

CERTIFICATE # 37342

OWRD

**Description of Water Delivery System**

System capacity: 2.28 cubic feet per second (cfs) OR  
 \_\_\_\_\_ gallons per minute (gpm)

Describe the current water delivery system or the system that was in place at some time within the last five years. Include information on the pumps, canals, pipelines, and sprinklers used to divert, convey, and apply the water at the authorized place of use. **Appropriated by 40 HP submersible pump, conveyed by 3"-15" buried PVC mainline, applied by drip irrigation**

**Table 1. Location of Authorized and Proposed Point(s) of Diversion (POD) or Appropriation (POA)**  
 (Note: If the POD/POA name is not specified on the certificate, assign it a name or number here.)

POD/POA Name or Number	Is this POD/POA Authorized on the Certificate or is it Proposed?	If POA, OWRD Well Log ID# (or Well ID Tag # L-___)	Twp			Rng			Sec		Tax Lot, DLC or Gov't Lot	Measured Distances (from a recognized survey corner)
									¼	¼		
Well 15	<input checked="" type="checkbox"/> Authorized <input type="checkbox"/> Proposed	POLK 2190	7	S	4	W	36	NW	NE	200	1690' N and 2970' E from W ¼ Corner, Section 36	
Well 12	<input type="checkbox"/> Authorized <input checked="" type="checkbox"/> Proposed	POLK 53561	7	S	4	W	36	SE	NW	200	550' W from SE corner of DLC 60	
	<input type="checkbox"/> Authorized <input type="checkbox"/> Proposed											
	<input type="checkbox"/> Authorized <input type="checkbox"/> Proposed											

**Check all type(s) of change(s) proposed below (change "CODES" are provided in parentheses):**

- Place of Use (POU)
- Character of Use (USE)
- Point of Diversion (POD)
- Additional Point of Diversion (APOD)
- Surface Water POD to Ground Water POA (SW/GW)
- Supplemental Use to Primary Use (S to P)
- Point of Appropriation/Well (POA)
- Additional Point of Appropriation (APOA)
- Substitution (SUB)
- Government Action POD (GOV)

**Will all of the proposed changes affect the entire water right?**

- Yes Complete only the Proposed ("to" or "on" lands) section of Table 2 on the next page. Use the "CODES" listed above to describe the proposed changes.
- No Complete all of Table 2 to describe the portion of the water right to be changed.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data. The text also mentions that regular audits are necessary to identify any discrepancies or errors in the accounting process.

2. The second part of the document focuses on the role of technology in modern accounting. It highlights how software solutions can streamline various tasks, such as data entry, calculation, and reporting. This not only saves time but also reduces the risk of human error. The document suggests that businesses should invest in reliable accounting software to improve their operational efficiency.

3. The third part of the document addresses the importance of staying up-to-date with the latest accounting standards and regulations. It notes that the accounting profession is constantly evolving, and professionals must be aware of these changes to ensure compliance. Continuous education and professional development are presented as essential for success in this field.

4. The fourth part of the document discusses the ethical responsibilities of accountants. It stresses that honesty and integrity are the foundation of the profession. Accountants must always act in the best interests of their clients and the public. The text also mentions that accountants should avoid conflicts of interest and maintain confidentiality of their clients' information.

5. The fifth part of the document covers the importance of clear communication in accounting. It explains that accountants must be able to explain complex financial information in a way that is understandable to non-accountants. This skill is crucial for building trust and providing valuable advice to clients. The document suggests that accountants should always provide clear explanations and be open to questions.

6. The sixth part of the document discusses the role of accountants in business decision-making. It notes that accountants provide the financial data that managers need to make informed decisions. By analyzing financial statements and trends, accountants can help businesses identify areas for improvement and opportunities for growth. The text emphasizes that accountants are not just record-keepers but also strategic advisors.

7. The seventh part of the document discusses the importance of teamwork in accounting. It explains that many accounting tasks require collaboration between different team members. Effective communication and coordination are essential for ensuring that all tasks are completed accurately and on time. The document suggests that businesses should foster a collaborative work environment where team members can support each other.

8. The eighth part of the document covers the importance of staying organized in accounting. It notes that a well-organized system is essential for managing large amounts of financial data. The text suggests using consistent naming conventions, maintaining a clear filing system, and regularly backing up data. These practices can significantly reduce the risk of data loss and make it easier to find information when needed.

9. The ninth part of the document discusses the importance of maintaining accurate and up-to-date financial statements. It notes that these statements are essential for providing a clear picture of the business's financial health. The text suggests that businesses should review their financial statements regularly and ensure that they are accurate and complete. This information is crucial for investors, lenders, and other stakeholders.

10. The tenth part of the document discusses the importance of staying motivated and committed in accounting. It notes that the profession can be challenging, but it is also rewarding. Accountants who are motivated and committed can provide the highest quality of service to their clients. The text suggests that accountants should set goals, seek out opportunities for growth, and maintain a positive attitude.

REVISED 10/27/2021

**Table 2. Description of Changes to Water Right Certificate # 37342**

List the change proposed for the acreage in each ¼ ¼. If more than one change is proposed, specify the acreage associated with each change. If there is more than one POD/POA involved in the proposed changes, specify the acreage associated with each POD/POA.

OWRD

**For Place of Use or Character of Use Changes**

Are there other water right certificates, water use permits or ground water registrations associated with the "from" or the "to" lands?  Yes  No

If YES, list the certificate, water use permit, or ground water registration numbers: Cert. 14257.

Pursuant to ORS 540.510, any "layered" water use such as an irrigation right that is supplemental to a primary right proposed for transfer must be included in the transfer or be cancelled. Any change to a ground water registration must be filed separately in a ground water registration modification application.

**For Substitution (ground water supplemental irrigation will be substituted for surface water primary irrigation)**

Ground water supplemental Permit or Certificate # \_\_\_\_\_;  
Surface water primary Certificate # \_\_\_\_\_.

**For a change from Supplemental Irrigation Use to Primary Irrigation Use**

Identify the primary certificate to be cancelled. Certificate # \_\_\_\_\_

**For a change in point(s) of appropriation (well(s)) or additional point(s) of appropriation:**

Well log(s) are attached for each authorized and proposed well(s) that are clearly labeled and associated with the corresponding well(s) in Table 1 above and on the accompanying application map.

**Tip:** You may search for well logs on the Department's web page at:  
[http://apps.wrd.state.or.us/apps/gw/well\\_log/Default.aspx](http://apps.wrd.state.or.us/apps/gw/well_log/Default.aspx)

**AND/OR**

Describe the construction of the authorized and proposed well(s) in Table 3 for any wells that do not have a well log. For *proposed wells not yet constructed or built*, provide "a best estimate" for each requested information element in the table. The Department recommends you consult a licensed well driller, geologist, or certified water right examiner to assist with assembling the information necessary to complete Table 3.

**Table 3. Construction of Point(s) of Appropriation**

Any well(s) in this listing must be clearly tied to corresponding well(s) described in Table 1 and shown on the accompanying application map. Failure to provide the information will delay the processing of your transfer application until it is received. The information is necessary for the department to assess whether the proposed well(s) will access the same source aquifer as the authorized point(s) of appropriation (POA). The Department is prohibited by law from approving POA changes that do not access the same source aquifer.

Proposed or Authorized POA Name or Number	Is well already built? (Yes or No)	If an existing well: OWRD Well ID Tag No. L-___	Total well depth	Casing Diameter	Casing Intervals (feet)	Seal depth(s) (intervals)	Perforated or screened intervals (in feet)	Static water level of completed well (in feet)	Source aquifer (sand, gravel, basalt, etc.)	Well-specific rate (cfs or gpm). If less than full rate of water right

Attn: Kelly Starnes

The enclosed pages 9-11 are amended and to be included in transfer application T-13563 in the name of ACMPC Oregon 2, LLC (dba Halls Ferry Farms). These pages are the "part 5" for involved certificate 37342 and have been revised to exclude Well 28. Well 28 was removed from the pertinent transfer map, but mistakenly not removed from these pages of the application.

Thank you and please reach out if you need anything else to continue processing T-13563.
