

# District Permanent Water Right Transfer Claim of Beneficial Use

## 1. APPLICANT INFORMATION

District: [Willow Creek District Improvement Company](#)

Contact Person: [Brian Thompson Manager](#)

Phone: [541 676 5051](#)

Mailing Address: [55805 Hwy 74](#)

City: [Heppner](#) State: [Oregon](#) Zip: [97836](#)

E-Mail address: [btranch@centurytel.net](mailto:btranch@centurytel.net)

Transfer Number: T - [12605](#)

RECEIVED

JAN 08 2019

OWRD

## 2. WATER RIGHT(S)

Pursuant to OAR Chapter 690, Division 385, the district is submitting to the Water Resources Department this claim of beneficial use, with the appropriate fee, for the following water right(s):

*NOTE: Fees do not apply if the priority date is prior to July 9, 1987.*

PERMIT NUMBER	CERTIFICATE NUMBER	DECREE (name, volume, and page)	PRIMARY (P) OR SUPP (S)
<a href="#">G-6828</a>	<a href="#">82491</a>		<input checked="" type="checkbox"/> P <input type="checkbox"/> S
<a href="#">S-48116</a>	<a href="#">82490</a>		<input type="checkbox"/> P <input checked="" type="checkbox"/> S
<a href="#">S-54980</a>			<input type="checkbox"/> P <input checked="" type="checkbox"/> S
<a href="#">G-15586</a>			<input type="checkbox"/> P <input checked="" type="checkbox"/> S

## 3. AUTHORIZED POINT(S) OF DIVERSION (POD) / APPROPRIATION (POA)

The authorized point(s) of diversion / appropriation for the water right modified by the transfer are as follows:

PERMIT NUMBER	DECREE or CERTIFICATE	POD / POA #	SOURCE	LOCATION – MEASURED DISTANCES
<a href="#">G-6828</a>	<a href="#">82491</a>	<a href="#">Padberg Well</a>		<a href="#">1810 Feet North and 1680 Feet West from, the SE Corner of Section 35</a>
<a href="#">S-48116</a>	<a href="#">82490</a>	<a href="#">Willow Creek</a>		<a href="#">1550 Feet North and 640 Feet West from the SE Corner of Section 35</a>
<a href="#">S-54980</a>		<a href="#">Willow Creek</a>		<a href="#">1550 Feet North and 640 Feet West from the SE Corner of Section 35*</a>
<a href="#">G-15586</a>		<a href="#">Padberg Well</a>		<a href="#">1810 Feet North and 1680 Feet West from, the SE Corner of Section 35</a>

**\*The location of the POD for S -54980 stated on the Final Order is 1540' N and 2100' E from the SE Corner of Section 35. This location is believed to be an error. The location of the POD is as noted in the above table.**

**4. AUTHORIZED PLACE OF USE**

The summary of the perfected change in place of use authorized by the final order approving the water right transfer is listed in Table 1.

MAP AND SITE REPORT

Attached is a map and site report for each water right listed in Table 1 that satisfies the requirements of OAR 690-385-7400.

6. SIGNATURES

The district certifies that it has inspected the place of use listed in Table I, and confirms the change in place of use has been completed consistent with the terms and conditions of the final order approving the transfer.

**District Conveyance System:**

Description of Delivery System: **Water is pumped from the Padberg Well with a 300 hp turbine pump. The Padberg Well is located in the NWSE of Section 35. From the well there is a buried 18" pipeline that extends in a southwesterly direction 1250 feet ± and then bends to the east and continues extending in a southwesterly direction 3600 feet ± to a cluster point. From the cluster point there are three pipelines that extend to the pivot points of three irrigation circles that are located in the SE quarter of Section 3 and the south half of Section 2. These circles irrigate the majority of the ground noted in the above table.**

**Near the bend located 1250 feet ± southwest of the Padberg Well, there is a pipeline that connects to the**

18" pipeline and extends 1180 feet ± southeasterly to the pivot point of an irrigation circle. The 0.4 acre parcel in the SESE of Section 35, and the 1.5 acre parcel in the NENE of Section 2 and a portion of the 2.7 acre parcel in the NWNE of Section 2 in the above table are located in this irrigation circle. Also, from the pivot point of this irrigation circle there is a pipeline that extends south 2050 feet ± to the pivot point of a smaller circle. There is a small portion of the 2.7 acre parcel in the NWNE of Section 2 that is irrigated with this circle.

**District Conveyance System:**

Description of Delivery System: There is a diversion structure located in Willow Creek in the NESE of Section 35. From the diversion structure water can flow 1230 feet ± down an open channel to a small pond (bulge in the system) located in the NWSE of Section 35. There are two centrifugal pumps (1-60 hp & 1-40 hp) which are used to pump water into a buried pipeline that extends 270 feet ± to the north to the location of a booster pumping station which consists of 3-60 hp centrifugal pumps. The booster pumps are used to boost the pressure and pump the water through a buried pipeline which connects to the buried 18" pipeline extending from the Padberg Well. This pipeline extends in a southwesterly direction 1250 feet ± and then bends to the east and continues extending in a southwesterly direction 3600 feet ± to a cluster point. From the cluster point there are three pipelines that extend to the pivot points of three irrigation circles that are located in the SE quarter of Section 3 and the south half of Section 2. These circles irrigate the majority of the ground noted in the above table.

Approximately 1250 feet southwest of the Padberg Well, near the bend in the 18" pipeline there is a pipeline that connects to the 18" pipeline and extends 1180 feet ± southeasterly to the pivot point of an irrigation circle. The 0.4 acre parcel in the SESE of Section 35, and the 1.5 acre parcel in the NENE of Section 2 and a portion of the 2.7 acre parcel in the NWNE of Section 2 in the above table are located in this irrigation circle. Also, from the pivot point of this irrigation circle there is a pipeline that extends south 2050 feet ± to the pivot point of a smaller circle. There is a small portion of the 2.7 acre parcel in the NWNE of Section 2 that is irrigated with this circle.

**District Conveyance System:**

Description of Delivery System: **Water is pumped from the Padberg Well with a 300 hp turbine pump. The Padberg Well is located in the NWSE of Section 35. From the well there is a buried 18" pipeline**

**that extends in a southwesterly direction 1250 feet ± and then bends to the east and continues extending in a southwesterly direction 3600 feet ± to a cluster point. From the cluster point there are three pipelines that extend to the pivot points of three irrigation circles that are located in the SE quarter of Section 3 and the south half of Section 2. These circles irrigate the majority of the ground noted in the above table.**

**Near the bend located 1250 feet ± southwest of the Padberg Well, there is a pipeline that connects to the 18" pipeline and extends 1180 feet ± southeasterly to the pivot point of an irrigation circle. The 0.4 acre parcel in the SESE of Section 35, and the 1.5 acre parcel in the NENE of Section 2 and a portion of the 2.7 acre parcel in the NWNE of Section 2 in the above table are located in this irrigation circle. Also, from the pivot point of this irrigation circle there is a pipeline that extends south 2050 feet ± to the pivot point of a smaller circle. There is a small portion of the 2.7 acre parcel in the NWNE of Section 2 that is irrigated with this circle.**

**Headgate: Not Applicable**

**Canal: Not Applicable**

**RECEIVED**

**JAN 08 2019**

**Beneficial Use:**

**OWRD**

Description of Beneficial Use: **During the 2018 crop season water from the Padberg Well and Willow Creek was used to irrigate the ground involved in this transfer. The crops grown were potatoes, alfalfa, Timothy hay, and corn.**

Method Used to Apply Water: **Circular irrigation machines were used to irrigate the ground.**

Method Used to Calculate Beneficial Use: **Field observations and measurements made during site visits to the farm.**

User Interviewed:  Yes  No **Brian Thompson, Manager of Willow Creek District Improvement Co. was interviewed. Frank Tiegs now owns the ground.**

Beneficial Use Made as Authorized:  Yes  No

Description of Beneficial Use if Less than Authorized: **N/A**

Inspected By: **Dale VanSchoiack, CWRE**

Date: **11-28-18 and 12-10-18**

**Instructions:** Attach and label the corresponding final proof map.

**A Claim of Beneficial Use map for T-12605 is included with this site report.**
