is requested to begin in: month July 31 year 2015 and end: month September 30 year 2015
 Note: The begin month is generally the first month of the irrigation season and the end month is the last month in the irrigation season. If not an irrigation right, this would be the first and last month of your authorized period of allowed use.

<p>Public use: Check the public use(s) this lease will serve (as defined by ORS 537.332):</p> <input checked="" type="checkbox"/> Conservation, maintenance and enhancement of aquatic, fish and wildlife, fish and wildlife habitat and any other ecological values. <input type="checkbox"/> Recreation <input type="checkbox"/> Pollution abatement <input type="checkbox"/> Navigation	<p>Termination provision (for multiyear leases): The parties to the lease request (choose one):</p> <input type="checkbox"/> a. The option of terminating the lease prior to expiration of the full term with written notice to the Department by the Lessor(s) and/or Lessee. <input type="checkbox"/> b. The option of terminating the lease prior to expiration of the full term, with consent by all parties to the lease. <input checked="" type="checkbox"/> c. The parties would not like to include a Termination Provision. (See instructions for limitations to this provision)

Additive/Replacing Relationship to other instream water rights: Instream leases are generally additive to other existing instream water rights created as a result of instream leases, transfers and/or allocations of conserved water. Since instream leases are also generally senior to other instream rights created through a state agency process or conversion of minimum flows, they generally replace a portion of these junior instream rights.
 If you would like this lease to relate to other instream water rights differently, please check this box.
 And attach an explanation of your intent.

Validity of the Right(s) to be leased (check the appropriate box):

 The water right(s) to be leased have been used under the terms and conditions of the right(s) during the last five years or have been leased instream; or
 The water right(s) have not been used for the last five years according to the terms and conditions of the right(s). However, the water right(s) is not subject to forfeiture under ORS 540.610(2). Documentation describing why the water right(s) is not subject to forfeiture is provided.

Precedent: If a right which has been leased is later proposed to be leased again or later transferred or become part of an allocation of conserved water project, a new injury review shall be required. An instream lease shall not set a precedent on a future transaction.

The undersigned declare:

1. The Lessor(s) agree during the term of this lease, to suspend use of water allowed under the subject water right(s) and under any appurtenant primary or supplemental water right(s) not involved in the lease application; and
2. The Lessor(s) certify that I/we are the water right holder(s) of the right(s) described in this instream lease application. If not the deeded landowner, I/we have provided documentation with the lease application that I/we have authorization to pursue the lease application and/or have obtained consent from the deeded landowner; and
3. All parties affirm that information provided in this lease application is true and accurate.
