HUTTIG BUILDING PRODUCTS INC ATTN: DENNIS DUBITSKY 555 MARYVILLE UNIVERSITY DR ST LOUIS MO 63141

Reference: Transfer 10382

Enclosed is a copy of the order approving your water right transfer application.

A time to complete the transfer is given the order. YOU SHOULD GIVE PARTICULAR ATTENTION TO THE TIME LIMIT. The water right for any portion of the authorized change in use or change in place of use NOT carried out within the time allowed will be lost.

An extension of the time limit can be allowed <u>only</u> upon a showing that diligent effort has been made to complete the actual change within the time allowed.

You have the requirement to hire a Certified Water Right Examiner (CWRE) to complete a Claim of Beneficial Use report and map which must be submitted to this department within one year of the date you completed the change or within one year of the completion date authorized in the transfer, whichever occurs first.

Sincerely,

Doug Parrow

### Authority

ORS 537.705 and 540.505 to 540.580 establish the process in which a water right holder may submit a request to transfer the point of appropriation, place of use, or character of use authorized under an existing water right. OAR Chapter 690, Division 380 implements the statutes and provides the Department's procedures and criteria for evaluating transfer applications.

### **Applicant**

HUTTIG BUILDING PRODUCTS, INC.

### **Findings of Fact**

### Background

- 1. On May 7, 2007, HUTTIG BUILDING PRODUCTS, INC. filed an application to change the point of appropriation under Certificate 23534. The Department assigned the application number T-10382.
- 2. The right to be transferred is as follows:

Certificate: 23534 in the name of ALEXANDER-STEWART LUMBER CO. (perfected

under Permit G-54)

Use: STEAM GENERATION, FIRE PROTECTION AND DRINKING WATER IN

SAWMILL

Priority Date: OCTOBER 6, 1955

Rate: 0.5 CUBIC FOOT PER SECOND (cfs)

Source: A-S NO. 2 WELL in the MCKAY CREEK BASIN

Authorized Point of Appropriation:

Twp	Rng	Mer	Q-Q		
14 S	16 E	WM	29	SW SW	

This is an order in other than a contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review must be filed within the 60 day time period specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080, you may either petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

### Authorized Place of Use:

Twp	Rng	Mer	Sec	Q-Q	
14 S	16 E	WM	32	NW NW	

- 3. Application T-10382 and the application map more closely define the location of the authorized well as being 114.7 feet North and 442.4 feet East of the NW Corner of Section 32, Township 14 South, Range 16 East, W.M.
- 4. Application T-10382 proposes to move the authorized point of appropriation approximately 0.2 mile from the existing point of appropriation to:

Twp	Rng	Mer	Sec	Q-Q	Tax Lot	Survey Coordinates
14 S	16 E	WM	32	NW NW	141632302	518.3 FEET SOUTH AND 1157.2 FEET EAST FROM THE NW CORNER OF SECTION 32

- 5. Notice of the application for transfer was published on May 22, 2007, pursuant to OAR 690-380-4000. No comments were filed in response to the notice.
- 6. On September 10, 2007, the Department mailed a copy of the draft Preliminary Determination proposing to approve Transfer Application T-10382 to the applicant. The draft Preliminary Determination set forth a deadline of October 10, 2007, for the applicant to respond. On September 28, 2007, the applicant requested that the Department proceed with issuance of a Preliminary Determination with a minor clerical correction, and provided the necessary information to demonstrate that the applicant is authorized to pursue the transfer.
- 7. On October 5, 2007, the Department issued a Preliminary Determination proposing to approve Transfer T-10382 and mailed a copy to the applicant. Additionally, notice of the Preliminary Determination for the transfer application was published on the Department's weekly notice on October 9, 2007, pursuant to ORS 540.520 and OAR 690-380-4020. No protests were filed in response to the notice.

### Transfer Review Criteria (OAR 690-380-4010)

- 8. Water has been used within the last five years according to the terms and conditions of the right, and there is no information in the record that would demonstrate that the right is subject to forfeiture under ORS 540.610.
- 9. A pump and system sufficient to use the full amount of water allowed under the existing right were present within the five-year period prior to submittal of Application T-10382.
- 10. The proposed change would not result in enlargement of the right.
- 11. The proposed change would not result in injury to other water rights.

### **Conclusions of Law**

The change in point of appropriation proposed in application T-10382 appears to be consistent with the requirements of ORS 537.705 and 540.505 to 540.580 and OAR 690-380-5000.

### Now, therefore, it is ORDERED:

- 1. The change in point of appropriation proposed in application T-10382 is approved.
- 2. Water right certificate 23534 is cancelled.
- The right to the use of the water is restricted to beneficial use at the place of use described, and is subject to all other conditions and limitations contained in Certificate 23534 and any related decree.
- 4. Water shall be acquired from the same aquifer (water source) as the original point of appropriation.
- 5. The quantity of water diverted at the new point of appropriation, shall not exceed the quantity of water lawfully available at the original point of appropriation.
- 6. Prior to diverting water, the water user shall install an in-line flow meter, weir, or other suitable device for measuring and recording the quantity of water diverted. The type and plans of the measuring device must be approved by the Department prior to beginning construction and shall be installed under the general supervision of the Department. The water user shall maintain and operate the measuring device as required by the Department.
- 7. The approved changes shall be completed and full beneficial use of the water shall be made on or before **October 1, 2009**. A Claim of Beneficial Use prepared by a Certified Water Rights Examiner shall be submitted by the applicant to the Department within one year after the deadline for completion of the changes and full beneficial use of the water.
- 8. When satisfactory proof of the completed change is received, a new certificate confirming the right transferred will be issued.

Dated at Salem, Oregon this Min day of North 2007.

SUBJECT: Transfer Application T-10382

Please find enclosed the Preliminary Determination indicating that, based on the information available, the Department intends to approve application T-10382. This document is an intermediate step in the approval process; water may not be used legally as proposed in the transfer application until a Final Order has been issued by the Department. Please read this entire letter carefully to determine your responsibility for additional action.

A public notice is being published in the Department's weekly publication simultaneously with issuance of the Preliminary Determination. The notice initiates a 30-day period in which any person may file either a protest opposing the decision proposed by the Department in the Preliminary Determination or a standing statement supporting the Department's decision.

If no protest is filed, the Department will issue a Final Order consistent with the Preliminary Determination. You should receive a copy of the Final Order about 30 days after the close of the protest period.

If a protest is filed, the application may be referred to a contested case proceeding. A contested case provides an opportunity for the proponents and opponents of the decision proposed in the Preliminary Determination to present information and arguments supporting their position in a quasi-judicial proceeding.

Please do not hesitate to contact me at 503-986-0890 or Dorothy.I.PEDERSEN@wrd.state.or.us if you have questions.

# Notice of Preliminary Determination for Water Right Transfer T-10382

T-10382 filed by Huttig Building Products, Inc. c/o Dennis Dubitsky, 555 Maryville University Drive, St. Louis, Missouri, 63141, proposes a change in point of appropriation under Certificate 23534. The right allows the use of 0.5 cfs (priority date October 6, 1955) from a well in Sec. 32, T14S, R16E, W.M. (Deschutes Basin) for operation of a saw mill in Sec. 32. The applicant proposes to change the point of appropriation to a well approximately 0.2 mile to the southeast (Sec. 32, T14S, R16E, W.M.). The Water Resources Department has concluded that the proposed transfer appears to be consistent with the requirements of ORS Chapter 540 and OAR 690-380-5000. Any person may file, jointly or severally, with the Department a protest or standing statement within 30 days after the date of final publication of notice in the Department's weekly notice or of this newspaper notice, whichever is later. A protest form and additional information on filing protests may be obtained by calling (503) 986-0881. The last date of newspaper publication is [DATE OF LAST PUBLICATION]. If no protests are filed, the Department will issue a final order consistent with the preliminary determination.

Attention:

Ms. Dorothy Pedersen

Subject:

Application T-10382

Dear Ms. Pedersen:

On behalf of Huttig Building Products, Inc. (Huttig), and as the agent of record, receipt of your draft Preliminary Decision on the subject application is acknowledged. This letter transmits the requested report of ownership and lien information and a comment by Huttig.

The report of ownership and lien information, prepared by Amerititle and dated September 20, 2007, is enclosed. There are no liens recorded on the property. Note that the property owner's name on the enclosed report is Huttig Sash & Door Company. Also enclosed is a copy of the document that changed the name of Huttig Sash & Door Company to Huttig Building Products, Inc. in September 1999.

Huttig has the following comment to the draft Preliminary Decision:

1. The proposed point of appropriation listed in item No. 4, page 2, should be in Sec. 32. The other details in that table appear to be correct.

Thank you for your attention to this matter. Please contact me if you have any questions regarding this response or the attached documents.

Sincerely,

Bryan Douglass, P.É.

### RESTATED CERTIFICATE OF INCORPORATION

OF

### **HUTTIG SASH & DOOR COMPANY**

The name of the Corporation is HUTTIG SASH & DOOR COMPANY. The Corporation's original Certificate of Incorporation was filed with the Secretary of State of the State of Delaware on January 2, 1913.

This Restated Certificate of Incorporation restates and integrates and also further amends the Certificate of Incorporation of the Corporation, as heretofore amended and supplemented, and was duly adopted in accordance with the provisions of Section 242 and 245 of the General Corporation Law of the State of Delaware.

### ARTICLE I

The name of the corporation (hereinafter called the "Corporation") is Huttig Building Products, Inc.

### ARTICLE II

The address of the Corporation's registered office in the State of Delaware is Corporation Trust Center, 1209 Orange Street, Wilmington, Delaware 19801. The name of the Corporation's registered agent at such address is The Corporation Trust Company. The county is New Castle.

#### ARTICLE III

The purpose or purposes for which the Corporation is organized are to engage in any lawful act or activity for which a corporation may be organized under the General Corporation Law of Delaware.

#### ARTICLE IV

The total number of shares of all classes of stock which the Corporation shall have authority to issue is Fifty Million (50,000,000) shares of common stock, par value \$.01 per share ("Common Stock"), and Five Million (5,000,000) shares of preferred stock, par value \$.01 per share ("Preferred Stock").

The following is a description of each of the classes of stock of the Corporation and a statement of the powers, preferences, and rights of such stock, qualifications and restrictions thereof.

- (a) At all meetings of the shareholders of the Corporation the holders of the Common Stock shall be entitled to one vote for each share of Common Stock held by them respectively.
- (b) Shares of the Preferred Stock may be issued from time to time in one or more series as may from time to time be determined by the Board of Directors of the Corporation. Each series shall be distinctly designated. Except as otherwise provided in the resolution setting forth the designations and rights of the series of Preferred Stock, all shares of any one series of Preferred Stock shall be alike in every particular, except that there may be different dates from which dividends (if any) thereon shall be cumulative, if made cumulative. The relative preferences, participating, optional and other special rights of each such series, and limitations thereof, if any, may differ from those of any and all other series at any time outstanding. The Board of Directors of the Corporation is hereby expressly granted authority to fix by resolution or resolutions adopted prior to the issuance of any shares of each particular series of the Preferred Stock, the designation, preference, and relative, participating, optional or other rights, if any, or the qualifications, limitations or restrictions thereof, if any, of such series, including, but without limiting the generality of the foregoing, the following:
- (1) the distinctive designation of, and the number of shares of the Preferred Stock which shall constitute the series, which number may be increased (except as otherwise fixed by the Board of Directors) or decreased (but not below the number of shares thereof then outstanding) from time to time by action of the Board of Directors;
- (2) the rate and times at which, and the terms and conditions upon which, dividends, if any, on shares of the series may be paid, the extent of preferences or relation, if any, of such dividends to the dividends payable on any other class or classes of stock of the Corporation, or on any series of the Preferred Stock or of any other class or classes of stock of the Corporation, and whether such dividends shall be cumulative, partially cumulative or non-cumulative;
- (3) the right, if any, of the holders of shares of the series to convert the same into shares of any other class or classes of stock of the Corporation or any of its subsidiaries, and the terms and conditions of such conversion;
- (4) the right, if any, of the holders of shares of the series to exchange the same for any other class or classes of stock of the Corporation or any of its subsidiaries or for any other property that the Board of Directors may determine, and the terms and conditions of such exchange;
- (5) whether shares of the series shall be subject to redemption and the redemption price or prices and the time or times at which, and the terms and conditions upon which, shares of the series may be redeemed;

- (6) the rights, if any, of the holders of shares of the series upon voluntary or involuntary liquidation, merger, consolidation, distribution or sale of assets, dissolution or winding-up of the Corporation;
- (7) the terms of the sinking fund or redemption or purchase account, if any, to be provided for shares of the series; and
- (8) the voting powers, if any, of the holders of shares of the series which may, without limiting the generality of the foregoing, include the right, voting as a series by itself or together with other series of the Preferred Stock or all series of the Preferred Stock as a class, (1) to cast more or less than one vote per share on any or all matters voted upon by the shareholders, (2) to elect one or more directors of the Corporation in the event there shall have been a default in the payment of dividends on any one or more series of the Preferred Stock or under such other circumstances and upon such conditions as the Board of Directors may fix.
- (c) The relative preferences, rights and limitations of each series of Preferred Stock in relation to the preferences, rights and limitations of each other series of Preferred Stock shall, in each case, be as fixed from time to time by the Board of Directors in the resolution or resolutions adopted pursuant to authority granted in this Article IV, and the consent by class or series vote or otherwise, of the holders of the Preferred Stock of such of the series of the Preferred Stock as are from time to time outstanding shall not be required for the issuance by the Board of Directors of any other series of Preferred Stock whether the preferences and rights of such other series shall be fixed by the Board of Directors as senior to, or on a parity with, the preferences and rights of such outstanding series, or any of them; provided, however, that the Board of Directors may provide in such resolution or resolutions adopted with respect to any series of Preferred Stock that the consent of the holders of a majority (or such greater proportion as shall be therein fixed) of the outstanding shares of such series voting thereon shall be required for the issuance of any or all other series of Preferred Stock.
- (d) Subject to the provisions of the preceding paragraph (c), shares of any series of Preferred Stock may be issued from time to time as the Board of Directors shall determine and on such terms and for such consideration, not less than the par value thereof, as shall be fixed by the Board of Directors.

### ARTICLE V

### **Board of Directors**

Section 1. Number. The business and affairs of the Corporation shall be managed under the direction of the Board of Directors which shall consist of not less than three nor more than fifteen persons. The exact number of directors within the minimum and maximum limitations specified in the preceding sentence shall be fixed from time to time by the Board of Directors pursuant to a resolution adopted by a majority of the entire Board of Directors.

- Section 2. Election and Terms. The directors shall be divided into three classes, as nearly equal in number as reasonably possible, with the term of office of the first class to expire at the 2000 Annual Meeting of Stockholders, the term of office of the second class to expire at the 2001 Annual Meeting of Stockholders and the term of office of the third class to expire at the 2002 Annual Meeting of Stockholders. At each Annual Meeting of Stockholders, directors elected to succeed those directors whose terms expire shall be elected for a term of office to expire at the third succeeding Annual Meeting of Stockholders after their election.
- Section 3. Newly Created Directorships and Vacancies. Newly created directorships resulting from any increase in the authorized number of directors or any vacancies in the Board of Directors resulting from death, resignation, retirement, disqualification, removal from office or other cause shall be filled only by a majority vote of the directors then in office, and directors so chosen shall hold office for a term expiring at the Annual Meeting of Stockholders at which the term of the class to which they have been elected expires. No decrease in the number of directors constituting the Board of Directors shall shorten the term of any incumbent director.
- Section 4. Removal. Any director, or the entire Board of Directors, may be removed from office at any time, but only for cause and only by the affirmative vote of the holders of at least two-thirds of the voting power of the shares then entitled to vote at an election of directors, voting together as a single class.
- Section 5. Amendment, Repeal, etc. Notwithstanding anything contained in this Certificate of Incorporation to the contrary, the affirmative vote of the holders of at least two-thirds of the voting power of the then outstanding shares entitled to vote thereon pursuant to Article IV, voting together as a single class, shall be required to amend or repeal, or adopt any provisions inconsistent with, this Article V.

### ARTICLE VI

#### Stockholder Action

Any action required or permitted to be taken by the stockholders of the Corporation must be effected at a duly called annual or special meeting of stockholders of the Corporation and may not be effected by any consent in writing by such stockholders. Special meetings of stockholders of the Corporation may be called only by the Chairman of the Board of Directors or by the Board of Directors pursuant to a resolution approved by a majority of the entire Board of Directors. At a special meeting of the stockholders, only such business shall be conducted as shall be specified in the notice of meeting (or any supplement thereto). Notwithstanding anything contained in this Certificate of Incorporation to the contrary, the affirmative vote of the holders of at least two-thirds of the voting power of the then outstanding shares entitled to vote thereon pursuant to Article IV, voting together as a single class, shall be required to amend or repeal, or adopt any provisions inconsistent with, this Article VI.

### ARTICLE VII

### By-law Amendments

The Board of Directors shall have the power to make, alter, amend or repeal the By-laws of the Corporation by such vote as may be specified therein. The affirmative vote of the holders of two-thirds or more of the voting power of the then outstanding shares entitled to vote thereon pursuant to Article IV, voting together as a single class, shall be required for the stockholders to make, alter, amend or repeal the By-laws. Notwithstanding anything contained in this Certificate of Incorporation to the contrary, the affirmative vote of the holders of at least two-thirds of the voting power of the then outstanding shares entitled to vote thereon pursuant to Article IV, voting together as a single class, shall be required to amend or repeal, or adopt any provisions inconsistent with, this Article VII.

### ARTICLE VIII

No director of the Corporation shall be liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to the Corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the Delaware General Corporation Law, or (iv) for any transaction from which the director derived an improper personal benefit. If the General Corporation Law of the State of Delaware is hereafter amended to authorize corporate action further limiting or eliminating the personal liability of directors, then the liability of a director to the Corporation shall be limited or eliminated to the fullest extent permitted by the General Corporation Law of the State of Delaware, as so amended from time to time. No repeal or modification of this Article VIII, directly or by adoption of an inconsistent provision of this Certificate of Incorporation, by the stockholders of the Corporation shall be effective with respect to any cause of action, suit, claim or other matter, that, but for this Article VIII, would accrue or arise prior to such repeal or modification.

IN WITNESS WHEREOF, the Corporation has caused this Restated Certificate of Incorporation to be executed by the undersigned duly authorized officer on September 21, 1999.

# WATER RESOURCES DEPARTMENT REIMBURSEMENT AUTHORITY ESTIMATE APPLICATION

House Bill 2551 (2003 Oregon Laws) authorizes the Oregon Water Resources Department to expedite or enhance regulatory processes voluntarily requested under the agreement. The voluntary agreement can be entered into with any person requesting services and agreeing to pay the Department's costs of providing the service.

The Department has established a pool of qualified contractors to perform expedited services for water right transfers, water right permits extensions, and water right certificates.

The purpose of this application is to obtain an estimate from the next qualified contractor in the appropriate pool. There is a non-refundable application fee of \$125.00 per request. The contractor will provide an estimate of the cost and of the time required to process and develop a recommendation on the request of a: (check one):

RE: Installation of 6" Water Line

We are please to confirm our quote to supply all labor and material to install a 6" C-900 line from the existing 10" line.

Our price for this would be \$8,360.00. This is to be done on a time and material basis and could change depending upon tie-in parts at the well. This price will be good for 45 days due to the fluctuation in materials, primarily steel.

Exclusions: Digging and backfill of concrete.

Thank you for the opportunity to quote this project. We look forward to hearing from you soon.

Sincerely,

Jeremy Gordon

The Pitot Gauge has a precision, knife edge blade for steady, accurate positioning it the stream. The air chamber minimizes gauge fluctuations and also serves as a handle, which is covered by a large rabber grip. The guage is calibrated In 2-pound increments with large, black bold-faced easy-toread numbers.

### INSTRUCTIONS FOR USE:

To find Nozzle Discharge Pressure or Hydrant Pressure:

- Close drain cock.
- Hold pitot with guage fade up.
   Insert blade into stream until small hole is in exact center of nozzle discharge (see illustration).

  Read nozzle pressure on gauge.

  Refer to attached tables to datermine GPM flowing.

  Drain pitot through drain coch at base of handle.

  Keep gauge in carrying case when not in use.

- Pressure readings at openings un to 8" diameter

## **PITOT GAUGE**

- Measures Flow Pressure and Volume
- Made to Exact U/L Specifications

All Chrome **Plated Brass** 

Flg. No. 6177

For accurately taking pressure readings and determining water flow from openings up to 8" diameter. Gauge has 2 ib. calibrations guaranteed accurate to 1%. Has petcock for bleeding et. Moisture-proof, non-corrosive bronze brushed movement. Blade is chrome plated brass. Tube is 16%" long, weight is 30 ounces.

The Pitot Gauge has a precision, knife edge blade for steady, accurate positioning in the stream. The air chamber minimizes gauge fluctuations and also serves as a handle, which is covered by a large rubber grip. The guage is calibrated In 2-pound increments with large, black bold-faced easy-toread numbers.

### INSTRUCTIONS FOR USE:

To find Nozzle Discharge Pressure or Hydrant Pressure:

- Close drain cock.
- 2. Hold pitot with guage face up.
- Insert blade into stream until small hole is in exact center of nozzle discharge - (see illustration).
- Read nozzle pressure on gauge.
- Refer to attached tables to determine GPM flowing.
- Drain pitot through drain cock at base of handle.
- Keep gauge in carrying case when not in use.

## Watermaster Review Form: Water Right Transfer

Transfer Application: T-10382 Review Due Date: 6/20/07	
Applicant Name: <u>Dennis Dubitsky</u>	
Proposed Changes: POU POD POA USE OTHER	
Reviewer(s): Giffin Date of Review: May. 30, 2007	
1. Do you have information suggesting that the water rights may be subject to forfeiture?  Yes No If "Yes", describe the information and indicate if you intend to file a cancellation affidavit or if you need additional time to determine if a cancellation affidavit should be filed:	
2. Is there a history of regulation on the source that serves the right proposed for transfer that has involved the right and downstream water rights?   Yes No Generally characterize the frequency of any regulation or explain why regulation has not occurred:	
3. Check here if it appears that downstream water rights benefit from return flows resulting from the current use of the right?   If you check the box, generally characterize the locations where the return flows likely occur and list the water rights that benefit most:	
4. Are there upstream water rights that would be affected by the proposed change?  Yes No If "Yes", describe how the rights would be affected and list the rights most affected:	
5. For POD changes and instream transfers, check here if there are channel losses between the old and new PODs or within the proposed instream reach?   If you check the box, describe and, if possible, estimate the losses:	
6. Would distribution of water for the right after the proposed change result in regulation of other water rights that would not have occurred if use of the existing right was maximized?  Yes No If "Yes", explain:	
7. For POU changes, would the original place of use continue to receive water from the same source? Yes No N/A If "Yes", explain:	
8. For POU or USE changes, would use of the existing right at "full face value," result in the diversion of more water than can be used beneficially and without waste? Yes No If "Yes", explain:	
Are there other issues not identified through the above questions?  Yes  No If  "Yes", explain: I am unsure of what the old well produces, if they were benificially using  the whole amount due to supply, however I do not think that it should effect this transfer.

The holder of a water right may apply to permanently change an existing water use subject to transfer. A transfer application may involve any of the following changes: Point of diversion or appropriation (POD; POA); Additional point of diversion or appropriation (APOD; APOA); Historic POD (HIST); Place of use (POU); Character of use (USE); Instream (ISWR); Substitution (SUB); or Exchange (EXCH).

The holder of a water right subject to transfer may request to temporarily change the place of use of the water for up to 5 years and, if necessary to convey the water, to temporarily change the point of diversion or appropriation.

The holder of a water right permit may apply to change a point of diversion (POD) or appropriation (POA) or to change the place of use (POU).

Any person who provides comments within the comment period will receive a copy of the Department's preliminary determination of whether the application should be approved or rejected after the Department has completed a review of the application and will be provided an opportunity to protest the application and preliminary determination at that time. Comments should be sent to the Transfers Section at the Department's Salem office.

A change in: POU POD POA USE of water.  In the name(s) of Huttig Building Products. Ins/Dennis Dubitsky
In my opinion (assuming the right is valid), the proposed change
MAY BE MADE WITHOUT INJURY WOULD RESULT IN INJURY* to an existing water
right.
*The approval of this transfer application would result in injury to other water rights because
The existing right may not be valid because
Headgate notices <u>HAVE</u> <u>HAVE NOT</u> Been issued for diversion from the source(s)which serve(s) this right.
If for change in point of diversion, is there any intervening point(s) for diversion between the authorized and proposed points of diversion? (Yes or No)
In my opinion, the order approving the subject transfer application should include the following in regard to the appropriator installing suitable measuring devices in the diversion works:
(1) PRIOR to the diverting of water at the new point of diversion
(2) WHEN IN the judgement of the watermaster it becomes necessary
The enclosed copy of the transfer application and map(s) is for your records.

Subject:

Application T-10382

Dear Ms. Pedersen:

On behalf of Huttig Building Products, Inc. (Huttig), and as the agent of record, receipt of your draft Preliminary Decision on the subject application is acknowledged. This letter transmits the requested report of ownership and lien information and a comment by Huttig.

The report of ownership and lien information, prepared by Amerititle and dated September 20, 2007, is enclosed. There are no liens recorded on the property. Note that the property owner's name on the enclosed report is Huttig Sash & Door Company. Also enclosed is a copy of the document that changed the name of Huttig Sash & Door Company to Huttig Building Products, Inc. in September 1999.

Huttig has the following comment to the draft Preliminary Decision:

1. The proposed point of appropriation listed in item No. 4, page 2, should be in Sec. 32. The other details in that table appear to be correct.

Thank you for your attention to this matter. Please contact me if you have any questions regarding this response or the attached documents.

Sincerely,

Bryan Douglass, P.E.

SUBJECT: Application T-10382

Enclosed find a draft of our Preliminary Determination regarding transfer application T-10382. The document reflects the Department's conclusion that, based on the information currently available, the transfer will be approved. This draft is intended to provide you with an opportunity to comment on our findings and conclusions should you wish to do so. Please review the draft carefully to evaluate whether the document is consistent with your intent in seeking the transfer, and whether you agree with the proposed action.

At this time, you must submit a report of ownership and lien information prepared within the last three months by a title company. If there are additional lien holders identified in the report that have not previously been notified of the transfer, you must send notice of the transfer to them, and submit copies of each such notice to the Department to document that each lien holder has been informed of the transfer.

Issuance of the Preliminary Determination will occur shortly after we receive both your written response and the report of ownership and lien information. If we do not receive your response and the report by October 10, 2007, a Preliminary Determination may be issued denying the application as incomplete.

Please do not hesitate to contact me at 503-986-0890 or Dorothy.I.PEDERSEN@wrd.state.or.us if you have questions.

Sincerely,

Dorothy I. Pedersen

#### Authority

ORS 537.705 and 540.505 to 540.580 establish the process in which a water right holder may submit a request to transfer the point of appropriation, place of use, or character of use authorized under an existing water right. OAR Chapter 690, Division 380 implements the statutes and provides the Department's procedures and criteria for evaluating transfer applications.

#### Applicant

HUTTIG BUILDING PRODUCTS, INC. ATTN: DENNIS DUBITSKY 555 MARYVILLE UNIVERSITY DR. ST LOUIS, MO 63141

#### Findings of Fact

#### Background

- 1. On May 7, 2007, HUTTIG BUILDING PRODUCTS, INC. filed an application to change the point of appropriation under Certificate 23534. The Department assigned the application number T-10382.
- 2. The right to be transferred is as follows:

Certificate: 23534 in the name of ALEXANDER STEWART LUMBER CO. (perfected

under Permit G-54)

Use: STEAM GENERATION, FIRE PROTECTION AND DRINKING WATER IN

SAWMILL

Priority Date: OCTOBER 6, 1955

5. Notice of the application for transfer was published on May 22, 2007, pursuant to OAR 690-380-4000. No comments were filed in response to the notice.

#### Transfer Review Criteria (OAR 690-380-4010)

- 6. Water has been used within the last five years according to the terms and conditions of the right, and there is no information in the record that would demonstrate that the right is subject to forfeiture under ORS 540.610.
- 7. A pump and system sufficient to use the full amount of water allowed under the existing right were present within the five-year period prior to submittal of Application T-10382.
- 8. The proposed change would not result in enlargement of the right.
- 9. The proposed change would not result in injury to other water rights.

#### **Determination and Proposed Action**

The changes in point of appropriation proposed in application T-10382 appears to be consistent with the requirements of ORS 537.705 and 540.505 to 540.580 and OAR 690-380-5000. If protests are not filed pursuant to OAR 690-380-4030, the application will be approved.

If application T-10382 is approved, the final order will include the following:

- 1. The change in point of appropriation proposed in application T-10382 is approved
- 2. Water right certificate 23534 is cancelled.
- 3. The right to the use of the water is restricted to beneficial use at the place of use described, and is subject to all other conditions and limitations contained in Certificate 23534 and any related decree.

- 8. The proposed change would not result in enlargement of the right.
- 9. The proposed change would not result in injury to other water rights.

#### **Determination and Proposed Action**

The changes in point of appropriation proposed in application T-10382 appears to be consistent with the requirements of ORS 537.705 and 540.505 to 540.580 and OAR 690-380-5000. If protests are not filed pursuant to OAR 690-380-4030, the application will be approved.

If application T-10382 is approved, the final order will include the following:

- 1. The change in point of appropriation proposed in application T-10382 is approved
- 2. Water right certificate 23534 is cancelled.
- 3. The right to the use of the water is restricted to beneficial use at the place of use described, and is subject to all other conditions and limitations contained in Certificate 23534 and any related decree.

- 4. Water shall be acquired from the same aquifer (water source) as the original point of appropriation.
- 5. The quantity of water diverted at the new point of appropriation, shall not exceed the quantity of water lawfully available at the original point of appropriation.
- 6. Prior to diverting water, the water user shall install an in-line flow meter, weir, or other suitable device for measuring and recording the quantity of water diverted. The type and plans of the measuring device must be approved by the Department prior to beginning construction and shall be installed under the general supervision of the Department. The water user shall maintain and operate the measuring device as required by the Department.
- 7. The approved changes shall be completed and full beneficial use of the water shall be made on or before **October 1, 2009**. A Claim of Beneficial Use prepared by a Certified Water Rights Examiner shall be submitted by the applicant to the Department within one year after the deadline for completion of the changes and full beneficial use of the water.
- 8. When satisfactory proof of the completed changes is received, a new certificate confirming the right transferred will be issued.

Dated at Salem, Oregon this day of	2007.

Reference: Transfer 10382

On May 7, 2007 we received your water right transfer application requesting a change in point of appropriation for use of water from A WELL, tributary to MCKAY CREEK. The application was accompanied by \$350.00. Our receipt 87448 is enclosed.

By copy of this letter, we are asking the Watermaster for his report regarding the potential for injury to existing water rights which may be caused by the change.

Your application will be examined to determine if additional information is needed. You will be contacted following this examination. A number of other transfer applications are also awaiting review. As a result, it may be some time before we are able to process your application. If you wish to have your application processed more quickly, you may want to consider use of the Department's reimbursement authority. Under this authority an applicant may receive expedited review by paying the full cost for a pre-qualified contractor to process the applications. For more information on the Reimbursement Authority program, see our website at <a href="http://www.wrd.state.or.us/OWRD/mgmt\_reimbursement.shtml">http://www.wrd.state.or.us/OWRD/mgmt\_reimbursement.shtml</a> or call the transfer section.

Except as provided under ORS 540.510(3) for municipalities, you may not use water for the new use, in the new place of use or from the new point of diversion until the transfer application has been approved. In order to avoid any possible forfeiture of the water right, you should continue to use the water as described by your existing water right. If the land is sold before the transfer is approved, the buyer's consent to the transfer will be required unless a recorded deed or other legal document clearly established that the water right was not conveyed in the sale.

We will notify you if additional information or corrections to the application or map are required.

If you have any questions, please call the Transfer Section, (503)986-0883.

RE: Installation of 6" Water Line

We are please to confirm our quote to supply all labor and material to install a 6" C-900 line from the existing 10" line.

Our price for this would be \$8,360.00. This is to be done on a time and material basis and could change depending upon tie-in parts at the well. This price will be good for 45 days due to the fluctuation in materials, primarily steel.

Exclusions: Digging and backfill of concrete.

Thank you for the opportunity to quote this project. We look forward to hearing from you soon.

Sincerely,

Jeremy Gordon

The Pitot Gauge has a precision, knife edge blade for steady, accurate positioning in the stream. The air chamber minimizes gauge fluctuations and also serves as a handle, which is covered by a large rubber grip. The guage is calibrated in 2-pound increments with large, black bold-faced easy-to-read numbers.

#### INSTRUCTIONS FOR USE:

To find Nozzle Discharge Pressure or Hydrant Pressure:

1. Close drain cock.

58

1278

- 2. Hold pitot with guage face up.
- Insert blade into stream until small hole is in exact center of nozzle discharge - (see illustration).
- 4. Read nozzle pressure on gauge.
- 5. Refer to attached tables to determine GPM flowing.
- 6. Drain pitot through drain cock at base of handle.
- 7. Keep gauge in carrying case when not in use.

Pressure readings at openings up to 8" diameter

# PITOT GAUGE

- Measures Flow Pressure and Volume
- Made to Exact U/L Specifications

All Chrome Plated Brass

Flg. No. 6177

For accurately taking pressure readings and determining water flow from openings up to 8" diameter. Gauge has 2 lb. calibrations guaranteed accurate to 1%. Has petcock for bleeding air. Moisture-proof, non-corrosive bronze brushed movement. Blade is chrome plated brass. Tube is 16%" long, weight is 30 ounces.

Fig. No. 6177-C CASE White steel carrying case with foam lining.

#### IMPORTANT:

The pitot gauge is an instrument, so extra care should be given it to insure long, accurate service.

- 1. Do not drop.
- 2. Keep clean so as not to plug small water tubes.
- 3. Protect blade so as not to damage knife edge.

#### RESTATED CERTIFICATE OF INCORPORATION

OF

#### HUTTIG SASH & DOOR COMPANY

The name of the Corporation is HUTTIG SASH & DOOR COMPANY. The Corporation's original Certificate of Incorporation was filed with the Secretary of State of the State of Delaware on January 2, 1913.

This Restated Certificate of Incorporation restates and integrates and also further amends the Certificate of Incorporation of the Corporation, as heretofore amended and supplemented, and was duly adopted in accordance with the provisions of Section 242 and 245 of the General Corporation Law of the State of Delaware.

# ARTICLE I

The name of the corporation (hereinafter called the "Corporation") is Huttig Building Products, Inc.

#### ARTICLE II

The address of the Corporation's registered office in the State of Delaware is Corporation Trust Center, 1209 Orange Street, Wilmington, Delaware 19801. The name of the Corporation's registered agent at such address is The Corporation Trust Company. The county is New Castle.

# ARTICLE III

The purpose or purposes for which the Corporation is organized are to engage in any lawful act or activity for which a corporation may be organized under the General Corporation Law of Delaware.

#### ARTICLE IV

The total number of shares of all classes of stock which the Corporation shall have authority to issue is Fifty Million (50,000,000) shares of common stock, par value \$.01 per share ("Common Stock"), and Five Million (5,000,000) shares of preferred stock, par value \$.01 per share ("Preferred Stock").

The following is a description of each of the classes of stock of the Corporation and a statement of the powers, preferences, and rights of such stock, qualifications and restrictions thereof.

RECEIVED

WATERRESOURCES DEP SALEM OREGON

- (a) At all meetings of the shareholders of the Corporation the holders of the Common Stock shall be entitled to one vote for each share of Common Stock held by them respectively.
- (b) Shares of the Preferred Stock may be issued from time to time in one or more series as may from time to time be determined by the Board of Directors of the Corporation. Each series shall be distinctly designated. Except as otherwise provided in the resolution setting forth the designations and rights of the series of Preferred Stock, all shares of any one series of Preferred Stock shall be alike in every particular, except that there may be different dates from which dividends (if any) thereon shall be cumulative, if made cumulative. The relative preferences, participating, optional and other special rights of each such series, and limitations thereof, if any, may differ from those of any and all other series at any time outstanding. The Board of Directors of the Corporation is hereby expressly granted authority to fix by resolution or resolutions adopted prior to the issuance of any shares of each particular series of the Preferred Stock, the designation, preference, and relative, participating, optional or other rights, if any, or the qualifications, limitations or restrictions thereof, if any, of such series, including, but without limiting the generality of the foregoing, the following:
- (1) the distinctive designation of, and the number of shares of the Preferred Stock which shall constitute the series, which number may be increased (except as otherwise fixed by the Board of Directors) or decreased (but not below the number of shares thereof then outstanding) from time to time by action of the Board of Directors;
- (2) the rate and times at which, and the terms and conditions upon which, dividends, if any, on shares of the series may be paid, the extent of preferences or relation, if any, of such dividends to the dividends payable on any other class or classes of stock of the Corporation, or on any series of the Preferred Stock or of any other class or classes of stock of the Corporation, and whether such dividends shall be cumulative, partially cumulative or non-cumulative;
- (3) the right, if any, of the holders of shares of the series to convert the same into shares of any other class or classes of stock of the Corporation or any of its subsidiaries, and the terms and conditions of such conversion;
- (4) the right, if any, of the holders of shares of the series to exchange the same for any other class or classes of stock of the Corporation or any of its subsidiaries or for any other property that the Board of Directors may determine, and the terms and conditions of such exchange;
- (5) whether shares of the series shall be subject to redemption and the redemption price or prices and the time or times at which, and the terms and conditions upon which, shares of the series may be redeemed;

- (6) the rights, if any, of the holders of shares of the series upon voluntary or involuntary liquidation, merger, consolidation, distribution or sale of assets, dissolution or winding-up of the Corporation;
- (7) the terms of the sinking fund or redemption or purchase account, if any, to be provided for shares of the series; and
- (8) the voting powers, if any, of the holders of shares of the series which may, without limiting the generality of the foregoing, include the right, voting as a series by itself or together with other series of the Preferred Stock or all series of the Preferred Stock as a class, (1) to cast more or less than one vote per share on any or all matters voted upon by the shareholders, (2) to elect one or more directors of the Corporation in the event there shall have been a default in the payment of dividends on any one or more series of the Preferred Stock or under such other circumstances and upon such conditions as the Board of Directors may fix.
- Preferred Stock in relation to the preferences, rights and limitations of each series of Preferred Stock in relation to the preferences, rights and limitations of each other series of Preferred Stock shall, in each case, be as fixed from time to time by the Board of Directors in the resolution or resolutions adopted pursuant to authority granted in this Article IV, and the consent by class or series vote or otherwise, of the holders of the Preferred Stock of such of the series of the Preferred Stock as are from time to time outstanding shall not be required for the issuance by the Board of Directors of any other series of Preferred Stock whether the preferences and rights of such other series shall be fixed by the Board of Directors as senior to, or on a parity with, the preferences and rights of such outstanding series, or any of them; provided, however, that the Board of Directors may provide in such resolution or resolutions adopted with respect to any series of Preferred Stock that the consent of the holders of a majority (or such greater proportion as shall be therein fixed) of the outstanding shares of such series voting thereon shall be required for the issuance of any or all other series of Preferred Stock.
- (d) Subject to the provisions of the preceding paragraph (c), shares of any series of Preferred Stock may be issued from time to time as the Board of Directors shall determine and on such terms and for such consideration, not less than the par value thereof, as shall be fixed by the Board of Directors.

## ARTICLE V

#### Board of Directors

Section 1. Number. The business and affairs of the Corporation shall be managed under the direction of the Board of Directors which shall consist of not less than three nor more than fifteen persons. The exact number of directors within the minimum and maximum limitations specified in the preceding sentence shall be fixed from time to time by the Board of Directors pursuant to a resolution adopted by a majority of the entire Board of Directors.

- Section 2. Election and Terms. The directors shall be divided into three classes, as nearly equal in number as reasonably possible, with the term of office of the first class to expire at the 2000 Annual Meeting of Stockholders, the term of office of the second class to expire at the 2001 Annual Meeting of Stockholders and the term of office of the third class to expire at the 2002 Annual Meeting of Stockholders. At each Annual Meeting of Stockholders, directors elected to succeed those directors whose terms expire shall be elected for a term of office to expire at the third succeeding Annual Meeting of Stockholders after their election.
- Section 3. Newly Created Directorships and Vacancies. Newly created directorships resulting from any increase in the authorized number of directors or any vacancies in the Board of Directors resulting from death, resignation, retirement, disqualification, removal from office or other cause shall be filled only by a majority vote of the directors then in office, and directors so chosen shall hold office for a term expiring at the Annual Meeting of Stockholders at which the term of the class to which they have been elected expires. No decrease in the number of directors constituting the Board of Directors shall shorten the term of any incumbent director.
- Section 4. Removal. Any director, or the entire Board of Directors, may be removed from office at any time, but only for cause and only by the affirmative vote of the holders of at least two-thirds of the voting power of the shares then entitled to vote at an election of directors, voting together as a single class.
- Section 5. Amendment, Repeal, etc. Notwithstanding anything contained in this Certificate of Incorporation to the contrary, the affirmative vote of the holders of at least two-thirds of the voting power of the then outstanding shares entitled to vote thereon pursuant to Article IV, voting together as a single class, shall be required to amend or repeal, or adopt any provisions inconsistent with, this Article V.

# ARTICLE VI

#### Stockholder Action

Any action required or permitted to be taken by the stockholders of the Corporation must be effected at a duly called annual or special meeting of stockholders of the Corporation and may not be effected by any consent in writing by such stockholders. Special meetings of stockholders of the Corporation may be called only by the Chairman of the Board of Directors or by the Board of Directors pursuant to a resolution approved by a majority of the entire Board of Directors. At a special meeting of the stockholders, only such business shall be conducted as shall be specified in the notice of meeting (or any supplement thereto). Notwithstanding anything contained in this Certificate of Incorporation to the contrary, the affirmative vote of the holders of at least two-thirds of the voting power of the then outstanding shares entitled to vote thereon pursuant to Article IV, voting together as a single class, shall be required to amend or repeal, or adopt any provisions inconsistent with, this Article VI.

# ARTICLE VII

#### By-law Amendments

The Board of Directors shall have the power to make, alter, amend or repeal the By-laws of the Corporation by such vote as may be specified therein. The affirmative vote of the holders of two-thirds or more of the voting power of the then outstanding shares entitled to vote thereon pursuant to Article IV, voting together as a single class, shall be required for the stockholders to make, alter, amend or repeal the By-laws. Notwithstanding anything contained in this Certificate of Incorporation to the contrary, the affirmative vote of the holders of at least two-thirds of the voting power of the then outstanding shares entitled to vote thereon pursuant to Article IV, voting together as a single class, shall be required to amend or repeal, or adopt any provisions inconsistent with, this Article VII.

# ARTICLE VIII

No director of the Corporation shall be liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to the Corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the Delaware General Corporation Law, or (iv) for any transaction from which the director derived an improper personal benefit. If the General Corporation Law of the State of Delaware is hereafter amended to authorize corporate action further limiting or eliminating the personal liability of directors, then the liability of a director to the Corporation shall be limited or eliminated to the fullest extent permitted by the General Corporation Law of the State of Delaware, as so amended from time to time. No repeal or modification of this Article VIII, directly or by adoption of an inconsistent provision of this Certificate of Incorporation, by the stockholders of the Corporation shall be effective with respect to any cause of action, suit, claim or other matter, that, but for this Article VIII, would accrue or arise prior to such repeal or modification.

IN WITNESS WHEREOF, the Corporation has caused this Restated Certificate of Incorporation to be executed by the undersigned duly authorized officer on September 21, 1999.

Good morning Bill,

The groundwater review is completed for T-10382. I haven't thought it worth it to scan the review form, because it just indicates that the change can be made without injury to other rights. No details are given. Are you OK with that?

Hi Bill,

Your estimate for T-10382 looks reasonable to me. Attached is the watermaster review for this application. I'll send you the groundwater review when it is completed.

Also attached are templates for the project, so you'll be ready to begin once you have a work order.

This one looks like it should be considerably simpler than some of your other transfer projects. The place of use is not listed on the transfer application or map, so we need to ask for clarification. Since this is a right with only one quarter-quarter and no acreage, there is no place of use change, and the final proof survey map identifies the place of use, OAR 690-380-3100(2)(d) allows the final proof survey map to be substituted to show the place of use, if the entire right is to be affected.

Ideally the applicant would have listed the place of use on the application, specifically stated that the entire right was to be affected, and have asked in advance for approval to substitute the final proof map. In this case, there are indications that the entire right is to be affected, since no portion has been identified as NOT being included, and they are planning to abandon the authorized well. So, go ahead and draft the document under that assumption and state in the cover letter the assumption that was used in drafting the document, then ask for confirmation that the assumption was correct, or an explanation of what is intended.

Let me know if you have questions, Dorothy

Headgate notices <u>HAVE</u> <u>HAVE NOT</u> Been issued for diversion from the source(s)which serve(s) this right.
If for change in point of diversion, is there any intervening point(s) for diversion between the authorized and proposed points of diversion? (Yes or No)
In my opinion, the order approving the subject transfer application should include the following in regard to the appropriator installing suitable measuring devices in the diversion works:
(1) PRIOR to the diverting of water at the new point of diversion
(2) WHEN IN the judgement of the watermaster it becomes necessary

The enclosed copy of the transfer application and map(s) is for your records.

If "Yes", for <u>each</u> authorized point of appropriation (well) involved, you must either:

A. Supply a copy of the well log(s) for <u>each</u> point of appropriation that is clearly labeled and associated with the corresponding well in the table above and on the accompanying application map. (<u>NOTE</u>: You may search for well logs on the Department's web page at: <a href="http://www.wrd.state.or.us">http://www.wrd.state.or.us</a>)

<u>or</u>

B. If a well log is <u>not</u> available, you must describe the construction of the authorized point of appropriation by completing the table below. Attach additional copies as necessary.

Construction of Existing Authorized Point(s) of Appropriation – (Only needed if <u>no</u> well log is available.)

Wells in this listing must be clearly tied to corresponding well location(s) described in the table above and shown on the accompanying application map.

COMMENTS

"TO" WELL (CROO 1573) OBTAINS WATER FROM NEAR THE BASE OF A QUATERNARY SEDIMENTARY DEPOSIT (FLUVIOLACUSTRINE OF ROBINSON AND PRICE (1963)). GW FLOW DIRECTION IS TOWARDS THE CROOKED RIVER. "FROM" WELL IS POA (CROO 1374/1575) ON G-54. BOTH WELLS APPEAR TO PRODUCE FROM THE SAME AQUIFER.
