Oregon Revised Statutes (ORS) 537.705 and 540.505 to 540.580 establish the process in which a water right holder may submit a request to transfer the point of appropriation, place of use, or character of use authorized under an existing water right. Oregon Administrative Rules (OAR) Chapter 690, Division 380 implement the statutes and provides the Department's procedures and criteria for evaluating transfer applications.

8. The proposed change would not result in enlargement of the right.
9. The proposed change would not result in injury to other water rights.
10. All other application requirements are met.

Determination and Proposed Action

The change in points of appropriation proposed in Transfer Application T-13100 appears to be consistent with the requirements of ORS 537.705 and 540.505 to 540.580 and OAR 690-380-5000. If protests are not filed pursuant to OAR 690-380-4030, the application will be approved.

If Transfer Application T-13100 is approved, the final order will include the following:

1. *The change in points of appropriation proposed in Transfer Application T-13100 is approved.*
2. *The right to the use of the water is restricted to beneficial use at the place of use described, and is subject to all other conditions and limitations contained in Certificate 50519 and any related decree.*
3. *Water right Certificate 50519 is cancelled.*
4. *The quantity of water diverted at the new points of appropriation (Keizer Well #12 – 17th Ave), shall not exceed the quantity of water lawfully available at the original points of appropriation (Well 1 (Keizer Well #13 – 13th Ave), Well 2 (Keizer Well #12 – 17th Ave), and Well 3(Keizer Well #11 – Lauderback).*
5. *Water shall be acquired from the same aquifer (water source) as the original points of appropriation.*
6. *Full beneficial use of the water shall be made, consistent with the terms of this order, on or before **October 1, 2025**. A Claim of Beneficial Use prepared by a Certified Water Right Examiner shall be submitted by the applicant to the Department within one year after the deadline for completion of the change and full beneficial use of the water.*

7. *After satisfactory proof of beneficial use is received, a new certificate confirming the right transferred will be issued.*

SUBJECT: Water Right Transfer Application T-13100

Please find enclosed the Preliminary Determination indicating that, based on the information available, the Department intends to approve application T-13100. This document is an intermediate step in the approval process; water may not be used legally as proposed in the transfer application until a Final Order has been issued by the Department. Please read this entire letter carefully to determine your responsibility for additional action.

A public notice is being published in the Department's weekly publication and in the Keizertimes newspaper, simultaneously with issuance of the Preliminary Determination. The notice initiates a period in which any person may file either a protest opposing the decision proposed by the Department in the Preliminary Determination or a standing statement supporting the Department's decision. The protest period will end 30 days after the last date of newspaper publication.

If no protest is filed, the Department will issue a Final Order consistent with the Preliminary Determination. You should receive a copy of the Final Order about 30 days after the close of the protest period.

If a protest is filed, the application may be referred to a contested case proceeding. A contested case provides an opportunity for the proponents and opponents of the decision proposed in the Preliminary Determination to present information and arguments supporting their position in a quasi-judicial proceeding.

Please do not hesitate to contact me, at corey.a.courchane@oregon.gov or (503) 986-0825, if I may be of assistance.

Sincerely,

Corey Courchane
