BEFORE THE WATER RESOURCES DIRECTOR OF OREGON JOSEPHINE COUNTY

IN THE MATTER OF THE APPLICATION)
OF WM. T. DONOVAN FOR APPROVAL)
OF A CHANGE IN POINT OF DIVER-)
SION OF WATER)

ORDER APPROVING TRANSFER NO. 4111

On December 20, 1978, an application was filed in the office of the Water Resources Director by Wm. T. Donovan for approval of a change in point of diversion of water from Applegate River, pursuant to the provisions of ORS 540.510 to 540.530.

The certificate recorded at page 35088, Volume 27, State Record of Water Right Certificates, in the name of P. B. Herman, describes a right which includes the use of not to exceed 0.04 cubic foot per second from Applegate River for irrigation of a certain 2.0 acres in NW4 NE4 of Section 31, Township 36 South, Range 6 West, W.M., with a date of priority of October, 1900.

The authorized point of diversion of record for said right is located 280 feet South and 200 feet West from the Center Corner of Section 31, being within the NE¼ SW¼ of Section 31, Township 36 South, Range 6 West, W.M. (Red Bluff Ditch).

The applicant herein, owner of the lands above described, proposes to change the point of diversion therefrom, without loss of priority, to a point located 740 feet South and 220 feet East from the North Quarter Corner of Section 31, being within the NW4 NE4 of Section 31, Township 36 South, Range 6 West, W.M.

Notice of the application, pursuant to ORS 540.520(2), was published in the Grants Pass Daily Courier, a newspaper printed and having general circulation in Josephine County, Oregon, for a period of three weeks in the issues of February 14, 21 and 28, 1979.

Mr. Robert B. Steimer, Watermaster, has filed a statement to the effect that the proposed change in point of diversion may be made without injury to existing rights.

No objections having been filed and it appearing that the proposed change in point of diversion may be made without injury to existing rights, the application should be approved.

NOW, THEREFORE, it hereby is ORDERED that the requested change in point of diversion, as described herein, without loss of priority, is approved.

It is FURTHER ORDERED that the quantity of water diverted at the new point of diversion shall not exceed the quantity of water available at the old point of diversion under the subject right.

It is FURTHER ORDERED that the following provisions shall be effective when in the judgment of the watermaster it becomes necessary to install headgates and measuring devices:

That the diversion works shall include an in line flow meter, a weir, or other suitable device for measuring the water to which the applicant is entitled;

That the type and plans of the measuring device be approved by the watermaster before the beginning of construction work and that the weir or measuring device be installed under the general supervision of said watermaster.

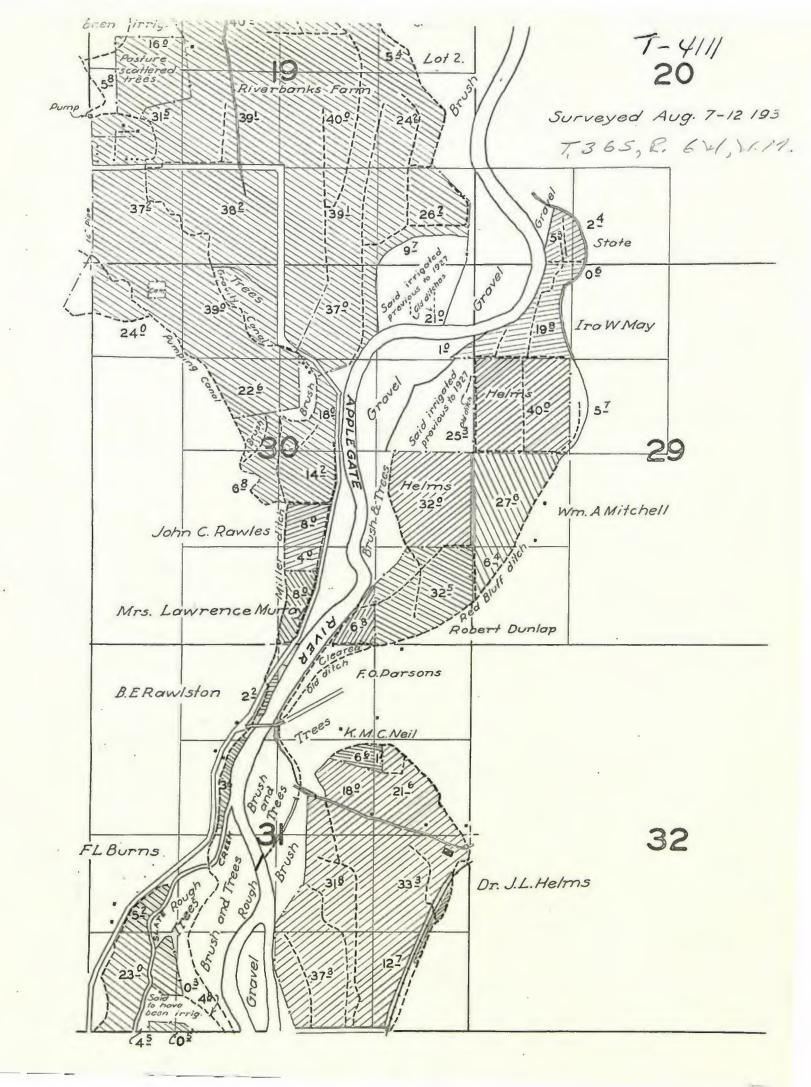

It is FURTHER ORDERED that NO time need be fixed for completion as the change in point of diversion is completed.

It is FURTHER ORDERED that the certificate of water right recorded at page 35088, Volume 27, State Record of Water Right Certificates, is canceled; and in lieu thereof a new certificate be issued covering the balance of the right NOT involved in this proceeding; and upon proof satisfactory to the Water Resources Director of completion of works and beneficial use of water to the extent intended under the provisions of this order, a confirming certificate of water right shall be issued to the applicant herein.

Dated at Salem, Oregon this 12th day of April, 1979.

James E. Sexson,

TO: TRANSFERS, WATER RIGHTS DIVISION Robert B. Steimer, Watermaster RECEIVED FROM: ** JAN 41979 SUBJECT: WATER RIGHT TRANSFER APPLICATION NO. 4111 WATER RESOURCES DEPT. IN THE NAME OF Wm. T. Donovan SALEM, OREGON In my opinion the proposed change in point of diversion from Applegate River MAY BE MADE WITHOUT INJURY WOULD RESULT IN INJURY* to an existing water right. Headgate notices HAVE HAVE NOT been issued for diversion from the sources which serves this right. If for change in point of diversion, is there any intervening point of diversion between the authorized and the proposed points of diversion? In my opinion, the order approving the subject transfer application should include the following in regard to the appropriator installing suitable measuring devices in the diversion works: (1) PRIOR to the diverting of water at the new point of diversion . . . When in the judgment of the watermaster it becomes necessary . . . * The approval of this transfer application would result in injury to other water rights because

LEGAL NOTICE

NOTICE OF WATER RIGHT TRANSFER APPLICATION NO.

Notice is given hereby that an application has been filed in the office of the Waler Resources Director by William T. Donovan for approval of a change in point of diversion of water from Applegate River, pursuant to the provisions of ORS 540.510/to 540.530.

The certificate recorded at page 35088, Volume 27, State Record of Water Right Certificates, in the name of P. B. Herman, describes a right which includes the use of not to exceed 0.04 cubic foot per second from Applegate R. for irrigation of a certain 2.0 ac in NW!4 NE!4 of Sec 31, T 36S, R 6W, WM, with a date of priority of October, 1900.

The authorized point of diversion for said right is located 280 ft S & 200 ft W from the Center Corner of Sec 31, being within the NE 4 SW 4 of Sec 31, T 36S, R 6W, WM (Red Bluff Ditch).

The applicant herein, owner of the tands above described, proposes to change the point of diversion therefrom, without loss of priority, to a point located 740 ft \$ 8, 220 ft E from the N¹/₂ Corner of Sec 31, being within the NW¹/₂ NE¹/₄ of Sec 31, T 36S, R 6W, WM.

All person's interested are notified hereby that a hearing will be held at the county courthouse at Grants Pass, Oregon, on April 5, 1979, at 9:30 a.m. All objections to the proposed change, if any there are, will be heard at said time and place. Any and all objections shall be prepared in writing: One copy to be served on William T. Donovan, 6380 Neill Rd, Grants Pass, OR 97526; and one copy filed with the Water Resources Department, Salem, OR 97310, together with a \$10 filing fee, at least 10 days prior to the date sent for hearing, IF NO OBJECTIONS ARE FILED, THE APPLICA. TION MAY BE APPROVED BY THE WATER RESOURCES DIRECTOR WITHOUT A HEAR-ING. Administrative rules pertaining to the filing of a protest will be furnished by the Water Resources Dept upon request.

Dated at Salem, Oregon this 9th day of February, 1979.

RE: File No. T-4111

Wm. T. Donovan 6380 Neill Road Grants Pass, Oregon 97526

Dear Mr. Donovan:

Your water right transfer application No. 4111 and supporting map were received January 2, 1979.

The area shaded on your supporting map represents an area of only about 2 acres instead of the 3 acres noted on the map and in item No. 8 of your application. If the map correctly represents the area where the water right involved was established and is still valid, it will be necessary for you to correct the acreage figure on the map and in item No. 8 of the application to be in agreement.

I am returning your application and map for completion.

Sincerely,

Wayne J. Overcash Water Rights Engineer
