

Application for Permanent Water Right Transfer

Part 1 of 5 - Minimum Requirements Checklist

This transfer application will be returned if Parts 1 through 5 and all required attachments are not completed and included.

For questions, please call (503) 986-0900, and ask for Transfer Section.

Che	ck all ite	ms included with this application. $(N/A = Not Applicable)$
\boxtimes		Part 1 – Completed Minimum Requirements Checklist.
\boxtimes		Part 2 – Completed Transfer Application Map Checklist.
		Part 3 – Application Fee, payable by check to the Oregon Water Resources Department, and completed Fee Worksheet, page 3. Try the new online fee calculator at: http://apps.wrd.state.or.us/apps/misc/wrd_fee_calculator . If you have questions, call Customer Service at (503) 986-0801.
\boxtimes		Part 4 – Completed Applicant Information and Signature.
\boxtimes		Part 5 – Information about Water Rights to be Transferred: How many water rights are to be transferred? 1 List them here: 20637 Please include a separate Part 5 for each water right. (See instructions or page 6) (2013) (100)
		Attachments:
\boxtimes		Completed Transfer Application Map.
\boxtimes		Completed Evidence of Use Affidavit and supporting documentation. SALEM OF
	N/A	Affidavit(s) of Consent from Landowner(s) (if the applicant does not own the land the water right is on.)
	⊠ N/A	Supplemental Form D – For water rights served by or issued in the name of an irrigation district. Complete when the transfer applicant is not the irrigation district.
	□ N/A	Land Use Information Form with approval and signature (or signed land use form receipt stub). Not required if water is to be diverted, conveyed, and/or used only on federal lands or if all of the following apply: a) a change in place of use only, b) no structural changes, c) the use of water is for irrigation only, and d) the use is located within an irrigation district or an exclusive farm use zone.
	⊠ N/A	Water Well Report/Well Log for changes in point(s) of appropriation (well(s)) or additional point(s) of appropriation.
	⊠ N/A	Geologist Report for a change from a surface water point of diversion to a ground water point of appropriation (well), if the proposed well is more than 500' from the surface water source and more than 1000' upstream or downstream from the point of diversion. See OAR 690-380-2130 for requirements and applicability.
		(For Staff Use Only)
		WE ARE RETURNING YOUR APPLICATION FOR THE FOLLOWING REASON(S): Application fee not enclosed/insufficient Map not included or incomplete Land Use Form not enclosed or incomplete Additional signature(s) required Part is incomplete
		Other/Explanation

Your transfer application will be returned if any of the map requirements listed below are not met.

		sure that the transfer application map you submit includes all the required items and the existing water right map. Check all boxes that apply.
	N/A	Certified Water Right Examiner (CWRE) Stamp and Original Signature. For a list of CWREs, see http://apps.wrd.state.or.us/apps/wr/cwre_license_view/ . CWRE stamp and signature are not required for substitutions.
	N/A	If more than three water rights are involved, separate maps are needed for each water right.
\boxtimes		Permanent quality printed with dark ink on good quality paper.
\boxtimes		The size of the map can be $8\frac{1}{2} \times 11$ inches, $8\frac{1}{2} \times 14$ inches, 11×17 in The SCOTUP TO SO X 30 inch maps, one extra copy is required.
		A north arrow, a legend, and scale.
		The scale of the map must be: 1 inch = 400 feet, 1 inch = 1,320 feet, the scale of the Final Proof/Claim of Beneficial Use Map (the map used when the permit was certificated), the scale of the county assessor map if the scale is not smaller than 1 inch = 1,320 feet, or a scale that has been pre-approved by the Department.
\boxtimes		Township, Range, Section, 1/4 1/4, DLC, Government Lot, and other recognized public land survey lines.
\boxtimes		Tax lot boundaries (property lines) are required. Tax lot numbers are recommended.
\boxtimes		Major physical features including rivers and creeks showing direction of flow, lakes and reservoirs, roads, and railroads.
\boxtimes		Major water delivery system features from the point(s) of diversion/appropriation such as main pipelines, canals, and ditches.
		Existing place of use that includes separate hachuring for each water right, priority date, and use including number of acres in each quarter-quarter section, government lot, or in each quarter-quarter section as projected within government lots, donation land claims, or other recognized public land survey subdivisions. If less than the entirety of the water right is being changed, a separate hachuring is needed for lands left unchanged.
	□ N/A	Proposed place of use that includes separate hachuring for each water right, priority date, and use including number of acres in each quarter-quarter section, government lot, or in each quarter-quarter section as projected within government lots, donation land claims, or other recognized public land survey subdivisions.
\boxtimes		Existing point(s) of diversion or well(s) with distance and bearing or coordinates from a recognized survey corner. This information can be found in your water right certificate or permit.
	⊠ N/A	If you are proposing a change in point(s) of diversion or well(s), show the proposed location and label it clearly with distance and bearing or coordinates. If GPS coordinates are used, latitude-longitude coordinates may be expressed as either degrees-minutes-seconds with at least one digit after the decimal (example $-42^{\circ}32'15.5''$) or degrees-decimal with five or more digits after the decimal (example -42.53764°).

	Base Fee (includes one type of change to one water right for up to 1 cfs)	1	\$1,000
	Types of change proposed: Place of Use Character of Use Point of Diversion/Appropriation		
	Number of above boxes checked = $\frac{2(2a)}{(2b)}$		
	Subtract 1 from the number in line 2a = (2b) If only one change, this will be 0	2	1600
	Multiply line 2b by \$800 and enter » » » » » » » » » » » » » » » » » » »	2	1000
	Subtract 1 from the number in 3a above: $0 (3b)$ If only one water right this will be 0		
	Multiply line 3b by \$450 and enter » » » » » » » » » » » » » »	3	0
	Do you propose to add or change a well, or change from a surface water POD to a well?		
	No: enter 0 » » » » » » » » » » » » » » » » » »		
	Yes: enter \$350 » » » » » » » » » » » » » » » »	4	
	Do you propose to change the place of use or character of use? No: enter 0 on line 5 » » » » » » » » » » » » » » » » » »	REC	EIVED BY O
	Yes: enter the cfs for the portions of the rights to be transferred (see example below*): 0.17 (5a)		DCT 3 1 2016
	Subtract 1.0 from the number in 5a above: -0.83 (5b) If 5b is 0 or less, enter 0 on line 5 » » » » » » » » » » » » » » » » »		
	If 5b is greater than 0, round up to the nearest whole number:(5c)		SALEM, OR
	and multiply 5c by \$300, then enter on line 5 » » » » » » » »	5	300
	Add entries on lines 1 through 5 above » » » » » » » » » Subtotal:	6	1600
-	Is this transfer:		
	necessary to complete a project funded by the Oregon Watershed		university of the second secon
	Enhancement Board (OWEB) under ORS 541.932?		
	endorsed in writing by ODFW as a change that will result in a net		
	benefit to fish and wildlife habitat?		
	If one or more boxes is checked, multiply line 6 by 0.5 and enter on line 7 »		
	If no box is applicable, enter 0 on line 7» » » » » » » » » » » » » » »	7	0
	Subtract line 7 from line 6 » » » » » » » » » » » » » Transfer Fee:	8	1900

1. For irrigation calculate cfs for each water right involved as follows:

a. Divide total authorized cfs by total acres in the water right (for C12345, 1.25 cfs ÷100 ac); then multiply by the number of acres to be transferred to get the transfer cfs (x 45 ac = 0.56 cfs).

b. If the water right certificate does not list total cfs, but identifies the allowable use as 1/40 or 1/80 of a cfs per acre; multiply number of acres proposed for change by either 0.025 (1/40) or 0.0125 (1/80). (For C87654, 45.0 ac x 0.0125 cfs/ac = 0.56 cfs

2. Add cfs for the portions of water rights on all the land included in the transfer; however do not count cfs for supplemental rights on acreage for which you have already calculated the cfs fee for the primary right on the same land. The fee should be assessed only once for each "on the ground" acre included in the transfer. (In this example, blank 5a would be only 0.56 cfs, since both rights serve the same 45.0 acres. Blank 5b would be 0 and Line 5 would then also become 0).

25	FEE WORKSHEET for SUBSTITUTION	-	
1	Base Fee (includes change to one well)	1	\$725.00
	Number of wells included in substitution (2a)		
	Subtract 1 from the number in 3a above: (2b) If only one well this will be 0		
2	Multiply line 2b by \$350 and enter » » » » » » » » » » » » » »	2	
3	Add entries on lines 1 through 2 above » » » » » Fee for Substitution:	3

INSTRUCTIONS for editing the Application Form

To add additional lines to tables within the forms or to copy and paste additional Part 5 pages, please save the application form to your computer. Unlock the document by using one of the following

instructions for your Microsoft Word software version:

Microsoft Word 2003

Unlock the document by one of the following:

- Using the Tools menu => click Unprotect Document; OR
- Using the Forms toolbar => click on the Protect/Unprotect icon.

To relock the document to enable the checkboxes to work, you will need to:

Using the Tools menu => click Protect Document;
 OR

• Using the Forms toolbar => click on the Protect/Unprotect icon.

Once the application has been unlocked, you may:

- add additional rows to tables using the Table tools, and
- select and copy the pages of Part 5 and paste as many additional sets of Part 5 pages as needed at the end of the application.

After editing, re-lock the document to enable checkboxes to work.

Microsoft Word 2007

- Unlock the document by clicking the Review tab, then click Protect Document, then click Stop Protect
- To relock the document, click Editing Restrictions, then click Allow Only This Type of Editing, select Filling In Forms from the drop-down menu, then check Yes, Start Enforcing Protection.

Microsoft Word 2010

- Unlock the document by clicking the **Review** tab, toggle the **Restrict Editing icon** at the upper right, then click **Stop Protect** at the bottom right. Then uncheck the "**Allow only this type of editing** in the document: **Filling in forms**" in the "Editing restrictions" section on the right-hand list of options.
- To relock the document, check the Editing Restrictions/Allow Only This Type of Editing/Filling In Forms box from the drop-down menu, then check Yes, Start Enforcing Protection From to assign a password for the editing restrictions.

OCT 3 1 2016

Other Alternatives:

SALEM, OR

- Photocopy pages or tables in Part 5, mark-through any non-applicable information, insert/attach photocopied pages to document in the appropriate location, and manually amend page numbers as necessary (e.g. Page 5 6 of 9 10).
- You may refer to additional attachments that you may include, such as separately produced tables or spreadsheets to convey large numbers of rows of place of use listings, owner/property parcels, etc. You may contact the Department at 503-986-0900 and ask for Transfer Staff if you have questions.

Please use a separate Part 5 for each water right being changed. See instructions on page 6, to copy and paste additional Part 5s, or to add additional rows to tables within the form.

CERTIFICATE # 20637

Description of Water Delivery System

System capacity: Forest Creek 0.31 CFS, Winingham Spring 0.01 CFS cubic feet per second (cfs) OR

gallons per minute (gpm)

Describe the current water delivery system or the system that was in place at some time within the last five years. Include information on the pumps, canals, pipelines and sprinklers used to divert, convey and apply the water at the authorized place of use. Winingham Spring Flows Consistently from an 8x8x17 ft. cistern via a 2ins. diam iron pipe and is appropriated at the place of use as shown on the attached map. Forest Creek is diverted via an electric and gas pump for irrigation.

Table 1. Location of Authorized and Proposed Point(s) of Diversion (POD) or Appropriation (POA) (Note: If the POD/POA name is not specified on the certificate, assign it a name or number here.)

RECEIVED BY OWRD

Additional remarks: It shall be noted that in certificate 20637 that the P.O.D. on Forest Creek and Winningham Spring was not specified; both are longstanding and appear to have been in place since the original certificate issuance in 1954; ties to a survey corner have been provided as a part of this transfer. Winningham Spring was certificated for domestic purposes under cert. 20637 with a specificied rate of 0.01 CFS with no duty stated. Through field survey and consultation with the property owner (who has much historical knowledge due the property being in their family for many years); the spring served a residence and two cabins along with several outbuildings. The spring is constructed as a 8 x 8 foot by 17 foot deep concrete cistern with backflow devices installed. A combination of natural flow and pressurized siphon enable 24 hour a day flow at or above the approved rate in cert. 20637. If water is not appropriated continuously the cistern will fill and eventually overflow thereby necesitating the use of a bulge in system to prevent water waste. The water user seeks to utilize the waters of this spring via drip irrigation methods and high efficiency sprinklers for nursery operations for the cultivation of crops. Additionally a 1500 gallon bulge in system has been installed with future plans to upgrade to 20,000 gallons as is economically feasible. Based on continuous flow of the certificated amount of 0.01 CFS which computes to 7.20 acre feet annually the water user is requesting only 6.50 acre feet annually for nursery operations at the previously certificated rate of 0.01 CFS to not over utilize the resource for beneficial purposes.

Forest Creek waters under certificate 20637 are not affected by this transfer. It shall be noted that the place of use for 4.5 arces of nursery use from Winningham Spring requested under this transfer application are coincident with the irrigation rights place of use for the 4.5 acres from Forest Creek. Certificate 20638 being Winningham Resrvoir shall see no change. The water appurtenant to those lands known as taxlot 38-3W-10-301 are not a part of this transfer.

PET TYES BY OWRD DOT 3 1 7016 DALEM OR
