Narrative of Survey

to comply with Oregon Revised Statute 209.250

purpose: to establish property corner monuments and lines procedure: a Nikon a10g total station was utilized in the performance of this survey. A control traverse was used to evaluate the found monuments and establish new ones. The monuments found in 1s, 2029 were used to control this survey. Subsequent survey monumentation of these locations yielded slightly different values and positions so accordingly when available original monumentation was held. Subsequent survey monument searches were conducted, based on pre-calculated location, which yielded two monuments as shown. These were original monuments as established by CZ Boyden and the basis for old boundary lines long gone.

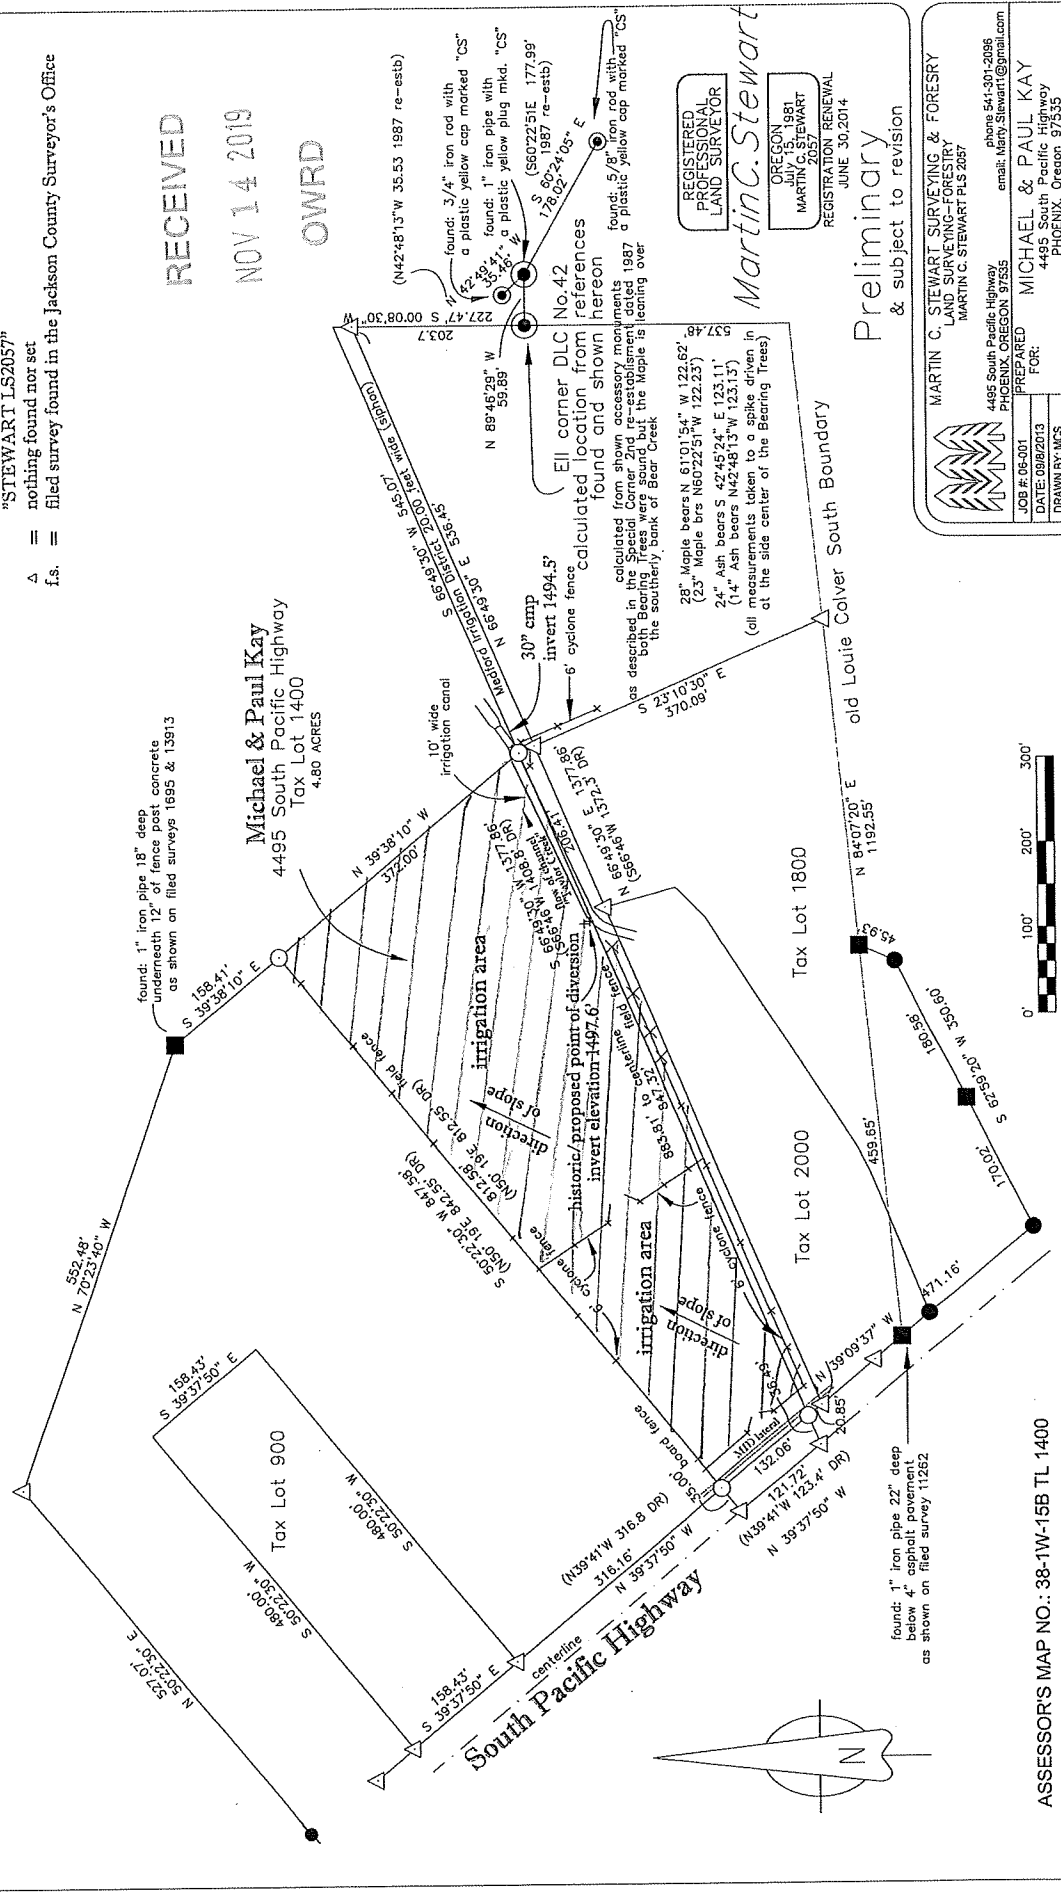

MAP OF SURVEY

LYING WITHIN THE NORTHEAST 1/4 OF THE NORTHWEST 1/4 AND THE SOUTHEAST 1/4 OF SECTION 15, TOWNSHIP 38 SOUTH, RANGE 1 WEST, WILLAMETTE BASELINE & MERIDIAN, IN THE CITY OF PHOENIX, JACKSON COUNTY, OREGON

FOR APPLICATION OF WATER RIGHTS

FINAL ORDER APPROVING A DISTRICT PERMANENT TRANSFER
Order #5: "Full beneficial use of the water shall be made, consistent with the terms of this order, on or before October 1, 2015. A Claim of Beneficial Use shall be submitted by MID to the Department within one year after the deadline for completion of the changes and full beneficial use of the water."

Full beneficial use of the water was made during the 2015 irrigation season. Irrigation water was applied to 4.5 acres of crops including oats, peas, and nursery stock.

The point of withdrawal was from the "Taylor Creek" conveyance, which supplies a pump box in the location depicted on the attached map.

The rate of withdrawal was within the limits of the water right, 0.056 cubic feet per second / 4.5 acres = (1/80 cfs / acre), based on system hydraulic calculations.

Water was pumped by a portable gasoline-powered pump.

Application of water was made by a moveable gun and by hand lines.

Photos are attached, as requested, to evidence the following:

- point of diversion
- pump
- sprinkler

Please let us know if you have any questions or additional requirements of documentation. And please notify us upon performance of the above-cited "Claim of Beneficial Use."

Thank you,

Paul Kay, Manager
