☐ Yes ⊠ No	Conservation Reserve Enhancement Program (CREP). Are some or all of the lands to be leased part of CREP or another Federal program (list here:)?						
Attachments:							
Yes N/A Map: Instream Lease map requirements (see Part 2 of this application)							
☐Yes ⊠ N/A	Tax Lot Map: If a portion of the water right <i>not included in the lease</i> is appurtenant to lands owned by others, a tax lot map must be included with the lease application. The tax lot map should clearly show the property involved in the lease.						
⊠Yes □ N/A	Supporting documentation describing why a right (or portion thereof) is valid and not subject to forfeiture even though the right has not been exercised for five or more consecutive years. This information only needs to be provided if the checkbox has been checked to identify that the water right has not been used in the last five years and is not subject to forfeiture (See Part 4 of 4).						
☐Yes ⊠ N/A	If the Lessor (water following.	er right holder) is not the deeded landown	ner - pro	vide one of the			

- A notarized statement from the landowner consenting to the lease and a copy of the recorded deed; or.
- A water right conveyance agreement and a copy of the recorded deed for the landowner at the time the water right was conveyed; or

Part 2 of 4 – Instream Lease Application Map Checklist

A Map is generally required for each water right not leased in its entirety.

The application map (if required) should include all the items listed below and match the existing water right(s) of record. Check all boxes that apply.

This should be a <u>simple</u> map. (See example below). A copy of a final proof survey map with the portion to be leased shaded or hachured in will also suffice.

The map should be of sufficient quality to be reproducible. Please do not use highlighters to mark items on the map as highlighters do not always copy.

 \triangle A North arrow and map scale (no smaller than 1" = 1320').

Township, Range, Section, quarter quarter (QQ), and a clearly labeled survey corner.

For irrigation or other similar use, the number of acres to be leased in each quarter-quarter clearly labeled and hatchured to differentiate between the acres being leased and any remaining. If the place of use is broken down by more than one priority date, or source stream, and/or point of diversion you must identify each with separate hachuring and clearly label.

If available, identify the existing point(s) of diversion.

EXAMPLE MAP (the darker shaded portion representing the portion leased instream)

Part 4 of 4 – Lease Provisions and Party Signatures

	Term of the Lease (may be from 1 year up to 5 years): The lease is requested to begin in: month <u>03</u> year <u>2020</u> an	d end: month <u>10</u> year <u>2024</u>

OWRD

Table 2

To illustrate the totals for the water right proposed to be leased instream

Total rate and volume by priority date, POD, use and acreage as appropriate considering the right to be leased. If not enough room below, you may add additional rows (see instructions) or attach spreadsheet (matching Table 2). Please clearly label any attachments. (cfs = cubic feet per second and af = acre-feet)

Priority Date	POD#	Use	Total Acres	Other Information (such as conditions/limitations on the right)	Total Rate (cfs)	Total Volume (af)
5/25/1978		IS	276.8		6.92	968.8
5/25/1978		IR	9.5		0.24	33.25

Total af from storage, if applicable: _____ AF or \boxtimes N/A

Any additional information about the right:

Table 3

Point of Diversion (POD) description: If the POD is not described on the certificate or if there is more than one POD listed on the certificate, then **the specific POD(s)** involved in the lease must be described. If not enough room below, you may add additional rows (see instructions) or attach spreadsheet (matching Table 3). Please clearly label any attachments.

POD #	Twp	Rng	Sec	Q-Q	DLC/ Gov't	Measured Distances, latitude/longitude coordinates, or river mile (if unknown you may indicate "unknown")
1	9-S	45-E	35	NE-NW		850' South & 3150' West from NE Corner Sec 35
2		-	36	NW-NW		380' South from NW Corner Sec 36

Please check this box if you don't know the location of the POD(s) and want the Department to identify the location of the POD(s) for the purpose of the instream lease.

Part 3 of 4 cont. - Water Right and Instream Use Information
