**BEFORE THE WATER RESOURCES DEPARTMENT
OF THE
STATE OF OREGON**

In the Matter of Transfer Application	)	FINAL ORDER APPROVING A
T-10385, Marion County	)	TEMPORARY CHANGE IN PLACE OF
	)	USE

Authority

ORS 537.705 and 540.505 to 540.580 establish the process in which a water right holder may submit a request to temporarily transfer the place of use and, if necessary to convey the water to the temporary place of use, the point of appropriation authorized under an existing water right. OAR Chapter 690, Division 380 implements the statutes and provides the Department's procedures and criteria for evaluating transfer applications.

Applicant

Richard Hammelman
9495 MERIDIAN RD NE
MOUNT ANGEL OR 97362

Findings of Fact

1. On May 14, 2007, Richard Hammelman filed an application to temporarily change the place of use under Certificate 34069 for a period of two years. The Department assigned the application number T-10385.
2. The portion of the right to be transferred is as follows:

Certificate: 34069 in the name of W. Douglas Harris (perfected under Permit G-2773)

Use: IRRIGATION of 26.0 ACRES

Priority Date: SEPTEMBER 21, 1964

Rate: 0.32 CUBIC FOOT PER SECOND (cfs)

Limit/Duty: ONE-EIGHTIETH cfs per acre, not to exceed 2.5 acre-feet per acre during the irrigation season of each year

Source: A WELL in the BUTTE CREEK BASIN

NOTICE OF RIGHT TO PETITION FOR RECONSIDERATION OR JUDICIAL REVIEW

This is an order in other than a contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review must be filed within the 60 day time period specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080, you may either petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

Authorized Place of Use:

IRRIGATION					
Twp	Rng	Mer	Sec	Q-Q	Acres
6 S	1 E	WM	7	SW SW	1.0
6 S	1 E	WM	18	NW NW	25.0

3. Application T-10385 also proposes to change the place of use of the right to:

IRRIGATION					
Twp	Rng	Mer	Sec	Q-Q	Acres
6 S	1 E	WM	7	SW SW	26.0

4. Notice of the application for temporary transfer was published on May 22, 2007, pursuant to ORS 540.520 and OAR 690-380-4000. No comments were filed in response to the notice.
5. Water has been used within the last five years according to the terms and conditions of the right, and there is no information in the record that would demonstrate that the right is subject to forfeiture under ORS 540.610.
6. A pump, pipeline, and sprinkler system sufficient to use the full amount of water allowed under the existing right were present within the five-year period prior to submittal of Application T-10385.
7. The proposed change would not result in enlargement of the right.
8. The proposed change would not result in injury to other water rights. This finding is made through an abbreviated review recognizing that the transfer may be revoked under ORS 540.523(6) if the Department later finds that the transfer is causing injury to any existing water right.

Conclusions of Law

The temporary change in place of use proposed in application T-10385 is consistent with the requirements of ORS 540.523 and OAR 690-380-8000.

Now, therefore, it is ORDERED:

9. The change in place of use proposed in application T-10385 is approved.
10. The former place of use **shall not** be irrigated as part of this water right during the 2007 and 2008 irrigation seasons.
11. The use shall revert to the authorized place of use at the end of the 2008 irrigation season.
12. The approval of this temporary transfer may be revoked or modified if the Department finds the change causes injury to any existing water right.

13. A subsequent application for permanent transfer of Certificate 34069 shall be subject to a full and complete review to determine consistency with the requirements of OAR Chapter 690, Division 380. Approval of this temporary transfer does not establish a precedent for approval of a subsequent application filed for a permanent transfer.
14. The use of water at the temporary place of use authorized by this transfer shall be in accordance with the terms and conditions of Certificate 34069.
15. The time during which water is used under this approved temporary transfer does not apply toward a finding of forfeiture under ORS 540.610.
16. When required by the Department, the water user shall install an in-line flow meter or other suitable device for measuring and recording the quantity of water used. The type and plans of the measuring device must be approved by the Department prior to beginning construction and shall be installed under the general supervision of the Department.
17. The use of the remaining water right described by Certificate 34069 shall continue to be in accordance with the terms and conditions of Certificate 34069.

Dated at Salem, Oregon this 22nd day of June 2007.

Reference: Temporary Transfer 10385

On May 14, 2007 we received your water right transfer application requesting place of use change for use of water from A WELL, tributary to BUTTE CREEK. The application was accompanied by \$201.00. Our receipt 87569 is enclosed.

By copy of this letter, we are asking the Watermaster for his report regarding the potential for injury to existing water rights which may be caused by the change.

Pursuant to OAR 690-380-8010, the lands from which an irrigation water right is to be transferred and the land to which the right is to be transferred may not both receive water during the same season. If the temporary transfer is approved during an irrigation season and water has already been used at the currently authorized location during that season, then the temporary transfer will not take effect until the following season.

We will notify you if additional information or corrections to the application or map are required.

If you have any questions, please call the Transfer Section, (503)986-0900.
