SUBJECT: WATER RIGHT TRANSFER APPLICATION NO. 4126

IN THE NAME OF Constance SowellWM. DIST. 14

In my opinion the proposed change in place of use of water from Glade Fork  
MAY BE MADE WITHOUT INJURY ~~WOULD RESULT IN INJURY~~\* to an existing water right.

Headgate notices HAVE ~~NOT~~ been issued for diversion from the sources which  
serves this right.

If for change in point of diversion, is there any intervening point of diversion  
between the authorized and the proposed points of diversion? NA  
(yes or no)

In my opinion, the order approving the subject transfer application should include  
the following in regard to the appropriator installing suitable measuring devices  
in the diversion works:

       (1) PRIOR to the diverting of water at the new point of diversion . . .

NA (2) When in the judgment of the watermaster it becomes necessary . . .
