OF THE
STATE OF OREGON**

In the Matter of Transfer Application) FINAL ORDER APPROVING
T-12687, Union County) TEMPORARY CHANGES IN PLACE
) OF USE AND POINT OF DIVERSION

Authority

Oregon Revised Statute (ORS) 540.505 to 540.580 establish the process in which a water right holder may submit a request to temporarily transfer the place of use and, if necessary to convey the water to the temporary place of use, the point of diversion authorized under an existing water right.

Oregon Administrative Rule (OAR) Chapter 690, Division 380 implements the statutes and provides the Department's procedures and criteria for evaluating transfer applications.

Applicant

RANDALL A. GLENN
PO BOX 161
SUMMERVILLE, OR 97876

RECEIVED
FEB 22 2022
OWRD

Findings of Fact

1. On June 12, 2017, RANDALL A. GLENN filed an application to temporarily change the place of use and change the point of diversion to serve the proposed place of use under Certificate 21537 for a period of 5 years. The Department assigned the application number T-12687.
2. Notice of the application for transfer was published on June 20, 2017, pursuant to OAR 690-380-4000. No comments were filed in response to the notice.
3. The portion of the right to be temporarily transferred is as follows:
Certificate: 21537 in the name of KEITH GLENN (perfected under Permit S-18909)
Use: IRRIGATION of 39.1 ACRES
Priority Date: JULY 29, 1949
Rate: 0.98 CUBIC FEET PER SECOND
Limit/Duty: The amount of water used for irrigation, together with the amount secured under any other right existing for the same lands, shall be limited to ONE-FORTIETH of one cubic foot per second per acre, or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 3.0 acre feet per acre, during the irrigation season of each year. Water to be diverted from Willow Creek when available and any deficiency in the available supply in Willow Creek is to be made up by diversion from Mill

This is a final order in other than a contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080, you may petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

4. Certificate 21537 does not describe the location of the point of diversion in more detail than to the quarter quarter section, however information is available from the transfer application indicating that the point of diversion is located as follows:

Twp	Rng	Mer	Sec	Q-Q	GPS Coordinates
1 S	39 E	WM	18	NE NW	Latitude: N 45.4823667 & Longitude: W -117.986800

5. Temporary Transfer Application T-12682 proposes to temporarily change the place of use of the right to:

IRRIGATION					
Twp	Rng	Mer	Sec	Q-Q	Acres
1 S	38 E	WM	13	NW NW	39.1

6. A change in point of diversion is necessary to convey the water to the proposed temporary place of use. Temporary Transfer Application T-12682 proposes to move the authorized point of diversion upstream in Mill Creek approximately 2,371 feet from the authorized point which is near the confluence of Mill Creek and Willow Creek:

Twp	Rng	Mer	Sec	Q-Q	Measured Distance
1 S	39 E	WM	12	SE SE	230 FEET SOUTH AND 20 FEET WEST FROM THE NE CORNER OF SECTION 13.

Temporary Transfer Review Criteria

7. Water has been used within the last five years according to the terms and conditions of the right. There is no evidence available that would demonstrate that the right is subject to forfeiture under ORS 540.610.
8. A pump, pipeline, and sprinkler system sufficient to use the full amount of water allowed under the existing right is present.
9. The proposed changes would not result in enlargement of the right.
10. The proposed changes would not result in injury to other water rights. This finding is made through an abbreviated review recognizing that the transfer may be revoked under ORS 540.523(5) if the Department later finds that the transfer is causing injury to any existing water right.

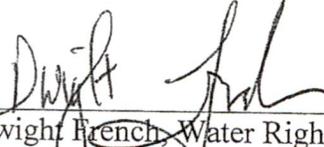

Conclusions of Law

The temporary changes in place of use and point of diversion to convey water to the temporary place of use proposed in application Temporary Transfer Application T-12687 is consistent with the requirements of ORS 540.523 and OAR 690-380-8000.

Now, therefore, it is ORDERED:

1. The temporary changes in place of use and point of diversion to convey water to the temporary place of use proposed in Temporary Transfer Application T-12687 are approved.
2. The former place of use **shall not** be irrigated as part of this water right during the 2017, 2018, 2019, 2020 and 2021 irrigation seasons.
3. The use shall revert to the authorized place of use at the end of the 2021 irrigation season. The authorization to use the additional point of diversion shall be terminated concurrently.
4. The approval of this temporary transfer may be revoked or modified if the Department finds the changes cause injury to any existing water right.
5. A subsequent application for permanent transfer of Certificate 21537 shall be subject to a full and complete review to determine consistency with the requirements of OAR Chapter 690, Division 380. Approval of this temporary transfer does not establish a precedent for approval of a subsequent application filed for a permanent transfer.
6. The use of water at the temporary place of use authorized by this transfer shall be in accordance with the terms and conditions of Certificate 21537.
7. The time during which water is used under this approved temporary transfer does not apply toward a finding of forfeiture under ORS 540.610.
