Reference: Application R-72221, Permit R-11671 – Application S-72222, Permit S-51992
Transfer T-6676

The assignment by proof from Fred Rhyme to Timothy R. and Rebecca S. Roth has been recorded in the records of the Water Resources Department.

The Departments records will now show Timothy R. and Rebecca S. Roth as the permit and transfer holders of record.

Our records have been changed accordingly and the original request is enclosed. Receipt number 114344 covering the recording fee is also enclosed.

A permit is not a perfected water right, and has conditions and timelines that must be satisfied prior to a Certificate of Water Right being issued. Please review the permits and transfer to be familiar with the conditions and timelines contained in the permits and transfer.

Please note that these permits required complete application of water to the proposed use by October 1, 1999, and within one year after complete application of water to the proposed use, the permittee shall submit a claim of beneficial use, which includes a map and report, prepared by a Certified Water Rights Examiner (CWRE).

Sincerely,

Jerry Sauter
Water Rights Program Analyst
