Dear Gen:

Thank you for participating in the Short-Term Instream Leasing Program. I want to express appreciation for your participation in this program and cooperation in helping to improve streamflows for fish and aquatic life.

Enclosed is a copy of final order approving instream lease application IL-1549. The enclosed order reflects the request by TID to remove several properties from the lease application. During the review process, the Department also identified that several modifications were necessary to prevent injury and enlargement. In addition, a few portions of the rights requested to be leased by Deschutes River Ranch Group were not available for lease due to inconsistencies between the lease application map and the Claim of Beneficial Use and Final Proof Map for Transfer T-10512.

If you have any questions, please call me at (503) 986-0884.

Sincerely,

Laura Wilke
