That the diversion works shall include an in line flow meter, a weir, or other suitable device for measuring the water to which the applicant is entitled.

That the type and plans of the measuring device be approved by the watermaster before the beginning of construction work and that the weir or measuring device be installed under the general supervision of said watermaster.

It is FURTHER ORDERED that the certificate of water right heretofore issued to LeRoy M. Dear Mr. Sinsabaugh:

The notice of completion of works and use of water under the provisions of the order of the Water Resources Director approving water right transfer application No. 3346 for a change in point of diversion of water from Evans Creek was received, and, in line with the general practice of this office, a survey will be made at a later date.

After the survey, proof may be made and certificate of water right issued covering the actual use of water as found by the engineer. (In case of irrigation, any lands described in the order that have not been irrigated will be automatically eliminated from the water right.)

In the meantime, the order will be evidence of the water right in question as long as the authorized beneficial use of water is continued.

An excess of certificate recording fees was collected for this transfer application. Our check No. 1662 in refund of this over payment in the amount of \$4.00 is enclosed.

Sincerely,

James W. Carver, Jr.

Attention: Mr. Trevor Jones, Administrator
Water Rights Division

Dear Mr. Jones:

I am enclosing a transfer application in the name of LeRoy M. Sinsabaugh of 635 SW 19th, Apt. 235, Portland, Oregon 97205, for change in point of diversion of water from Evans Creek for irrigation purposes, together with his transfer fees, in the sum of \$35, the necessary transfer map tracing, and legal land description.

It is my opinion that this proposed change in point of diversion may be made without injury to existing rights; also I believe the second provision relative to pumping plants would be the best to incorporate within the order.

Very truly yours,

David C. Hendrix
