SUBJECT: Allocation of Conserved Water Application CW-102

Please find enclosed copies of the Final Order on Finalization of Allocation of Conserved Water CW-102, along with the instream certificates that may be issued at this time.

The Applicant's portion of conserved water from the Crooked River and the natural flow component from the Deschutes River are being managed instream for future out-of-stream use. Instream Lease IL-1837 covers both the Applicant's and State's portions of conserved water from the storage component of the Deschutes River water right.

I want to thank you for your assistance in completing this complex transaction. Please do not hesitate to contact me at 503-986-0881 or [teri.k.hranac@oregon.gov](mailto:teri.k.hranac@oregon.gov), if I may be of assistance.

Sincerely,

Teri Hranac
