

**Application for Water Right  
Temporary or Drought Temporary Transfer  
Part 1 of 5 – Minimum Requirements Checklist**

**Oregon Water Resources Department**  
725 Summer Street NE, Suite A  
Salem, Oregon 97301-1266  
(503) 986-0900  
www.oregon.gov/OWRD

**This temporary transfer application will be returned if Parts 1 through 5 and all required attachments are not completed and included.**  
For questions, please call (503) 986-0900, and ask for Transfer Section.

**FOR ALL TEMPORARY TRANSFER APPLICATIONS**

**RECEIVED**

**MAR 01 2021**

**OWRD**

Check all items included with this application. (N/A = Not Applicable)

- Part 1 – Completed Minimum Requirements Checklist.
- Part 2 – Completed Temporary Transfer Application Map Checklist.
- Part 3 – Application Fee, payable by check to the Oregon Water Resources Department, and completed Fee Worksheet, page 3. Try the online fee calculator at: [http://apps.wrd.state.or.us/apps/misc/wrd\\_fee\\_calculator](http://apps.wrd.state.or.us/apps/misc/wrd_fee_calculator). If you have questions, call Customer Service at (503) 986-0801.
- Part 4 – Completed Applicant Information and Signature.
- Part 5 – Information about Transferred Water Rights: **How many water rights are to be transferred? 1 List them here: 24531**  
Please include a separate Part 5 for each water right. (See instructions on page 6)
- N/A For standard Temporary Transfer (one to five years) **Begin Year: 2021 End Year: 2025.**
- N/A Temporary Drought Transfer (Only in counties where the Governor has declared drought)

**Attachments:**

- Completed Temporary Transfer Application Map.
- Completed Evidence of Use Affidavit and supporting documentation.
- Current recorded deed for the land **from** which the authorized place of use is temporarily being moved.
- N/A Affidavit(s) of Consent from Landowner(s) (if the applicant does not own the land upon which the water right is located.)
- N/A Supplemental Form D – For water rights served by or issued in the name of a district. Complete when the temporary transfer applicant is not the district.
- N/A Oregon Water Resources Department’s Land Use Information Form with approval and signature (or signed land use form receipt stub) from each local land use authority in which water is to be diverted, conveyed, and/or used. Not required if water is to be diverted, conveyed, and/or used only on federal lands or if **all** of the following apply: a) a change in place of use only, b) no structural changes, c) the use of water is for irrigation only, and d) the use is located within an irrigation district or an exclusive farm use zone.
- N/A Water Well Report/Well Log for changes in point(s) of appropriation (well(s)) or additional point(s) of appropriation (if necessary to convey water to the proposed place of use).

**(For Staff Use Only)**

## Part 2 of 5 – Temporary Transfer Application Map Checklist

**Your temporary transfer application will be returned if any of the map requirements listed below are not met.**

**Please be sure that the temporary transfer application map you submit includes all the required items and matches the existing water right map. Check all boxes that apply.**

- N/A If **more than three** water rights are involved, separate maps are needed for each water right.
- Permanent quality printed with dark ink on good quality paper.
- The size of the map can be 8½ x 11 inches, 8½ x 14 inches, 11 x 17 inches, or up to 30 x 30 inches. For 30 x 30 inch maps, one extra copy is required.
- A north arrow, a legend, and scale.
- The scale of the map must be: 1 inch = 400 feet, 1 inch = 1,320 feet; the scale of the Final Proof/Claim of Beneficial Use Map (the map used when the permit was certificated); the scale of the county assessor map if the scale is not smaller than 1 inch = 1,320 feet; or a scale that has been pre-approved by the Department.
- Township, Range, Section, ¼ ¼, DLC, Government Lot, and other recognized public land survey lines.
- Tax lot boundaries (property lines) are required. Tax lot numbers are recommended.
- Major physical features including rivers and creeks showing direction of flow, lakes and reservoirs, roads, and railroads.
- Major water delivery system features from the point(s) of diversion/appropriation such as main pipelines, canals, and ditches.
- Existing place of use that includes separate hachuring for each water right, priority date, and use including number of acres in each quarter-quarter section, government lot, or in each quarter-quarter section as projected within government lots, donation land claims, or other recognized public land survey subdivisions. If less than the entirety of the water right is being changed, a separate hachuring is needed for lands left unchanged.
- N/A Proposed temporary place of use that includes separate hachuring for each water right, priority date, and use including number of acres in each quarter-quarter section, government lot, or in each quarter-quarter section as projected within government lots, donation land claims, or other recognized public land survey subdivisions.
- Existing point(s) of diversion or well(s) with distance and bearing or coordinates from a recognized survey corner. This information can be found in your water right certificate or permit.
- N/A If you are proposing a change in point(s) of diversion or well(s) to convey water to the new temporary place of use, show the proposed location and label it clearly with distance and bearing or coordinates. If GPS coordinates are used, latitude-longitude coordinates may be expressed as either degrees-minutes-seconds with at least one digit after the decimal (example – 42°32'15.5") or degrees-decimal with five or more digits after the decimal (example – 42.53764°).

OWRD

FEE WORKSHEET for TEMPORARY DROUGHT TRANSFERS			
1	Base Fee (includes drought application and recording fee for up to 1 cfs)	1	\$200.00
2	Enter the cfs for the portions of the rights to be transferred (see example below*): _____ (2a) Subtract 1.0 from the number in 2a above: _____ (2b) If 2b is 0, enter 0 on line 2 » » » » » » » » » » » » » » » » If 2b is greater than 0, round up to the nearest whole number: _____ (2c) and multiply 2c by \$50, then enter on line 2 » » » » » » » » » » » » » »	2	0
3	Add entries on lines 1 through 2 above » » » » » » » » » » » » » Transfer Fee:	3	0

\*Example for Line 2a calculation to transfer 45.0 acres of Primary Certificate 12345 (total 1.25 cfs for 100 acres) and 45.0 acres of Supplemental Certificate 87654 (1/80 cfs per acre) on the same land:

1. Divide total authorized cfs by total acres in the water right (for C12345, 1.25 cfs ÷ 100 ac); then multiply by the number of acres to be transferred to get the transfer cfs (x 45 ac = 0.56 cfs).
2. If the water right certificate does not list total cfs, but identifies the allowable use as 1/40 or 1/80 of a cfs per acre; multiply number of acres proposed for change by either 0.025 (1/40) or 0.0125 (1/80). (For C87654, 45.0 ac x 0.0125 cfs/ac = 0.56 cfs)
3. Add cfs for the portions of water rights on all the land included in the transfer; however **do not count cfs for supplemental rights on acreage for which you have already calculated the cfs fee for the primary right on the same land**. The fee should be assessed only once for each "on the ground" acre included in the transfer. (In this example, blank 2a would be only 0.56 cfs, since both rights serve the same 45.0 acres. Blank 2b would be 0 and Line 2 would then also become 0).

<b>BY PROVIDING AN E-MAIL ADDRESS, CONSENT IS GIVEN TO RECEIVE ALL CORRESPONDENCE FROM THE DEPARTMENT ELECTRONICALLY. COPIES OF THE FINAL ORDER DOCUMENTS WILL ALSO BE MAILED.</b>			

Explain in your own words what you propose to accomplish with this transfer application and why: We would like to irrigate a hazelnut orchard for up to 5 years using strips of drip irrigation. The rows of trees are spaced 20 feet apart and the strips of irrigation for each row would be 4-feet wide. We therefore propose transferring 16-foot-wide strips at 20-foot centers from the existing place of use (POU) to new 4-foot-wide strips on 20-foot spacing, while retaining 4-foot-wide strips on 20-foot spacing in the existing POU. No changes would occur to the points of diversion. This transfer would replace T-12213, which expired in 2020.

If you need additional space, continue on a separate piece of paper and attach to the application as "Attachment 1".

**I (we) affirm that the information contained in this application is true and accurate.**

MAR 01 2021

OWRD

**Description of Water Delivery System**

System capacity: 2.52 cubic feet per second (cfs) OR  
 \_\_\_\_\_ gallons per minute (gpm)

Describe the current water delivery system or the system that was in place at some time within the last five years. Include information on the pumps, canals, pipelines, and sprinklers used to divert, convey, and apply the water at the authorized place of use. **Water is diverted from Beaver Creek using a Cornell centrifugal pump with a Baldor-Reliance 20 hp motor. The lift from the creek to the pump is approximately 7 feet and the operating pressure is reported to be 90 psi. The calculators available to CWREs on the Department’s website indicate the pump has a capacity of 2.52 cfs (approximately 1,131 gpm).**

**The pumped water is forwarded via buried mainlines and laterals to 592,000 feet of drip tape. The tape emits 0.22 gpm/100 feet of tape so the drip tape capacity would be approximately 1,302 gpm. Although the pump theoretically could deliver water to most of the drip tape at any time, the system is designed and constructed to operate in zones.**

**Table 1. Location of Authorized and Proposed Point(s) of Diversion (POD) or Appropriation (POA)**

(Note: If the POD/POA name is not specified on the certificate, assign it a name or number here.)

POD/POA Name or Number	Is this POD/POA Authorized on the Certificate or is it Proposed?	If POA, OWRD Well Log ID# (or Well ID Tag # L-___)	Twp	Rng	Sec	¼	¼	Tax Lot, DLC or Gov't Lot	Measured Distances (from a recognized survey corner)
POD 2	<input checked="" type="checkbox"/> Authorized <input type="checkbox"/> Proposed	--	13 S	5 W	7	NW	SW	38	1800 ft South & 150 ft East of NW corner of DLC 38
POD 1	<input checked="" type="checkbox"/> Authorized <input type="checkbox"/> Proposed	--	13 S	6 W	12	NW	SW	38	2430 ft South & 280 ft West of NE corner of DLC 38

**Check all type(s) of temporary change(s) proposed below (change “CODES” are provided in parentheses):**

- Place of Use (POU)  Appropriation/Well (POA)
- Point of Diversion (POD)  Additional Point of Appropriation (APOA)
- Additional Point of Diversion (APOD)

**Check all type(s) of temporary change(s) due to drought proposed below (change “CODES” are provided in parentheses):**

- Place of Use (POU)  Point of Appropriation/Well (POA)
- Character of Use (USE)  Additional Point of Appropriation (APOA)
- Point of Diversion (POD)  Additional Point of Diversion (APOD)

13641

**Will all of the proposed changes affect the entire water right?**

- Yes      Complete only the Proposed ("to" lands) section of Table 2 on the next page. Use the "CODES" listed above to describe the proposed changes.
- No      Complete all of Table 2 to describe the portion of the water right to be changed.

3641

**For Place of Use Changes**

Are there other water right certificates, water use permits or ground water registrations associated with the "from" or the "to" lands?  Yes  No

If YES, list the certificate, water use permit, or ground water registration numbers: NA

Pursuant to ORS 540.525, any "layered" water use such as an irrigation right that is supplemental to a primary right proposed for temporary transfer can be included in the transfer or remain unused on the authorized place of use. If the primary water right does not revert soon enough to allow use of the supplemental right within five years, the supplemental right shall become subject to cancellation for nonuse under ORS 540.610.

**If a change in point(s) of appropriation (well(s)) or additional point(s) of appropriation is necessary to convey the water to the new temporary place of use you must provide:**

- Well log(s) for each authorized and proposed well(s) that are clearly labeled and associated with the corresponding well(s) in Table 1 above and on the accompanying application map. (Tip: You may search for well logs on the Department's web page at: [http://apps.wrd.state.or.us/apps/gw/well\\_log/Default.aspx](http://apps.wrd.state.or.us/apps/gw/well_log/Default.aspx))

**AND/OR**

- Describe the construction of the authorized and proposed well(s) in Table 3 below for any well that does not have a well log. For a *proposed well(s) not yet constructed or built*, provide "a best estimate" for each requested information element in the table. The Department recommends you consult a licensed well driller, geologist, or certified water right examiner to assist with assembling the information necessary to complete Table 3.

**Table 3. Construction of Point(s) of Appropriation**

Any well(s) in this listing must be clearly tied to corresponding well(s) described in Table 1 and shown on the accompanying application map. Failure to provide the information will delay the processing of your transfer application until it is received. The information is necessary for the Department to assess whether the proposed well(s) will access the same source aquifer as the authorized point(s) of appropriation (POA). The Department is prohibited by law from approving POA changes that do not access the same source aquifer.

Proposed or Authorized POA Name or Number	Is well already built? (Yes or No)	If an existing well, OWRD Well ID Tag No. L-___	Total well depth	Casing Diameter	Casing Intervals (feet)	Seal depth(s) (intervals)	Perforated or screened intervals (in feet)	Static water level of completed well (in feet)	Source aquifer (sand, gravel, basalt, etc.)	Well - specific rate (cfs or gpm). If less than full rate of water right

Attn: Mr. Todd Smith

**Transmittal of Avery Property Temporary Transfer Application and Filing Instructions  
Benton County, Oregon**

Dear Mr. Smith,

Skookum Water Associates Inc. is pleased to provide the two enclosed copies of an Oregon Water Resources Department (WRD) temporary transfer application for the Avery property. The application documents consist of an Application for a Water Right Temporary Transfer, supporting From and To maps, an Evidence of Use Affidavit, and a Land Use Information Form and attachment. The following provides instructions for executing the documents and filing one copy of the application with the WRD (the second copy is for your records).

1. Please sign and date the application in the space indicated, provided that you do not have any changes to the documents.
2. The Land Use Information Form will need to be signed by a Benton County Planning Department official.
3. The Affidavit of Use needs to be signed in the presence of a notary. You will also need to attach at least one season of electrical bills and the monitoring reports sent to Joel Plahn (WRD Watermaster). The season(s) you select for the evidence will need to have occurred within the last 5 years.
4. When ready, the signed application, the supporting maps, the signed Affidavit of Use and supporting evidence documents, the original of the Land Use Information Form signed by the County and a \$940.64 check payable to the Oregon Water Resources Department should be forwarded to the agency at the following address. In addition, you will need to include a copy of the deed for the From Lands. If the documents are mailed, we recommend using a method that provides documentation that the WRD received the application.

Oregon Water Resources Department  
725 Summer Street N.E., Suite A  
Salem, Oregon 97301-1266

Please call or email us if you have any questions about the application or the filing process. We appreciate this opportunity to be of service to the O.O. Agricultural Investment Company, LLC.

Sincerely,

**SKOOKUM WATER ASSOCIATES INC.**

I, TODD SMITH, in my capacity as FARM MANAGER OF O.O. AGRICULTURE, LLC,  
 mailing address P.O. BOX 824 CORVALLIS, OREGON 97339  
 telephone number (503)334-5117, being first duly sworn depose and say:

RECEIVED  
 MAR 01 2021  
 OWRD

1. My knowledge of the exercise or status of the water right is based on (check one):

- Personal observation                       Professional expertise

2. I attest that:

- Water was used during the previous five years on the **entire** place of use for Certificate # 24531; **OR**
- My knowledge is specific to the use of water at the following locations within the last five years:

Certificate #	Township	Range	Mer	Sec	¼ ¼	Gov't Lot or DLC	Acres (if applicable)

**OR**

- Confirming Certificate # \_\_\_\_ has been issued within the past five years; **OR**
- Part or all of the water right was leased instream at some time within the last five years. The instream lease number is: \_\_\_\_ (Note: If the entire right proposed for transfer was not leased, additional evidence of use is needed for the portion not leased instream.); **OR**
- The water right is not subject to forfeiture and documentation that a presumption of forfeiture for non-use would be rebutted under ORS 540.610(2) is attached.
- Water has been used at the actual current point of diversion or appropriation for more than 10 years for Certificate # \_\_\_\_ (For Historic POD/POA Transfers)

(continues on reverse side)

13641

3. The water right was used for: (e.g., crops, pasture, etc.): HAZELNUTS

4. I understand that if I do not attach one or more of the documents shown in the table below to support the above statements, my application will be considered incomplete.
