Additional remarks:POU change is in within original 1/4 1/4 and taxlot. Original map for certificate is at 1:1320 scale and is very hard to disseminate actual place of use. This transfer has been prepared in coordination with the D14 watermaster to bring the necessary level of precision to present day standards to alleviate concerns of enlargement and incorrect place of use in relation to current OWRD records.

AND/OR

Describe the construction of the authorized and proposed well(s) in Table 3 for any wells that do not have a well log. For *proposed wells not yet constructed or built*, provide “a best estimate” for each requested information element in the table. The Department recommends you consult a licensed well driller, geologist, or certified water right examiner to assist with assembling the information necessary to complete Table 3.

Table 3. Construction of Point(s) of Appropriation

Any well(s) in this listing must be clearly tied to corresponding well(s) described in Table 1 and shown on the accompanying application map. Failure to provide the information will delay the processing of your transfer application until it is received.
