Date:

Staff:

Your temporary transfer application will be returned if any of the map requirements listed below are not met.

Please be sure that the temporary transfer application map you submit includes all the required items and matches the existing water right map. Check all boxes that apply. N/A If more than three water rights are involved, separate maps are needed for each water right. \boxtimes Permanent quality printed with dark ink on good quality paper. \boxtimes The size of the map can be $8\frac{1}{2} \times 11$ inches, $8\frac{1}{2} \times 14$ inches, 11×17 inches, or up to 30×30 inches. For 30 x 30 inch maps, one extra copy is required. \boxtimes A north arrow, a legend, and scale. \boxtimes The scale of the map must be: 1 inch = 400 feet, 1 inch = 1,320 feet, the scale of the Final Proof/Claim of Beneficial Use Map (the map used when the permit was certificated), the scale of the county assessor map if the scale is not smaller than 1 inch = 1,320 feet, or a scale that has been pre-approved by the Department. \boxtimes Township, Range, Section, ¼ ¼, DLC, Government Lot, and other recognized public land survey lines. \boxtimes Tax lot boundaries (property lines) are required. Tax lot numbers are recommended. \boxtimes Major physical features including rivers and creeks showing direction of flow, lakes and reservoirs, roads, and railroads. \boxtimes Major water delivery system features from the point(s) of diversion/appropriation such as main pipelines, canals, and ditches. \boxtimes Existing place of use that includes separate hachuring for each water right, priority date, and use including number of acres in each quarter-quarter section, government lot, or in each quarter-quarter section as projected within government lots, donation land claims, or other recognized public land survey subdivisions. If less than the entirety of the water right is being changed, a separate hachuring is needed for lands left unchanged. \boxtimes Proposed temporary place of use that includes separate hachuring for each water right, priority date, and use including number of acres in each quarter-quarter section, government lot, or in each quarter-quarter section as projected within government lots, donation land claims, or other recognized public land survey subdivisions. \boxtimes Existing point(s) of diversion or well(s) with distance and bearing or coordinates from a recognized survey corner. This information can be found in your water right certificate or permit. If you are proposing a change in point(s) of diversion or well(s) to convey water to the new temporary place of use, show the proposed location and label it clearly with distance and bearing or coordinates. If GPS coordinates are used, latitude-longitude coordinates may be expressed as either degrees-minutes-seconds with at least one digit after the decimal (example – 42°32'15.5") or degrees-decimal with five or more digits after the decimal

 $(example - 42.53764^{\circ}).$

Part 3 of 5 - Fee Worksheet

		100	WOIRSHE
	FEE WORKSHEET for TEMPORARY (not drought) TRANSFERS	,	
1	Base Fee (includes temporary change to one water right for up to 1 cfs)	1	\$700.00
2	Number of water rights included in transfer 1 (2a) Subtract 1 from the number in 3a above: 0 (2b) If only one water right this will be 0 Multiply line 2b by \$225.00 and enter >>>>>>>>>>>>>>>>>>>>>>>>>>>>>>>>>>>>	2	0
	Do you propose to add or change a well, or change from a surface water POD to a well? No: enter 0 » » » » » » » » » » » » » » » » » »		
3	Yes: enter \$350 » » » » » » » » » » » » » » » »	3	0
	Do you propose to change the place of use for a non-irrigation use? No: enter 0 on line 4 » » » » » » » » » » » » » » » » » »		
4	If 4b is greater than 0, round up to the nearest whole number: (4c) and multiply 4c by \$175.00, then enter on line 4 » » » » » » » » »	4	0
5	Do you propose to change the place of use for an irrigation use? No: enter 0 on line 5 » » » » » » » » » » » » » » » » » »	5	32.20
6		6	32.20
	Is this transfer: necessary to complete a project funded by the Oregon Watershed Enhancement Board (OWEB) under ORS 541.932? endorsed in writing by ODFW as a change that will result in a net benefit to fish and wildlife habitat? If one or more boxes is checked, multiply line 6 by 0.5 and enter on line 7 »	0	
7	If no box is applicable, enter 0 on line 7» » » » » » » » » » » » » »	7	0
8	Subtract line 7 from line 6 » » » » » » » » » » » » » Transfer Fee:	8	732.20

	FEE WORKSHEET for TEMPORARY DROUGHT TRANSFERS									
1	Base Fee (includes drought application and recording fee for up to 1 cfs)	1	\$200.00							
	Enter the cfs for the portions of the rights to be transferred (see example below*):									
	(2a)									
	Subtract 1.0 from the number in 2a above: (2b)									
	If 2b is 0, enter 0 on line 2 » » » » » » » » » » » » » » » »									
	If 2b is greater than 0, round up to the nearest whole number: (2c) and									
2	multiply 2c by \$50, then enter on line 2 » » » » » » » » »	2								
3	Add entries on lines 1 through 2 above » » » » » » » Transfer Fee::	3								

^{*}Example for Line 2a calculation to transfer 45.0 acres of Primary Certificate 12345 (total 1.25 cfs for 100 acres) and 45.0 acres of Supplemental Certificate 87654 (1/80 cfs per acre) on the same land:

^{1.} Divide total authorized cfs by total acres in the water right (for C12345, 1.25 cfs \div 100 ac); then multiply by the number of acres to be transferred to get the transfer cfs (x 45 ac= 0.56 cfs).

^{2.} If the water right certificate does not list total cfs, but identifies the allowable use as 1/40 or 1/80 of a cfs per acre; multiply number of acres proposed for change by either 0.025 (1/40) or 0.0125 (1/80). (For C87654, 45.0 ac x 0.0125 cfs/ac = 0.56 cfs)

^{3.} Add cfs for the portions of water rights on all the land included in the transfer; however do not count cfs for supplemental rights on acreage for which you have already calculated the cfs fee for the primary right on the same land. The fee should be assessed only once for each "on the ground" acre included in the transfer. (In this example, blank 2a would be only 0.56 cfs, since both rights serve the same 45.0 acres. Blank 2b would be 0 and Line 2 would then also become 0).

Part 4 of 5 - Applicant Information and Signature

INSTRUCTIONS for editing the Application Form

To add additional lines to tables within the forms or to copy and paste additional Part 5 pages, please save the application form to your computer. Unlock the document by using one of the following

instructions for your Microsoft Word software version:

Microsoft Word 2003

Unlock the document by one of the following:

- Using the Tools menu => click Unprotect Document;
 OR
- Using the Forms toolbar => click on the Protect/Unprotect icon.

To relock the document to enable the checkboxes to work, you will need to:

- Using the Tools menu => click Protect Document; OR
- Using the Forms toolbar => click on the Protect/Unprotect icon.

Once the application has been unlocked, you may:

- add additional rows to tables using the Table tools, and
- select and copy the pages of Part 5 and paste as many additional sets of Part 5 pages as needed at the end of the application.

After editing, re-lock the document to enable checkboxes to work.

Microsoft Word 2007

- Unlock the document by clicking the Review tab, then click Protect Document, then click
 Stop Protect
- To relock the document, click Editing Restrictions, then click Allow Only This Type of Editing, select Filling In Forms from the drop-down menu, then check Yes, Start Enforcing Protection.

Microsoft Word 2010

- Unlock the document by clicking the Review tab, toggle the Restrict Editing icon at the upper right, then click Stop Protect at the bottom right. Then uncheck the "Allow only this type of editing in the document: Filling in forms" in the "Editing restrictions" section on the right-hand list of options.
- To relock the document, check the Editing Restrictions/Allow Only This Type of Editing/Filling In
 Forms box from the drop-down menu, then check Yes, Start Enforcing Protection. You do not need
 to assign a password for the editing restrictions.

Other Alternatives:

- Photocopy pages or tables in Part 5, mark through any non-applicable information, insert/attach
 photocopied pages to document in the appropriate location, and manually amend page numbers as
 necessary (e.g. Page 5 6 of 9 10).
- You may refer to additional attachments that you may include, such as separately produced tables or spreadsheets to convey large numbers of rows of place of use listings, owner/property parcels, etc. You may contact the Department at 503-986-0900 and ask for Transfer Staff if you have questions.

Please use a separate Part 5 for each water right being changed. See instructions on page 6, to copy and paste additional Part 5s, or to add additional rows to tables within the form.

Description of Water Delivery System

System capacity: 1.37 cubic feet per second (cfs) OR

600 gallons per minute (gpm)

Describe the current water delivery system or the system that was in place at some time within the last five years. Include information on the pumps, canals, pipelines and sprinklers used to divert, convey and apply the water at the authorized place of use. Pumps & Motors: 1 Cornell Pump, Model 4YB driven by 1 50 Hp electric motor, 1 Berkeley Pump Model B3EPBL driven by 1 50 Hp electric motor; Main line - 2 6"dia pipes run west from North POD and junction with 1 6" pipe that runs south, the 2 6" pipes continue to junction with booster pump and 1 8" pipe that runs west; booster pump feeds 1 8"dia pipe that runs west and 1 6" dia pipe that runs north. Wheel lines: 2600' total length; 66 sprinklers; 5/16" nozzles; 60 psi. Big gun; 0.9" nozzle; 60 to 80 psi. Linear line: 1690' total length; nozzle size varies depending upon drop; 25 psi. Per company that designed the linear system, system delivers 600 gpm ±.

Table 1. Location of Authorized and Proposed Point(s) of Diversion (POD) or Appropriation (POA)

For Place of Use Changes

	e there other water right certificates, water use permits or ground water registrations associated th the "from" or the "to" lands? \square Yes \boxtimes No
If '	YES, list the certificate, water use permit, or ground water registration numbers:
to a	rsuant to ORS 540.525, any "layered" water use such as an irrigation right that is supplemental a primary right proposed for temporary transfer can be included in the transfer or remain used on the authorized place of use. If the primary water right does not revert soon enough to ow use of the supplemental right within five years, the supplemental right shall become subject cancellation for nonuse under ORS 540-610.
	a change in point(s) of appropriation (well(s)) or additional point(s) of appropriation if ssary to convey the water to the new temporary place of use:
	Well log(s) are attached for each authorized and proposed well(s) that are clearly labeled and associated with the corresponding well(s) in Table 1 above and on the accompanying application map. (Tip : You may search for well logs on the Department's web page at: http://apps.wrd.state.or.us/apps/gw/well_log/Default.aspx)
Al	ND/OR
	Describe the construction of the authorized and proposed well(s) in Table 3 for any wells that do not have a well log. For <i>proposed wells not yet constructed or built</i> , provide "a best estimate" for each requested information element in the table. The Department recommends you consult a licensed well driller, geologist, or certified water right examiner to assist with assembling the information necessary to complete Table 3.

Table 3. Construction of Point(s) of Appropriation

Any well(s) in this listing must be clearly tied to corresponding well(s) described in Table 1 and shown on the accompanying application map. Failure to provide the information will delay the processing of your transfer application until it is received. The information is necessary for the department to assess whether the proposed well(s) will access the same source aquifer as the authorized point(s) of appropriation (POA). The Department is prohibited by law from approving POA changes that do not access the same source aquifer.

Proposed or Authorized POA Name or Number	Is well already built?
