Yes No *If NO, include signatures of all deeded landowners (and mailing and/or e-mail addresses if different than the applicant's) or attach affidavits of consent (and mailing and/or e-mail addresses) from all landowners or individuals/entities to which the water right(s) were conveyed.*

At this time, are the lands in this application in the process of being sold? Yes No

If YES, and you know who the new landowner will be, please complete the receiving landowner information table below. If you do not know who the new landowner will be, then a request for assignment will have to be filed for at a later date.

The current POD has been used as long as anyone in the area can remember without complaint. However, the certificate continues to reflect a POD that does not exist. In order to move forward with an allocation of conserved water application that involves water right 3077 the POD must be corrected.

If you need additional space, continue on a separate piece of paper and attach to the application as "Attachment 1".
