RE: Temporary Transfer Application

Dear Sarah:

Enclosed for filing on behalf of St. Hilaire Brothers Hermiston Farm, LLC is an Application for Temporary Transfer with supporting documentation. Also enclosed is a check in the amount of \$1750.24 to cover the application fee. I will serve as the applicant's agent.

As noted in the application, this is essentially a request to renew previous transfer T-11616 for another five years. I received permission to use the existing map and Table 2 from T-11616.

Please feel free to call me if you have any questions or need additional information to complete your review.

Best regards,

Shonee D. Langford

Application for Water Right Temporary or Drought Temporary Transfer

Part 1 of 5 – Minimum Requirements Checklist

This temporary transfer application will be returned if Parts 1 through 5 and all required attachments are not completed and included.
 For questions, please call (503) 986-0900, and ask for Transfer Section.

FOR ALL TEMPORARY TRANSFER APPLICATIONS

Check all items included with this application. (N/A = Not Applicable)

- Part 1 – Completed Minimum Requirements Checklist.
- Part 2 – Completed Temporary Transfer Application Map Checklist.
- Part 3 – Application Fee, payable by check to the Oregon Water Resources Department, and completed Fee Worksheet, page 3. Try the new online fee calculator at: http://apps.wrd.state.or.us/apps/misc/wrd_fee_calculator. If you have questions, call Customer Service at (503) 986-0801.
- Part 4 – Completed Applicant Information and Signature.
- Part 5 – Information about Transferred Water Rights: **How many water rights are to be transferred? 1 List them here: 80295**
 Please include a separate Part 5 for each water right. (See instructions on page 6)
- N/A For standard Temporary Transfer (one to five years) **Begin Year 2018 End Year 2022.**
- N/A Temporary Drought Transfer (Only in counties where the Governor has declared drought)

Attachments:

- Completed Temporary Transfer Application Map.
- Completed Evidence of Use Affidavit and supporting documentation.
- *See note** Current recorded deed for the land from which the authorized place of use is temporarily being moved. ***NOTE: Applicant owns water right separately from underlying land per attached Certificate of Ownership Update Form and Statutory Warranty Deed.**
- N/A Affidavit(s) of Consent from Landowner(s) (if the applicant does not own the land the water right is on.) **See highlighted note above.**
- N/A Supplemental Form D – For water rights served by or issued in the name of a district. Complete when the temporary transfer applicant is not the district.
- N/A Land Use Information Form with approval and signature (or signed land use form receipt stub). Not required if water is to be diverted, conveyed, and/or used only on federal lands or if **all** of the following apply: a) a change in place of use only, b) no structural changes, c) the use of water is for irrigation only, and d) the use is located within an irrigation district or an exclusive farm use zone. **Items a, b, c and d above apply to this transfer.**
- N/A Water Well Report/Well Log for changes in point(s) of appropriation (well(s)) or additional point(s) of appropriation (if necessary to convey water to the proposed place of use).

Part 2 of 5 – Temporary Transfer Application Map Checklist

Your temporary transfer application will be returned if any of the map requirements listed below are not met.

Please be sure that the temporary transfer application map you submit includes all the required items and matches the existing water right map. Check all boxes that apply.

- N/A If **more than three** water rights are involved, separate maps are needed for each water right.
- Permanent quality printed with dark ink on good quality paper.
- *See note The size of the map can be 8½ x 11 inches, 8½ x 14 inches, 11 x 17 inches, or up to 30 x 30 inches. For 30 x 30 inch maps, one extra copy is required. ***NOTE: Customer service confirmed with Sarah Henderson that the enclosed T-11616 map would be acceptable.**
- A north arrow, a legend, and scale.
- The scale of the map must be: 1 inch = 400 feet, 1 inch = 1,320 feet, the scale of the Final Proof/Claim of Beneficial Use Map (the map used when the permit was certificated), the scale of the county assessor map if the scale is not smaller than 1 inch = 1,320 feet, or a scale that has been pre-approved by the Department.
- Township, Range, Section, ¼ ¼, DLC, Government Lot, and other recognized public land survey lines.
- Tax lot boundaries (property lines) are required. Tax lot numbers are recommended.
- Major physical features including rivers and creeks showing direction of flow, lakes and reservoirs, roads, and railroads.
- Major water delivery system features from the point(s) of diversion/appropriation such as main pipelines, canals, and ditches.
- Existing place of use that includes separate hachuring for each water right, priority date, and use including number of acres in each quarter-quarter section, government lot, or in each quarter-quarter section as projected within government lots, donation land claims, or other recognized public land survey subdivisions. If less than the entirety of the water right is being changed, a separate hachuring is needed for lands left unchanged. **See highlighted note above. Lands left unchanged are not identified on T-11616 map.**
- N/A Proposed temporary place of use that includes separate hachuring for each water right, priority date, and use including number of acres in each quarter-quarter section, government lot, or in each quarter-quarter section as projected within government lots, donation land claims, or other recognized public land survey subdivisions.
- Existing point(s) of diversion or well(s) with distance and bearing or coordinates from a recognized survey corner. This information can be found in your water right certificate or permit.
- N/A If you are proposing a change in point(s) of diversion or well(s) to convey water to the new temporary place of use, show the proposed location and label it clearly with distance and bearing or coordinates. If GPS coordinates are used, latitude-longitude coordinates may be expressed as either degrees-minutes-seconds with at least one digit after the decimal (example – 42°32'15.5") or degrees-decimal with five or more digits after the decimal (example – 42.539722)

BY PROVIDING AN E-MAIL ADDRESS, CONSENT IS GIVEN TO RECEIVE ALL CORRESPONDENCE FROM THE DEPARTMENT ELECTRONICALLY. COPIES OF THE FINAL ORDER DOCUMENTS WILL ALSO BE MAILED.				

Explain in your own words what you propose to accomplish with this transfer application; and why: Temporarily transfer the place of use for 408.8 acres of irrigation. This is essentially a renewal of Transfer T-11616.
If you need additional space, continue on a separate piece of paper and attach to the application as "Attachment 1".

Check this box if this project is fully or partially funded by the American Recovery and Reinvestment Act. (Federal stimulus dollars)

I (we) affirm that the information contained in this application is true and accurate.

Applicant signature

ST. HILAIRE BROTHERS HERMISTON FARM, LLC
By: Carl St. Hilaire, Manager 1/3/2018
Print Name (and Title if applicable) Date

Is the applicant the sole owner of the land on which the water right, or portion thereof, proposed for transfer is located? Yes No **See note below**

If NO, include signatures of all landowners (and mailing and/or e-mail addresses if different than the applicant's) or attach affidavits of consent (and mailing and/or e-mail addresses) from all landowners or individuals/entities to which the water right(s) has been conveyed.

***NOTE: The applicant is the sole owner of the water right proposed for transfer, a portion of which is owned by the applicant and another portion of which is located on land owned by Lloyd and Lois Piercy. Ownership of the water right has been severed from the land by deed from Lloyd and Lois Piercy to the applicant, St. Hilaire Brothers Hermiston Farm, LLC. Please see attached copies of related Certificate of Ownership Update Form and Statutory Warranty Deed, which are on file with the Oregon Water Resources Department. Please direct any questions concerning ownership of the water rights to applicant's agent, Shonee Langford.**

Part 5 of 5 – Water Right Information

Please use a separate Part 5 for each water right being changed. See instructions on page 6, to copy and paste additional Part 5s, or to add additional rows to tables within the form.

Description of Water Delivery System

System capacity: 28.31 cubic feet per second (cfs) OR
 _____ gallons per minute (gpm)

Describe the current water delivery system or the system that was in place at some time within the last five years. Include information on the pumps, canals, pipelines, and sprinklers used to divert, convey, and apply the water at the authorized place of use. **The source of water for this system is groundwater. There are four wells on the property. Well #1 (UMAT 3007) is 600 feet deep, Well #2 (UMAT 3004) is 600 feet deep, Well #4 (UMAT 3000) is 665 feet deep, and Well #4 (UMAT 2999) is 950 feet deep. Wells #1, #2, and #3 all have 16 inch casings while Well #4 has an 18" casing. There are 500 hp turbine pumps in each well. Well #2 has a 50 hp centrifugal booster pump and Well #3 has two 60 hp centrifugal booster pumps. The system has a looping network of mainlines that connect the four wells. This network is also connected to a regulating reservoir that maintains a constant head throughout the system. Twenty-seven center pivots are supplied off the mainline loop through laterals. In addition to the center pivots, areas can be irrigated using wheel-lines and/or handlines from risers located along sections of mainline. The head maintained by the regulating reservoir is adequate to operate all but three of the center pivots which each has its own small booster pump. All the pipelines are buried; many of the mainline sections are steel while most of the laterals are PVC. Pipe sizes of the various sections vary depending on the required capacity through that section; sizes range from 20 inch steel down to 6 inch PVC. There is a flow meter at each of the four wells. These meters are read weekly and monthly totals are reported annually.**

Table 1. Location of Authorized and Proposed Point(s) of Diversion (POD) or Appropriation (POA)

(Note: If the POD/POA name is not specified on the certificate, assign it a name or number here.)

Check all type(s) of temporary change(s) due to drought proposed below (change “CODES” are provided in parentheses):

- Place of Use (POU)
- Character of Use (USE)
- Point of Diversion (POD)
- Point of Appropriation/Well (POA)
- Additional Point of Appropriation (APOA)
- Additional Point of Diversion (APOD)

Will all of the proposed changes affect the entire water right?

- Yes Complete only the Proposed (“to” lands) section of Table 2 on the next page. Use the “CODES” listed above to describe the proposed changes.
- No Complete all of Table 2 to describe the portion of the water right to be changed.

RECEIVED BY OWRD

1 12821

JAN 11 2017

For Place of Use Changes

Are there other water right certificates, water use permits or ground water registrations associated with the "from" or the "to" lands? Yes No

If YES, list the certificate, water use permit, or ground water registration numbers: **Permit S-54385 (permit amendment application T-12751 pending).**

Pursuant to ORS 540.525, any "layered" water use such as an irrigation right that is supplemental to a primary right proposed for temporary transfer can be included in the transfer or remain unused on the authorized place of use. If the primary water right does not revert soon enough to allow use of the supplemental right within five years, the supplemental right shall become subject to cancellation for nonuse under ORS 540-610.

For a change in point(s) of appropriation (well(s)) or additional point(s) of appropriation if necessary to convey the water to the new temporary place of use:

- Well log(s) are attached for each authorized and proposed well(s) that are clearly labeled and associated with the corresponding well(s) in Table 1 above and on the accompanying application map. (**Tip:** You may search for well logs on the Department's web page at: http://apps.wrd.state.or.us/apps/gw/well_log/Default.aspx)

AND/OR

- Describe the construction of the authorized and proposed well(s) in Table 3 for any wells that do not have a well log. For *proposed wells not yet constructed or built*, provide "a best estimate" for each requested information element in the table. The Department recommends you consult a licensed well driller, geologist, or certified water right examiner to assist with assembling the information necessary to complete Table 3.

Table 3. Construction of Point(s) of Appropriation

Any well(s) in this listing must be clearly tied to corresponding well(s) described in Table 1 and shown on the accompanying application map. Failure to provide the information will delay the processing of your transfer application until it is received. The information is necessary for the department to assess whether the proposed well(s) will access the same source aquifer as the authorized point(s) of appropriation (POA). The Department is prohibited by law from approving POA changes that do not access the same source aquifer.

Proposed or Authorized POA Name or Number	Is well already built? (Yes or No)	If an existing well, OWRD Well ID Tag No. L-___	Total well depth	Casing Diameter	Casing Intervals (feet)	Seal depth(s) (intervals)	Perforated or screened intervals (in feet)	Static water level of completed well (in feet)	Source aquifer (sand, gravel, basalt, etc.)	Well-specific rate (cfs or gpm).
