Re: Termination of IL-1665 / MP-234

On May 4, 2018, the Department issued an order approving IL-1665 and Mitigation Project MP-234. The mitigation project was awarded 131.9 mitigation credits for use in the General and Middle Zones of Impact.

On March 5, 2019, the Department received a request from the DRC Mitigation Bank and COID to terminate the instream lease and mitigation credit project. The lease has been terminated by the Department, and the mitigation credits awarded to this project will no longer be valid as of December 31, 2018.

Enclosed is a copy of the final order. If you have any questions, please call me at (503) 986-0884.

Sincerely,

Sally Phillips
for

Sarah Henderson
Flow Restoration Program Coordinator
