Re: 1995 Final Proof, District Transfer T-7466

Dear Mr. Brown:

Enclosed are the following:

1. Final Proof Report for T-7466, Tumalo Irrigation District's 1995 540.580 District Petition.
2. Mylars for all "on" lands.

Since a portion of water that was included in this petition is now being included in a 1999 transfer application, would it be possible for you to expedite this Final Proof? I realize that you probably have many such requests, but would appreciate anything you can do.

If you need more information, please call me at (541) 382-3053. Thank you for your help.

Respectfully,

TUMALO IRRIGATION DISTRICT

A Tumalo Irrigation District representative has inspected each property listed above, and has concluded that all lands have an irrigation system sufficient to accomplish irrigation of the lands.

Tumalo Irrigation District hereby states that either a CWRE surveyor or a Tumalo Irrigation District representative certifies that the landowners did improve their lands as requested in their application for transfer.
