# Application for District Instream Lease

## Part 1 of 4 – Minimum Requirements Checklist

|  |            |          |
|--|------------|----------|
| This Application to be used for water rights in the name of or conveyed by an Irrigation District (or similar organization)<br>Complete Parts 1 through 4 and any required attachments | OWRD #     | IL-1840  |
|  | District # | IL-21-02 |

MP-26c

Check all items included with this application. (N/A = Not Applicable)

Yes  N/A Pooled Lease-a lease with more than one Lessor (Landowner/water right interest holder)  
Fee in the amount of:

|   |   |
|---|---|
| <input type="checkbox"/> \$520.00 for a lease involving four or more landowners or four or more water rights          | Or <input checked="" type="checkbox"/> \$350.00 for all other leases. |
| <input type="checkbox"/> Check enclosed or  |   |
| <input checked="" type="checkbox"/> Fee Charged to customer account <u>Deschutes River Conservancy</u> (Account name) |   |

Part 1 –

Completed Minimum Requirements Checklist

**Mitigation Project**

Part 2 – Completed District and Other Party Signature Page

Part 3 – Completed Place of Use and Lessor Signature Page

Received by OWRD

(Include a separate Part 3 for each Lessor.)

Part 4 – Completed Water Right and Instream Use Information

MAR 02 2021

(Include a separate Part 4 for each Water Right.)

How many Water Rights are included in the lease application? \_\_\_\_\_ (# of rights)

Salem, OR

List each water right to be leased instream here: 94956

Yes  N/A Other water rights, if any, appurtenant to the lands involved in the lease application and not proposed to be leased instream.

List those other water rights here: 76714

Yes  No Conservation Reserve Enhancement Program CREP – Are some or all of the lands to be leased part of CREP or another Federal program (list here: \_\_\_\_\_)?

### Required Attachments:

Yes  N/A Instream lease application map(s). More than one QQ and property may be included on each map. A map is **not** required if an entire right is being leased or if the right is for use of municipal or quasi-municipal water use. The map should include the following:

- A north arrow and map scale (no smaller than 1" = 1320').
- Label township, range, section and quarter-quarter (QQ).
- If an irrigation right, the numbers of acres to be leased in each quarter-quarter identify and hachure/shade to differentiate between the acreage being leased and any remaining. If the place of use has more than one priority date, source stream, and/or point of diversion you **must identify each with separate hachuring or shading and label.**
- Tax lot lines and numbers must be included on the map and should clearly identify the property(s) involved.

Yes  N/A If the Lessor(s) is not the deeded land owner, include one of the following:

- A notarized statement from the land owner consenting to the lease and a copy of the recorded deed; or
- A water right conveyance agreement and a copy of the recorded deed for the landowner at the time the water right was conveyed; or
- Other documentation.

Yes  N/A If the right has **not** been used in the last five years; provide supporting documentation indicating why a right (or portion thereof) is **not** subject to forfeiture.

**Part 2 of 4 – District and other party Signature**

|  |   |
|--|---|
| <b>Term of the Lease:</b><br>The lease is requested to begin in: month <u>April</u> year <u>2021</u> and end: month <u>October</u> year <u>2023</u> .  |   |
| <b>Public use:</b> Check the public use(s) this lease will serve (as defined by ORS 537.332):<br><input checked="" type="checkbox"/> Conservation, maintenance and enhancement of aquatic, fish and wildlife, fish and wildlife habitat and any other ecological values.<br><input checked="" type="checkbox"/> Recreation<br><input checked="" type="checkbox"/> Pollution abatement<br><input type="checkbox"/> Navigation   | <b>Termination provision (for multiyear leases):</b><br><b>The parties to the lease request (choose one):</b><br><input checked="" type="checkbox"/> a. The option of terminating the lease prior to expiration of the full term with written notice to the Department by the Lessor(s) and/or Lessee.<br><input type="checkbox"/> b. The option of terminating the lease prior to expiration of the full term, with consent by all parties to the lease.<br><input type="checkbox"/> c. The parties would not like to include a Termination Provision.<br>(See instructions for limitations to this provision) |
| <b>Additive/Replacing Relationship to other instream water rights:</b> Instream leases are generally additive to other existing instream water rights created as a result of instream leases and transfers and/or allocations of conserved water. Since instream leases are also generally senior to other instream rights created through a state agency process or conversion of minimum flows, they generally replace a portion of these junior instream rights.<br>If you would like this lease to relate to other instream water rights differently than described above, please check this box: <input type="checkbox"/> And attach an explanation of your intent. |   |
| <b>Precedent:</b> If a right which has been leased is later proposed to be leased again or later transferred or become part of an allocation of conserved water project, a new injury review shall be required. An instream lease shall not set a precedent on a future transaction.   |   |
| <b>Validity of the rights to be leased:</b><br><input checked="" type="checkbox"/> The water right(s) to be leased have been used under the terms and conditions of the right(s) during the last five years or have been leased instream; or<br><input type="checkbox"/> The water right(s) have not been used for the last five years according to the terms and conditions of the rights. However, the water right(s) is not subject to forfeiture under ORS 540.610(2). Documentation describing why the water right is not subject to forfeiture has been provided.  |   |

**Deschutes River Conservancy  
Instream Leasing Program**

Salem, OR

**Policy Concerning Weeds & Instream Leases  
Information on Farm Deferral & Lease Payment**

The Deschutes River Conservancy is dedicated to restoring stream flow and improving water quality in the Deschutes Basin; land stewardship is a component of these goals.

**Weed Policy**

The DRC expects participants in the Leasing Program will continue to exercise agricultural best management practices on lands enrolled in the Program, particularly with respect to the control of noxious and/or nuisance weeds. Failure to control weeds on leased acres may result in exclusion from Program compensation.

*Information and Resources Attached*

**Farm Deferral Notice**

Instream leasing is a beneficial use that protects your water right from forfeiture and allows for compensation for this instream use, but please note that it does not automatically protect against loss of farm use special assessment. Exclusive Farm Use (EFU) zoned lands may still require at least minimal use with the intent to make a profit. It is the landowner's responsibility to know their tax assessment status and qualifying uses.

*Information and Resources Attached*

**Donated Leases:** One year and multi-year leases of less than 10 acres, leases with public entities, leases submitted after the due date, and leases with verified weed complaints are not paid a per acre or per acre-foot rate by the DRC.

I, Bill Overden understand the DRC weed policy and have  
*Print Name*  
been informed about farm deferral and donations.

Signature:  Date: 12/28/2020

**This form must be signed and returned with state lease form.**

**Part 3 of 4 – Place of Use – Lessor Information and Signatures**

**Complete Table 1 Identify water right(s) proposed to be leased instream  
Provide a separate Part 3 for each Lessor (water right interest holder/landowner)**

**Table 1**

**Irrigation District or other Water Purveyor Name:** Cental Oregon Irrigation District

Specify Water Right, Priority Date, point of diversion(s) (POD), place of use, tax lot, gov't lot/DLC, acres to be leased, original use type, certificate page number, and any previous lease.  
If not enough room below, you may add rows (see instructions) or create a spreadsheet/table (matching Table 1) and attach.  
Any attached table should include reference to the Lessor.

**Any additional information about the right:** \_\_\_\_\_

**Farm Deferral Tax Status:** Counties make the determination of whether a property qualifies for the farm use assessment without consideration of whether the lands have an associated water right which is leased instream. If you have questions regarding the farm use assessment you should contact your local county assessor. You should contact your County for any weed ordinance and management requirements.

The undersigned declare:

1. I/We agree during the term of this lease to suspend use of water allowed under the water right(s) involved in the lease as well as and any other appurtenant primary or supplemental water right(s); and
2. I/We certify are the lessor(s) (water right interest holder) of the water right(s) in Table 1. If not the deeded land owner, I/we have obtained consent from the deeded land owner and/or have provided documentation of authorization to pursue the instream lease; and
3. I/We affirm that the information in this application is true and accurate.

**Deschutes River Conservancy  
Instream Leasing Program**

MAR 02 2021

**Policy Concerning Weeds & Instream Leases  
Information on Farm Deferral & Lease Payment**

Salem, OR

The Deschutes River Conservancy is dedicated to restoring stream flow and improving water quality in the Deschutes Basin; land stewardship is a component of these goals.

**Weed Policy**

The DRC expects participants in the Leasing Program will continue to exercise agricultural best management practices on lands enrolled in the Program, particularly with respect to the control of noxious and/or nuisance weeds. Failure to control weeds on leased acres may result in exclusion from Program compensation.

*Information and Resources Attached*

**Farm Deferral Notice**

Instream leasing is a beneficial use that protects your water right from forfeiture and allows for compensation for this instream use, but please note that it does not automatically protect against loss of farm use special assessment. Exclusive Farm Use (EFU) zoned lands may still require at least minimal use with the intent to make a profit. It is the landowner's responsibility to know their tax assessment status and qualifying uses.

*Information and Resources Attached*

**Donated Leases:** One year and multi-year leases of less than 10 acres, leases with public entities, leases submitted after the due date, and leases with verified weed complaints are not paid a per acre or per acre-foot rate by the DRC.

I, Geoffrey Roemelt understand the DRC weed policy and have  
*Print Name*  
been informed about farm deferral and donations.

Signature:  Date: 4/10/19

**This form must be signed and returned with state lease form.**

**Part 4 of 4 – Water Right and Instream Use Information**

Use a separate Part 4 for each water right to be leased instream.

**Table 2**

**Use Table 2 to illustrate the totals for the water right proposed to be leased instream (based on Part 3 of 4)      Water Right #94956**

Total rate and volume by priority date, POD, use and acreage as appropriate considering the right to be leased. If not enough room below, you may add rows (see instructions) or create a spreadsheet (matching Table 2 and clearly labeled) and attach.  
(cfs = cubic feet per second and af = acre-feet).
