Salem, Oregon 97301-1271

RE: **Application for Water Right Transfer**
Water Right Permit No. G-16146 (Application No. G-15974)
City of Prineville

Kelly:

On behalf of the City of Prineville, please find enclosed an Application for Permit Amendment for the City of Prineville's water right permit G-16146. The City has enclosed a check totaling \$1,050 for payment of the application filing fee.

The City is currently constructing the second point of appropriation (Airport Well 2) listed on the permit, which will allow the City to fully develop the groundwater appropriation authorized by the permit. The City is applying to make a change to the points of appropriation listed on the permit and to revise the authorized place of use to encompass the City's water service area in its entirety.

If you have any questions regarding the enclosed application or the information contained in therein, please call me at (503) 239-8799. Thank you for your assistance and I look forward to hearing from you soon.

Sincerely,
GSI Water Solutions, Inc.
