Reference: Transfer T-10793 and Transfer T-10794

The assignment from Deer Creek Center for Field Research and Education to Siskiyou Field Institute has been recorded in the records of the Water Resources Department.

The Departments records will now show Siskiyou Field Institute as the transfer holder of record.

Our records have been changed accordingly and the original request is enclosed. Receipt number 113035 covering the recording fee is also enclosed.

A transfer is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the transfers to be familiar with the conditions and timelines contained in the transfers.

Please note that these transfers require complete application of water to the proposed use by October 1, 2015, and within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE).

Sincerely,

Jerry Sauter
