Authority

Oregon Revised Statutes (ORS) 537.705 and 540.505 to 540.580 establish the process in which a water right holder may submit a request to transfer the point of appropriation, place of use, or character of use authorized under an existing water right. Oregon Administrative Rules (OAR) Chapter 690, Division 380 implement the statutes and provides the Department's procedures and criteria for evaluating transfer applications.

Applicant

MYRON AND DIANE KUENZI FAMILY FARM, LLC

SALEM, OR 97317

Findings of Fact

1. On July 23, 2018, MYRON AND DIANE KUENZI FAMILY FARM, LLC filed an application for an additional point of appropriation under Certificate 55204. The Department assigned the application number T-12982.

3. On October 10, 2019, the Department mailed a copy of the draft Preliminary Determination proposing to approve Transfer Application T-12982 to the applicants. The draft Preliminary Determination cover letter set forth a deadline of November 8, 2019, for the applicants to respond. The applicants requested that the Department proceed with issuance of a Preliminary Determination and provided the necessary information to demonstrate that the applicant is authorized to pursue the transfer.

Pursuant to OAR 690-380-4030, any person may file a protest or standing statement within 30 days after the last date of publication of notice of this preliminary determination.

Transfer Review Criteria (OAR 690-380-4010)

8. The proposed change would not result in enlargement of the right.
9. The proposed change would not result in injury to other water rights.

10. All other application requirements are met.

Determination and Proposed Action

The additional point of appropriation proposed in Transfer Application T-12982 appears to be consistent with the requirements of ORS 537.705 and 540.505 to 540.580 and OAR 690-380-5000. If protests are not filed pursuant to OAR 690-380-4030, the application will be approved.

If Transfer Application T-12982 is approved, the final order will include the following:

1. *The additional point of appropriation proposed in Transfer Application T-12982 is approved.*
2. *The right to the use of the water is restricted to beneficial use at the place of use described, and is subject to all other conditions and limitations contained in Certificate 55204 and any related decree.*
3. *Water right Certificate 55204 is cancelled. A new certificate will be issued describing that portion of the right not affected by this transfer.*
4. *The quantity of water diverted at the additional point of appropriation (Well 2), together with that diverted at the original point of appropriation (Well 1), shall not exceed the quantity of water lawfully available at the original point of appropriation (Well 1).*
5. *Water shall be acquired from the same aquifer (water source) as the original point of appropriation.*
6. *Full beneficial use of the water shall be made, consistent with the terms of this order, on or before **October 1, 2021**. A Claim of Beneficial Use prepared by a Certified Water Right Examiner shall be submitted by the applicant to the Department within one year after the deadline for completion of the change and full beneficial use of the water.*

7. *After satisfactory proof of beneficial use is received, a new certificate confirming the right transferred will be issued.*

SUBJECT: Water Right Transfer Application T-12982

Please find enclosed the Preliminary Determination indicating that, based on the information available, the Department intends to approve application T-12982. This document is an intermediate step in the approval process; water may not be used legally as proposed in the transfer application until a Final Order has been issued by the Department. Please read this entire letter carefully to determine your responsibility for additional action.

A public notice is being published in the Department's weekly publication, simultaneously with issuance of the Preliminary Determination. The notice initiates a period in which any person may file either a protest opposing the decision proposed by the Department in the Preliminary Determination or a standing statement supporting the Department's decision. The protest period will end 30 days after the Department's notice.

If no protest is filed, the Department will issue a Final Order consistent with the Preliminary Determination. You should receive a copy of the Final Order about 30 days after the close of the protest period.

If a protest is filed, the application may be referred to a contested case proceeding. A contested case provides an opportunity for the proponents and opponents of the decision proposed in the Preliminary Determination to present information and arguments supporting their position in a quasi-judicial proceeding.

Please do not hesitate to contact me, at corey.a.courchane@oregon.gov or (503) 986-0825, if I may be of assistance.

Sincerely,

Corey Courchane
