

# Application for Permanent Water Right Transfer

## Part 1 of 5 – Minimum Requirements Checklist

**This transfer application will be returned if Parts 1 through 5 and all required attachments are not completed and included.**

For questions, please call (503) 986-0900, and ask for Transfer Section. RECEIVED

Check all items included with this application. (N/A = Not Applicable)

JUL 29 2021

- Part 1 – Completed Minimum Requirements Checklist.
- Part 2 – Completed Transfer Application Map Checklist. OWRD
- Part 3 – Application Fee, payable by check to the Oregon Water Resources Department, and completed Fee Worksheet, page 3. Try the new online fee calculator at: [http://apps.wrd.state.or.us/apps/misc/wrd\\_fee\\_calculator](http://apps.wrd.state.or.us/apps/misc/wrd_fee_calculator). If you have questions, call Customer Service at (503) 986-0801.
- Part 4 – Completed Applicant Information and Signature.
- Part 5 – Information about Water Rights to be Transferred: **How many water rights are to be transferred?** 3 **List them here:** 91761, 80835, 86338  
Please include a separate Part 5 for each water right. (See instructions on page 6)

**Attachments:**

- Completed Transfer Application Map.
- Completed Evidence of Use Affidavit and supporting documentation.
- N/A Affidavit(s) of Consent from Landowner(s) (if the applicant does not own the land the water right is on.)
- N/A Supplemental Form D – For water rights served by or issued in the name of an irrigation district. Complete when the transfer applicant is not the irrigation district.
- N/A Oregon Water Resources Department’s Land Use Information Form with approval and signature (or signed land use form receipt stub) from each local land use authority in which water is to be diverted, conveyed, and/or used. Not required if water is to be diverted, conveyed, and/or used only on federal lands or if **all** of the following apply: a) a change in place of use only, b) no structural changes, c) the use of water is for irrigation only, and d) the use is located within an irrigation district or an exclusive farm use zone.
- N/A Water Well Report/Well Log for changes in point(s) of appropriation (well(s)) or additional point(s) of appropriation.
- N/A Geologist Report for a change from a surface water point of diversion to a ground water point of appropriation (well), if the proposed well is more than 500’ from the surface water source and more than 1000’ upstream or downstream from the point of diversion. See OAR 690-380-2130 for requirements and applicability.

**(For Staff Use Only)**

**WE ARE RETURNING YOUR APPLICATION FOR THE FOLLOWING REASON(S):**

<input type="checkbox"/> Application fee not enclosed/insufficient	<input type="checkbox"/> Map not included or incomplete
<input type="checkbox"/> Land Use Form not enclosed or incomplete	<input type="checkbox"/> Evidence of Use Form not enclosed or incomplete
<input type="checkbox"/> Additional signature(s) required	<input type="checkbox"/> Part _____ is incomplete

Other/Explanation \_\_\_\_\_

Staff: \_\_\_\_\_ 503-986-0\_\_\_\_\_ Date: \_\_\_\_/\_\_\_\_/\_\_\_\_

## Part 2 of 5 – Transfer Application Map

Your transfer application will be returned if any of the map requirements listed below are not met.

Please be sure that the transfer application map you submit includes all the required items and matches the existing water right map. Check all boxes that apply.

- N/A Certified Water Right Examiner (CWRE) Stamp and Original Signature. For a list of CWREs, see [http://apps.wrd.state.or.us/apps/wr/cwre\\_license\\_view/](http://apps.wrd.state.or.us/apps/wr/cwre_license_view/). CWRE stamp and signature are not required for substitutions.
- N/A If **more than three** water rights are involved, separate maps are needed for each water right.
- Permanent quality printed with dark ink on good quality paper.
- The size of the map can be 8½ x 11 inches, 8½ x 14 inches, 11 x 17 inches, or up to 30 x 30 inches. For 30 x 30 inch maps, one extra copy is required.
- A north arrow, a legend, and scale.
- The scale of the map must be: 1 inch = 400 feet, 1 inch = 1,320 feet, the scale of the Final Proof/Claim of Beneficial Use Map (the map used when the permit was certificated), the scale of the county assessor map if the scale is not smaller than 1 inch = 1,320 feet, or a scale that has been pre-approved by the Department.
- Township, Range, Section, ¼ ¼, DLC, Government Lot, and other recognized public land survey lines.
- Tax lot boundaries (property lines) are required. Tax lot numbers are recommended.
- Major physical features including rivers and creeks showing direction of flow, lakes and reservoirs, roads, and railroads.
- Major water delivery system features from the point(s) of diversion/appropriation such as main pipelines, canals, and ditches.
- Existing place of use that includes separate hachuring for each water right, priority date, and use including number of acres in each quarter-quarter section, government lot, or in each quarter-quarter section as projected within government lots, donation land claims, or other recognized public land survey subdivisions. If less than the entirety of the water right is being changed, a separate hachuring is needed for lands left unchanged.
- N/A Proposed place of use that includes separate hachuring for each water right, priority date, and use including number of acres in each quarter-quarter section, government lot, or in each quarter-quarter section as projected within government lots, donation land claims, or other recognized public land survey subdivisions.
- Existing point(s) of diversion or well(s) with distance and bearing or coordinates from a recognized survey corner. This information can be found in your water right certificate or permit.
- N/A If you are proposing a change in point(s) of diversion or well(s), show the proposed location and label it clearly with distance and bearing or coordinates. If GPS coordinates are used, latitude-longitude coordinates may be expressed as either degrees-minutes-seconds with at least one digit after the decimal (example – 42°32'15.5") or degrees-decimal with five or more digits after the decimal (example – 42.53764°).

Part 3 of 5 – Fee Worksheet

FEE WORKSHEET for PERMANENT TRANSFER (except Substitution)			
1	Base Fee (includes one type of change to one water right for up to 1 cfs)	1	\$1,160
Types of change proposed: <input checked="" type="checkbox"/> Place of Use <input type="checkbox"/> Character of Use <input type="checkbox"/> Point of Diversion/Appropriation Number of above boxes checked = <u>1</u> (2a) Subtract 1 from the number in line 2a = <u>0</u> (2b) <i>If only one change, this will be 0</i>		<b>RECEIVED</b> <b>JUL 29 2021</b> <b>OWRD</b>	
2	Multiply line 2b by \$930 and enter » » » » » » » » » » » » » » » »	2	<u>0</u>
Number of water rights included in transfer <u>3</u> (3a) Subtract 1 from the number in 3a above: <u>2</u> (3b) <i>If only one water right this will be 0</i>			
3	Multiply line 3b by \$520 and enter » » » » » » » » » » » » » » » »	3	<u>1,040</u>
Do you propose to add or change a well, or change from a surface water POD to a well? <input checked="" type="checkbox"/> No: enter 0 » <input type="checkbox"/> Yes: enter \$410 »		4	
Do you propose to change the place of use or character of use? <input type="checkbox"/> No: enter 0 on line 5 » <input checked="" type="checkbox"/> Yes: enter the cfs for the portions of the rights to be transferred (see example below*): <u>1.32</u> (5a) Subtract 1.0 from the number in 5a above: <u>.32</u> (5b) If 5b is 0 or less, enter 0 on line 5 » If 5b is greater than 0, round up to the nearest whole number: <u>1</u> (5c) and multiply 5c by \$350, then enter on line 5 » » » » » » » » » » » »		5	<u>350</u>
6	Add entries on lines 1 through 5 above » » » » » » » » » » » Subtotal:	6	<u>350</u>
Is this transfer: <input type="checkbox"/> necessary to complete a project funded by the Oregon Watershed Enhancement Board (OWEB) under ORS 541.932? <input type="checkbox"/> endorsed in writing by ODFW as a change that will result in a net benefit to fish and wildlife habitat? If one or more boxes is checked, multiply line 6 by 0.5 and enter on line 7 » If no box is applicable, enter 0 on line 7 »		7	
8	Subtract line 7 from line 6 » » » » » » » » » » » » » » » » <b>Transfer Fee:</b>	8	<u>2550</u>

\*Example for Line 5a calculation to transfer 45.0 acres of Primary Certificate 12345 (total 1.25 cfs for 100 acres) and 45.0 acres of Supplemental Certificate 87654 (1/80 cfs per acre) on the same land:  
 1. For irrigation calculate cfs for each water right involved as follows:  
 a. Divide total authorized cfs by total acres in the water right (for C12345, 1.25 cfs ÷ 100 ac); then multiply by the number of acres to be transferred to get the transfer cfs ( $1.25 \text{ cfs} \div 100 \text{ ac} \times 45 \text{ ac} = 0.56 \text{ cfs}$ ).  
 b. If the water right certificate does not list total cfs, but identifies the allowable use as 1/40 or 1/80 of a cfs per acre; multiply number of acres proposed for change by either 0.025 (1/40) or 0.0125 (1/80). (For C87654,  $45.0 \text{ ac} \times 0.0125 \text{ cfs/ac} = 0.56 \text{ cfs}$ )  
 2. Add cfs for the portions of water rights on all the land included in the transfer; however **do not count cfs for supplemental rights on acreage for which you have already calculated the cfs fee for the primary right on the same land**. The fee should be assessed only once for each "on the ground" acre included in the transfer. (In this example, blank 5a would be only 0.56 cfs, since both rights serve the same 45.0 acres. Blank 5b would be 0 and Line 5 would then also become 0).

FEE WORKSHEET for SUBSTITUTION			
1	Base Fee (includes change to one well)	1	\$840.00
Number of wells included in substitution _____ (2a) Subtract 1 from the number in 2a above: _____ (2b) <i>If only one well this will be 0</i>			
2	Multiply line 2b by \$410 and enter » » » » » » » » » » » » » » » »	2	
3	Add entries on lines 1 through 2 above » » » » » » <b>Fee for Substitution:</b>	3	<u>1,578</u>

**Part 4 of 5 – Applicant Information and Signature**

**Applicant Information**

APPLICANT/BUSINESS NAME <b>MIKE STEVENSON → KNEE DEEP CATTLE CO.</b>		PHONE NO. <b>541-729-9306</b>	ADDITIONAL CONTACT NO. <b>541-521-1586</b>
ADDRESS <b>33401 VAN DUYN RD</b>			FAX NO. <b>541-687-2482</b>

BY PROVIDING AN E-MAIL ADDRESS, CONSENT IS GIVEN TO RECEIVE ALL CORRESPONDENCE FROM THE DEPARTMENT ELECTRONICALLY. COPIES OF THE FINAL ORDER DOCUMENTS WILL ALSO BE MAILED.			

**Agent Information** - The agent is authorized to represent the applicant in all matters relating to this application.

AGENT/BUSINESS NAME <b>HAILEY RICE</b>		PHONE NO. <b>541-699-2135</b>	ADDITIONAL CONTACT NO. <b>—</b>
ADDRESS <b>PO BOX 339</b>			FAX NO.
CITY <b>CRAWFORDSVILLE</b>	STATE <b>OR</b>	ZIP <b>97336</b>	E-MAIL <b>weldhailey@gmail.com</b>
BY PROVIDING AN E-MAIL ADDRESS, CONSENT IS GIVEN TO RECEIVE ALL CORRESPONDENCE FROM THE DEPARTMENT ELECTRONICALLY. COPIES OF THE FINAL ORDER DOCUMENTS WILL ALSO BE MAILED.			

Explain in your own words what you propose to accomplish with this transfer application, and why:  
**We would like to transfer the place of use for these two rights on the property south of Van Duyn Rd. to join water rights that are existing on the property in order to create a more efficient, sustainable system.**  
 If you need additional space, continue on a separate piece of paper and attach to the application as "Attachment 1".

**Check One Box**

- By signing this application, I understand that, upon receipt of the draft preliminary determination and prior to Department approval of the transfer, I will be required to provide landownership information and evidence that I am authorized to pursue the transfer as identified in OAR 690-380-4010(5); **OR**
- I affirm the applicant is a municipality as defined in ORS 540.510(3)(b) and that the right is in the name of the municipality or a predecessor; **OR**
- I affirm the applicant is an entity with the authority to condemn property and is acquiring by condemnation the property to which the water right proposed for transfer is appurtenant and have supporting documentation.

**RECEIVED**  
**JUL 29 2021**  
**OWRD**

**By my signature below, I confirm that I understand:**

- Prior to Department approval of the transfer application, I may be required to submit payment to the Department for publication of a notice in a newspaper with general circulation in the area where the water right is located, once per week for two consecutive weeks. If more than one qualifying newspaper is available, I suggest publishing the notice in the following newspaper: \_\_\_\_\_
- Amendments to the application may only be made in response to the Department’s Draft Preliminary Determination (DPD). The applicant will have a period of at least 30 days to amend the application to address any issues identified by the Department in the DPD, or to withdraw the application. Note that amendments may be subject to additional fees, pursuant to ORS 536.050.
- Failure to complete an approved change in place of use and/or change in character of use, will result in loss of the water right (OAR 690-380-6010).

**I (we) affirm that the information contained in this application is true and accurate.**

*Mike Stevenson* MIKE STEVENSON, OWNER 7/16/2021  
 Applicant signature Print Name (and Title if applicable) Date

\_\_\_\_\_  
 Applicant signature Print Name (and Title if applicable) Date

Is the applicant the sole owner of the land on which the water right, or portion thereof, proposed for transfer is located?  Yes  No *If NO, include signatures of all deeded landowners (and mailing and/or e-mail addresses if different than the applicant’s) or attach affidavits of consent (and mailing and/or e-mail addresses) from all landowners or individuals/entities to which the water right(s) were conveyed.*

Check the following boxes that apply:

- The applicant is responsible for completion of change(s). Notices and correspondence should continue to be sent to the applicant.
- The receiving landowner will be responsible for completing the proposed change(s) after the final order is issued. Copies of notices and correspondence should be sent to this landowner.
- Both the receiving landowner and applicant will be responsible for completion of change(s). Copies of notices and correspondence should be sent to this landowner and the applicant.

At this time, are the lands in this transfer application in the process of being sold?  Yes  No

If YES, and you know who the new landowner will be, please complete the receiving landowner information table below. If you do not know who the new landowner will be, then a request for assignment will have to be filed for at a later date.

If a property sells, the certificated water right(s) located on the land belong to the new owner, unless a sale agreement or other document states otherwise. For more information see: [https://www.oregon.gov/owrd/WRDFormsPDF/Transfer\\_Property\\_Transactions.pdf](https://www.oregon.gov/owrd/WRDFormsPDF/Transfer_Property_Transactions.pdf)

Current/Previous Water Delivery System → Part 5

Water for the rights described in this transfer application is pumped from the Muddy Creek Irrigation Canal, diverted from the McKenzie River at NE 1/4 NE 1/4, Section 9, T 17S, R 3W, W.M. being 4440 feet south and 5250 feet east from the southeast corner of DL 79. It is then further diverted from the Muddy Creek canal at a pumphouse on Roberts Rd. in Coburg, OR on the west side of I-5.

This water is conveyed through pipe laid under the freeway prior to its construction, due to an easement from

June 11, 1943 (Instrument #121919, document #42(d62)). The water enters Mike Stevenson's ditch on the east side of the freeway, south of Van Dyrn Rd and through

property owned by Mike Stevenson, flows underneath Van Dyrn Rd and onto property also owned by Mike Stevenson

Water was previously pumped into a series of

antiquated wheel line irrigation systems North and south

JUL 29 2021

OWRD

Part 5

of Van Duyn Rd. This system worked to utilize water rights in their current location, but lacked the water, energy, and labor saving technology of modern irrigation systems. The proposed transfer would allow Mike Stevenson to apply water with a highly efficient, sophisticated center pivot system at the North end of his property. In the proposed location, water will be pumped from the ditch by a 60 HP Gould Inc. Century pump with a capacity to run at 3540 RPM. The water will be directed to the center pivot and delivered to the ground by low-pressure sprinklers. It is the wish of the applicant that this change serves to make better use of our limited water resources by utilizing the more sustainable irrigation systems that have recently been developed.

**For Place of Use or Character of Use Changes**

Are there other water right certificates, water use permits or ground water registrations associated with the "from" or the "to" lands?  Yes  No

If YES, list the certificate, water use permit, or ground water registration numbers: \_\_\_\_\_.

Pursuant to ORS 540.510, any "layered" water use such as an irrigation right that is supplemental to a primary right proposed for transfer must be included in the transfer or be cancelled. Any change to a ground water registration must be filed separately in a ground water registration modification application.

**For Substitution** (ground water supplemental irrigation will be substituted for surface water primary irrigation)

Ground water supplemental Permit or Certificate # \_\_\_\_\_;

Surface water primary Certificate # \_\_\_\_\_.

**For a change in point(s) of appropriation (well(s)) or additional point(s) of appropriation:**

Well log(s) are attached for each authorized and proposed well(s) that are clearly labeled and associated with the corresponding well(s) in Table 1 above and on the accompanying application map.

**Tip:** You may search for well logs on the Department's web page at:

[http://apps.wrd.state.or.us/apps/gw/well\\_log/Default.aspx](http://apps.wrd.state.or.us/apps/gw/well_log/Default.aspx)

N/A

**AND/OR**

Describe the construction of the authorized and proposed well(s) in Table 3 for any wells that do not have a well log. For *proposed wells not yet constructed or built*, provide "a best estimate" for each requested information element in the table. The Department recommends you consult a licensed well driller, geologist, or certified water right examiner to assist with assembling the information necessary to complete Table 3.

N/A

**Table 3. Construction of Point(s) of Appropriation**

Any well(s) in this listing must be clearly tied to corresponding well(s) described in Table 1 and shown on the accompanying application map. Failure to provide the information will delay the processing of your transfer application until it is received. The information is necessary for the department to assess whether the proposed well(s) will access the same source aquifer as the authorized point(s) of appropriation (POA). The Department is prohibited by law from approving POA changes that do not access the same source aquifer.

N/A

Proposed or Authorized POA Name or Number	Is well already built? (Yes or No)	If an existing well: OWRD Well ID Tag No. L-___	Total well depth	Casing Diameter	Casing Intervals (feet)	Seal depth(s) (intervals)	Perforated or screened intervals (in feet)	Static water level of completed well (in feet)	Source aquifer (sand, gravel, basalt, etc.)	Well-specific rate (cfs or gpm). I, Michael Stevenson, in my capacity as owner,  
 mailing address 33401 Van Duzen Rd Eugene, OR 97408  
 telephone number (541) 729-9306, being first duly sworn depose and say:

1. My knowledge of the exercise or status of the water right is based on (check one):  
 Personal observation       Professional expertise

2. I attest that:

- Water was used during the previous five years on the **entire** place of use for Certificate # 91761, 80835; OR 86338  
 My knowledge is specific to the use of water at the following locations within the last five years:

Certificate #	Township	Range	Mer	Sec	1/4 1/4	Gov't Lot or DLC	Acres (if applicable)

OR

- Confirming Certificate # \_\_\_\_\_ has been issued within the past five years; **OR**  
 Part or all of the water right was leased instream at some time within the last five years. The instream lease number is: \_\_\_\_\_ (Note: If the entire right proposed for transfer was not leased, additional evidence of use is needed for the portion not leased instream.); **OR**  
 The water right is not subject to forfeiture and documentation that a presumption of forfeiture for non-use would be rebutted under ORS 540.610(2) is attached.  
 Water has been used at the actual current point of diversion or appropriation for more than 10 years for Certificate # \_\_\_\_\_ (For Historic POD/POA Transfers)

(continues on reverse side)

13782

3. The water right was used for: (e.g., crops, pasture, etc.): Pasture

4. I understand that if I do not attach one or more of the documents shown in the table below to support the above statements, my application will be considered incomplete.

Mike Stevenson  
Signature of Affiant

July 16 2021  
Date

Signed and sworn to (or affirmed) before me this 16 day of July, 2021.

Frances Allen  
Notary Public for Oregon

My Commission Expires: 1/29/2022

## Service that Shines

### REPORTING AN OUTAGE

Emergency/outage service is available 24 hours a day, 7 days a week. To report an outage, please contact us using one of the following options.

**Call 541-746-1583.** *NOTE: During large or widespread outages, high call volume may cause some callers to receive a busy signal or recording to try the call again.*

**Visit [www.epud.org](http://www.epud.org).** Report an outage electronically using Emerald's SmartHub account management system. Log in and click on Report an Outage to send an instant outage notification to Emerald's 24-hour service line.

**Use the SmartHub App.** Report an outage from your mobile device using the free SmartHub app. Simply log in and select **Report an Outage** to alert Emerald's 24-hour service line of your outage. *The SmartHub app is available on GooglePlay and the App Store.*

Please DO NOT report an outage on Emerald's Facebook page or Twitter page. Social media is not monitored for outage reports.

### HELPING HANDS

Emerald's payment assistance program, Helping Hands, is funded primarily by customer-owner contributions. All donations stay in Emerald's service territory, helping local families in need, right here in our neighborhoods. Donating is easy – make a one-time contribution, round up your monthly billing amount to the next highest dollar, or round up and add an additional flat monthly dollar amount to your bills. When you give a little, you help a lot.

### GREEN PROGRAM

Looking for an easy and affordable way to do more for the environment? Choose GREEN! Join Emerald's green power program to help bring new sources of renewable energy into our local communities and support clean energy throughout the Pacific Northwest.

### ENERGY SERVICES

Cash rebates, zero interest loans, and technical resources are available for your home or business to help improve its energy efficiency. Emerald's staff can review and make recommendations for the systems that affect your utility bill, including building structures, heating and cooling systems, lighting systems, water heating, and appliances. Contact Emerald today to learn more!

### ELECTRIC SYSTEM CHARGE

This charge helps recover the utility's costs of maintaining a reliable electric system. This includes the cost of equipment and line maintenance, tree trimming, outage restoration, property taxes, insurance, customer service, and general administration. Many of these costs are fixed and must be paid regardless of the amount of electricity used by our customers. Recovering a portion of these costs through a flat monthly charge, instead of through charges that vary by level of energy use, ensures the costs are distributed fairly among all customers.

### KWH USAGE

Usage charges are for actual energy consumption during the billing period measured in kilowatt-hours (kWh) and recovers the utility's cost of buying and delivering power to the customer.

### METER MULTIPLIER

A meter multiplier is tied to each specific type of meter. Meter reads are converted to usage by applying the multiplier designated by the meter manufacturer. Most residential homes have a meter using a multiplier of 1. Accounts with bigger electric service requirements may have a larger multiplier.

### DEMAND

The rate at which electric energy is delivered to a customer averaged over any designated period of time measured in kilowatts (kW). On applicable rate schedules, these charges are designed to cover the costs of having system capacity available for your use.

### POWER FACTOR

The fraction of power used by a customer's electrical equipment compared to the total power supplied, expressed as a percentage. Emerald's system standard of 97% must be maintained to help sustain voltage balance. Customers with power factor lower than this standard are charged a demand adjustment to help cover the costs of a low power factor.

### ELECTRIC SYSTEM CHARGE

This charge helps recover the utility's costs of maintaining a reliable electric system. This includes the cost of equipment and line maintenance, tree trimming, outage restoration, property taxes, insurance, customer service, and general administration. Many of these costs are fixed and must be paid regardless of the amount of electricity used by our customers. Recovering a portion of these costs through a flat monthly charge, instead of through charges that vary by level of energy use, ensures the costs are distributed fairly among all customers.

### KWH USAGE

Usage charges are for actual energy consumption during the billing period measured in kilowatt-hours (kWh) and recovers the utility's cost of buying and delivering power to the customer.

### METER MULTIPLIER

A meter multiplier is tied to each specific type of meter. Meter reads are converted to usage by applying the multiplier designated by the meter manufacturer. Most residential homes have a meter using a multiplier of 1. Accounts with bigger electric service requirements may have a larger multiplier.

### DEMAND

The rate at which electric energy is delivered to a customer averaged over any designated period of time measured in kilowatts (kW). On applicable rate schedules, these charges are designed to cover the costs of having system capacity available for your use.

### POWER FACTOR

The fraction of power used by a customer's electrical equipment compared to the total power supplied, expressed as a percentage. Emerald's system standard of 97% must be maintained to help sustain voltage balance. Customers with power factor lower than this standard are charged a demand adjustment to help cover the costs of a low power factor.

# Supplemental Form D

## Water Right Transfers Within the Boundaries of or Served by an Irrigation District or other Water Supplier (Association, Ditch Co., etc.)

[For transfers submitted under OAR Chapter 690 Division 380]

**Oregon Water Resources Department**  
 725 Summer Street NE, Suite A  
 Salem, Oregon 97301-1266  
 503-986-0900  
[www.oregon.gov/OWRD](http://www.oregon.gov/OWRD)

The Department requires non-district applicants to communicate with districts/water suppliers during the planning and preparation of transfer applications involving water rights having a point of diversion or appropriation (POD/POA) or place of use (POU) served by or located within the boundaries of an irrigation district, or other type of water supplier to which assessments are paid. In some cases consent will be required from the district or water supplier.

This form must be included with any transfer application that involves rights served by or located within the boundaries of a district or other type of water supplier. **RECEIVED**
