FOR APPROVAL OF CHANGES IN PLACE )  
OF USE AND POINT OF DIVERSION OF )  
WATER FROM TROUT CREEK )  
-----

ORDER APPROVING  
TRANSFER NO. 2655

On May 31, 1972, an application was filed in the office of the Water Resources Director by Humbolt Land & Livestock Company for approval of changes in place of use and point of diversion from Trout Creek, pursuant to the provisions of ORS 540.510 to 540.530.

By Decree of the Circuit Court for Harney County, dated February 23, 1916, in the matter of Edwin B. Hill, et al. vs. the American Land & Livestock Company, et al., a right was adjudicated to C. E. Thomas and L. W. Walter for use of water from South Branch Trout Creek under a date of priority of 1884, for the irrigation of, among other lands, 5.0 acres in N $\frac{1}{2}$  NE $\frac{1}{4}$  SE $\frac{1}{4}$  NE $\frac{1}{4}$  of Section 36, Township 39 South, Range 35 East, W.M.

The authorized point of diversion is located 0 feet North and 0 feet West from the Southeast Corner of the SW $\frac{1}{4}$  NE $\frac{1}{4}$  of Section 31, being within the SW $\frac{1}{4}$  NE $\frac{1}{4}$  of Section 31, Township 39 South, Range 36 East, W.M.

The applicant herein, owner of the lands above described, proposes to change the place of use and point of diversion therefrom and, without loss of priority, to irrigate in lieu thereof a certain 5.0 acres in E $\frac{1}{2}$  NE $\frac{1}{4}$  NE $\frac{1}{4}$  NW $\frac{1}{4}$  of Section 18, Township 39 South, Range 37 East, W.M. from a point of diversion located 20 feet North and 310 feet East from the Center Corner of Section 17, being within the SW $\frac{1}{4}$  NE $\frac{1}{4}$  of Section 17, Township 39 South, Range 37 East, W.M.

Notice of the application, pursuant to ORS 540.510, was published in the Burns Times-Herald, a newspaper printed and having general circulation in

Harney County, Oregon, for a period of three weeks in the issues of September 9, 16 and 23, 1976.

Mr. Walter N. Perry, Water Resources Department, has filed a statement to the effect that the proposed changes in place of use and point of diversion may be made without injury to existing rights.

No objections having been filed and it appearing that the proposed changes in place of use and point of diversion may be made without injury to existing rights, the application should be approved.

NOW, THEREFORE, it hereby is ORDERED that the requested changes in place of use and point of diversion of water from Trout Creek, as described herein, without loss of priority, are approved.

It is FURTHER ORDERED that the diversion of water at the new point of diversion shall be limited to the water available at the old point of diversion on the South Branch of Trout Creek under the subject water right, pursuant to provisions of the said decree, with particular reference to paragraph 26 and to a subsequent paragraph which provides, in part, "A headgate shall always be maintained at the head of the South Branch... at such times as the water is not needed for beneficial use for the purpose herein determined by any lower water users ... such amount may be allowed to flow through such headgate as may be necessary for the use of all appropriators or users therefrom ...".

It is FURTHER ORDERED that the diversion of water at the new point of diversion shall be contingent upon maintaining an adequate system of drain ditches and controls to prevent the free-flooding of the lands from which the water right is hereby severed.

It is FURTHER ORDERED that the following provisions shall be carried out prior to the diverting of water at the new point of diversion as herein

confirmed:

That the diversion works shall include a weir or other suitable device for measuring the water to which the applicant is entitled;

That the type and plans of the measuring device be approved by the watermaster before the beginning of construction work and that the weir or measuring device be installed under the general supervision of said watermaster.

It is FURTHER ORDERED that the construction work shall be completed and the change in point of diversion of water made and said water so transferred shall be applied to beneficial use on or before October 1, 1979.

Dated at Salem, Oregon, this 16th day of January, 1978.
