To a point to be located 200 feet South and 200 feet West from the East quarter-corner of Section 10, being within the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 10, Township 36 South, Range 3 West, W. M.

for the irrigation of 0.7 acre in SE $\frac{1}{4}$ NE $\frac{1}{4}$ and 0.5 acre in NE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 10, Township 36 South, Range 3 West, W. M., with a date of priority of August 22, 1960, is approved.

It is FURTHER ORDERED that the construction work shall be completed and the change in point of diversion of water made on or before October 1, 1976.

It is FURTHER ORDERED that the quantity of water diverted at the new point of diversion shall not exceed the quantity of water available at the old point of diversion, and shall not exceed 0.017 cubic feet per second.

It is FURTHER ORDERED that the following provisions shall be effective when in the judgement of the watermaster it becomes necessary to install headgates and measuring devices.

That the diversion works shall include an in line flow meter, a weir, or other suitable device for measuring the water to which the applicant is entitled.

That the type and plans of the measuring device be approved by the watermaster before the beginning of construction work and that the weir or measuring device be installed under the general supervision of said watermaster.

It is FURTHER ORDERED that the certificate of water right heretofore issued to Cartee and Nina L. Wood and recorded at Page 34357, Volume 26, State Record of Water Right Certificates, is canceled, and in lieu thereof a new certificate be issued covering the balance of the lands not involved in this proceeding, and upon receipt of proof satisfactory to the Water Resources Director of completion of the authorized change in point of diversion, a certificate of water right shall be issued to Cartee and Naomi Wood confirming the change in point of diversion.
