# 5. MAPS and AUTHORIZATIONS

Enclosed is a map for the proposed change in place of use meeting the standards of OAR Chapter 690, Division 385.

The water rights affected by this notice are not subject to forfeiture for nonuse under ORS 540.610.

Each user affected by the proposed transfer has provided written authorization for the transfer and such authorization is on file with the district.

The water rights affected by this change do not require a Land Use Compatibility Statement because ALL of the following apply: a) a change in place of use only, b) a change that does not involve the placement or modification of structures, c) the use of water is for irrigation only and d) the use is located within an irrigation district or an exclusive farm use zone.

The undersigned understand and acknowledge that the proposed change in place of use is subject to the approval of the Water Resources Department. The undersigned also understand and acknowledge that if the Water Resources Department finds the change in place of use allowed by the district under this notice results in injury to an existing water right, the Department may direct the district to cease delivery of water to the proposed place of use or direct the district to mitigate the injury.

# 5. MAPS and AUTHORIZATIONS

Enclosed is a map for the proposed change in place of use meeting the standards of OAR Chapter 690, Division 385.

The water rights affected by this notice are not subject to forfeiture for nonuse under ORS 540.610.

Each user affected by the proposed transfer has provided written authorization for the transfer and such authorization is on file with the district.

The water rights affected by this change <u>do not require</u> a Land Use Compatibility Statement because ALL of the following apply: a) a change in place of use only, b) a change that does not involve the placement or modification of structures, c) the use of water is for irrigation **only** and d) the use is located within an irrigation district or an exclusive farm use zone.

The undersigned understand and acknowledge that the proposed change in place of use is subject to the approval of the Water Resources Department. The undersigned also understand and acknowledge that if the Water Resources Department finds the change in place of use allowed by the district under this notice results in injury to an existing water right, the Department may direct the district to cease delivery of water to the proposed place of use or direct the district to mitigate the injury.

#### QUITCLAIM DEED FOR TRANSFER OF INTEREST IN A WATER RIGHT

Grantor, <u>Empire A, LLC</u>, hereby releases and quitclaims to Swalley Irrigation District (SID) all rights, title and interest in the following: By this agreement and signed transfer application form, Grantor, the owner of the lands listed in Exhibit A ("Grantor Land"), release their claim and responsibility for a total of <u>0.25 acres</u> of water right that are appurtenant to Grantor Land, to SID. SID may elect to complete the transfer application and submit it to the Water Resources Department for approval of use of the water right at a new location and/or use. SID may attach this agreement to the Oregon Water Resources Department's lease form and file with the District's annual Short Term Water Right Lease Agreement.

By entry of this deed, Grantor hereby notifies any subsequent purchaser of the Grantor Land that Grantor, as owner of such land, approved the transfer (including a change in the place and type of use and point of diversion) of the water rights that are appurtenant to Grantor Land; and that upon completion of a transfer, by election of SID, Grantor Land no longer will have 0.25 acres of appurtenant water right, if the transfer includes a change in the place of use.

Furthermore, upon signing of this agreement and the accompanying transfer application, Grantor shall no longer be liable for any District assessment or charges pertaining to the total of 0 0.25 acres of water right quit claimed hereunder and incurred after the date of signing of this agreement. The water right in question is further described as a portion of certificate # 74145, priority of 1899, located: T178-R12E, WM-SEC20-NE/NE-00409 - 0.25 acres (Deschutes County, Oregon).

This agreement is binding upon the heirs, executors, administrators, successors, and permitted assigns of the parties to this agreement. Consideration for this Quitciaim is \$0.00

## 5. MAPS and AUTHORIZATIONS

- Enclosed is a map for the proposed change in place of use meeting the standards of OAR Chapter 690, Division 385.
- The water rights affected by this notice are not subject to forfeiture for nonuse under ORS 540.610.

Each user affected by the proposed transfer has provided written authorization for the transfer and such authorization is on file with the district.

The water rights affected by this change <u>do not require</u> a Land Use Compatibility Statement because ALL of the following apply: a) a change in place of use only, b) a change that does not involve the placement or modification of structures, c) the use of water is for irrigation **only** and d) the use is located within an irrigation district or an exclusive farm use zone.

The undersigned understand and acknowledge that the proposed change in place of use is subject to the approval of the Water Resources Department. The undersigned also understand and acknowledge that if the Water Resources Department finds the change in place of use allowed by the district under this notice results in injury to an existing water right, the Department may direct the district to cease delivery of water to the proposed place of use or direct the district to mitigate the injury.

## FOR TRANSFER OF INTEREST IN A WATER RIGHT

Grantors, <u>Ryan & Randi Duble</u>, releases and quitclaims to Swalley Irrigation District (SID) all rights, title and interest in the following: By this agreement and signed transfer application form, Grantor, the owner of the lands listed in Exhibit A, release their claim and responsibility for a total of <u>1.00 acres</u> of Swalley Irrigation District water right that are appurtenant to the lands listed in Exhibit A, to Swalley Irrigation District. Swalley Irrigation District may elect to complete the transfer application and submit it to the Water Resources Department for approval of use of the water right at a new location and/or use. Swalley Irrigation District may attach this agreement to the Oregon Water Resources Department's lease form and file with the District's annual Short Term Water Right Lease Agreement.

By entry of this deed, grantor hereby notifies any subsequent purchaser of the lands listed in Exhibit A that grantor, as owner of the subject land, approved the transfer (including a change in the place and type of use and point of diversion) of the water rights that are appurtenant to the subject land; and that upon completion of a transfer, by election of SID, the subject land no longer will have an appurtenant water right, if the transfer includes a change in the place of use.

Furthermore, upon signing of this agreement and the accompanying transfer application **Ryan & Randi Duble** shall no longer be liable for any District assessment or charges pertaining to the total of **1.00 acres** of water right incurred after the date of signing. The water right in question is further described as a portion of certificate # 74145, priority of 1899, located:

#### T16S-R12E,WM-SEC29-SW/SW-03402 - 1.00 acres

This agreement is binding upon the heirs, executors, administrators, successors, and permitted assigns of the parties to this agreement. Consideration for this Quitclaim is 0.00
