On August 25, 1972, Roger Henry Dingeman filed an application in the office of the State Engineer for the approval of a change in point of diversion of water from Unnamed Creek No. 2, pursuant to the provisions of ORS 540.510 to 540.530.

Certificate of water right issued to Samuel Emery Watson and recorded at page 33944, Volume 25, State Record of Water Right Certificates, confirms a right to the use of not to exceed 0.09 cubic foot per second of water from, among other sources, Unnamed Creek No. 2 for the irrigation of, among other lands, 0.8 acre in NE $\frac{1}{4}$  SW $\frac{1}{4}$  and 2.9 acres in NW $\frac{1}{4}$  SW $\frac{1}{4}$ , Section 17, Township 16 South, Range 6 West, W.M., with a date of priority of November 20, 1961. These lands are irrigated from a point of diversion located 840 feet North and 200 feet West from the SE corner of the NW $\frac{1}{4}$  SW $\frac{1}{4}$  of Section 17 being within the NW $\frac{1}{4}$  SW $\frac{1}{4}$  of Section 17, Township 16 South, Range 6 West, W.M.

The applicant herein, owner of the lands above described, proposes to irrigate these lands from a point of diversion to be located 720 feet West and 490 feet South from the NE corner of the SW $\frac{1}{4}$  being within the NE $\frac{1}{4}$  SW $\frac{1}{4}$  of Section 17, Township 16 South, Range 6 West, W.M.

Notice by publication as provided by ORS 540.520 was not given in connection with this application for the reason said section provides notice is not required on an application for a change in point of diversion of water of less than one-fourth mile where there are no intervening diversions.

Mr. Gene McGinnis, Watermaster of District No. 2, has filed a report to the effect that the proposed change in point of diversion may be made without

injury to existing rights.

No objections having been filed and it appearing that the proposed change in point of diversion may be made without injury to existing rights, the application should be approved.

NOW, THEREFORE, it hereby is ORDERED that the proposed change in point of diversion of water from Unnamed Creek No. 2, to-wit:

From a point located 840 feet North and 200 feet West from the SE corner of the NW $\frac{1}{4}$  SW $\frac{1}{4}$  of Section 17 being within the NW $\frac{1}{4}$  SW $\frac{1}{4}$  of Section 17, Township 16 South, Range 6 West, W.M.

To a point to be located 720 feet West and 490 feet South from the NE corner of the SW $\frac{1}{4}$  being within the NE $\frac{1}{4}$  SW $\frac{1}{4}$  of Section 17, Township 16 South, Range 6 West, W.M.

for the irrigation of 0.8 acre in NE $\frac{1}{4}$  SW $\frac{1}{4}$  and 2.9 acres in NW $\frac{1}{4}$  SW $\frac{1}{4}$ , Section 17, Township 16 South, Range 6 West, W.M., with a date of priority of November 20, 1961, is approved.

It is FURTHER ORDERED that the construction work shall be completed and the change in point of diversion of water made on or before October 1, 1973.

It is FURTHER ORDERED that the quantity of water diverted at the new point of diversion shall not exceed the quantity of water available at the old point of diversion and shall not exceed 0.046 cubic foot per second.

It is FURTHER ORDERED that the following provisions shall be effective when in the judgement of the watermaster it becomes necessary to install headgates and measuring devices.

That the diversion works shall include an in-line flow meter, a weir, or other suitable device for measuring the water to which the applicant is entitled.

That the type and plans of the measuring device be approved by the watermaster before the beginning of construction work and that the weir or measuring device be installed under the general supervision of said watermaster.

It is FURTHER ORDERED that certificate of water right heretofore issued to Samuel Emery Watson and recorded at page 33944, Volume 25, State

Record of Water Right Certificates, is canceled and in lieu thereof a new certificate be issued covering the balance of the lands not involved in this proceeding and upon receipt of proof satisfactory to the State Engineer of completion of the authorized change in point of diversion, a certificate of water right shall be issued to Roger Henry Dingeman confirming the change in point of diversion.

Dated at Salem, Oregon, this 30th day of January, 1973.
